内容はゾンビパニック!と同じです

A heart is broken and maybe over on the way.

However, I do my best.

The contents are the same as a zombie panic.

I try so hard that I become original and real.

If there is the place where I am sure of the government become strange with politics because I do not know a lot, please teach it. Please include how I should do it.

I want you to refrain from the one 15 years or younger.

I do not do the end. I may use the grotesque expression.

... that I became a high school student early, and a half year

ar passed  
I am used to school life, and  
will the friend made...?  
• • Oh, \*... that daily life

## Escape! tou!!! (前書き)

From an opening have a series  
of. When it is hard to read, I  
am improved for an impression,  
and please plot it.

I am unplaned for the moment.  
(laughter)

If... mind turns though there  
is no help for it because the  
wrong character is stumbling,  
I clear it.

**E s c a p e !   t o u ! ! !**

The outside began to become noisy, and several minutes passed, and the teacher began to be displeased, too, and approached a window.

Was there... what which them overment of the... teacher who just opened the curtain staye din?

... which the... teacher rushed into the neighboring staff room suddenly when I heard whether I did something about a teacher", and has begun to make noise something or other on the telephone.

It was the teacher of the imaginary that was the non-Japanese Society for Animal Psychology, but how does always did it?

A guy behind talks to me.

"I would work as nephew, Nakamura... teacher how"

>Jiro Yokozawa< I am a one-sideded guy thinking that it is friends before the name of this fellow.

. . . (the front window has bad  
complexion why?) to return whe  
n "I know it or did not have s  
ome problem forth"  
". . . said so whether I looked  
so" and stood up and opened th  
e window.  
"wow!" Yokozawa cries. A sme  
lly smell assailed a nose when  
I stood up all the time  
The person of the window opene  
d a curtain.  
. . . that there was not everyda  
y scenery.  
The familiar scenery was succe  
ssful, and the first page was  
bright red, and the student wi  
th the bat and a guy tattered  
from head to foot developed a  
battle.  
Some people gentle at heart wh  
om a person fell in the area g  
o to the medical treatment in  
a hurry.  
However, . . . that the man of t  
he bat which looked like super  
iority begins to be overwheleme  
d. The tattered person does no  
t receive the attack on the he  
ad since a little while ago, b

ut stands up as if nothing hap  
pened even if I fall down how  
many times.  
Possibly, as for this, . . . has  
a bad feeling among . . . me.  
It was bitten a bat man!  
It is the power of the chin ho  
w! The arm of the man of the b  
at is had.  
A person toward the medical tr  
eatment approaches that fellow  
and boyhood is と story or kic  
ks it.  
It is bitten the person whom I  
approached at the moment. And  
the man of the bat and the in  
jured person of the area stood  
up and approached a window.  
I close Yokozawa, a window.  
I scatter the contents of the  
attending school rucksack in t  
he area.  
I am seen with strange eyes, b  
ut do not mind it.  
And it is attached Maglite (wi  
th a case attached to the belt)  
by a rucksack!  
I always carry this since a ma  
jor earthquake in this way! An  
d I take out the sports shoes

in the locker from sandals and wear it. Every body of the class runs away to the corridor. It is Yokozawa who I take out a broom from a cleaning locker, and takes the point does it in the same way, and to empty a rucksack into (there is not M aglite), but such a thing does not care it, and I go out of the window. The guys of a little while ago seemed to go to the entrance.

: I hear scream.

When met guys, what did you intend to do;...?

Clear!

There are not guys. I put three kitchen knives in a rucksack towards the home economics room and catch one in the belt and touch it on the broom of a little while ago with packing tape, a rubber band (I collect both in a classroom).

Is a spear; but, can open the completion window whether is a Japanese halberd; and out side; appear.

Guys appeared at once!

But after all movement is slow  
 ! . . which it stings heart, b  
 ut moves commonly.  
 "The power is strong, too!"  
 I have complained unintentiona  
 lly.  
 I let it out of heart once and  
 take distance.  
 If "here is no use, I aim at a  
 head"! "  
 "u o o o o!" The stroke that rais  
 ed a strange cry! I miss a bal  
 l without dealing with a brain!  
 Just take distance while becom  
 ing the panic; and from . .  
 One of them! . . that the . .  
 monster equal to the head fall  
 s down as for this plainly.  
 . . which I have done it, and .  
 . does not intend to do in . .  
 rest mind  
 . . this is setting of the c  
 ommon zombie! . . which begins  
 to walk to go to the house in  
 spite of being と though first  
 t of all.

By the way, I was able to escape without a difficulty, but I was hailed suddenly by a school when I began to walk while thinking how it was the thing which I had.

Though because was attached since a little while ago, and though that was Yokozawa, ignorant it; . . .

Where where there was it, and Yokozawa did not follow did you perform it?

Because I was asked apart from it when "I asked you a question, but was entrance into a school of higher grade for the time being", "yes", held it first of all and answered it.

By the way, I do not yet look back.

Judging from a voice, it was a classmate woman or that . . . as if I looked back in spite of being と thought before "oh, . . .". "murder it unintentionally", and a school bus was same p

people.  
"wow, you, Nakamura" or one said  
I am a rough feeling; "survived well". It was serious, and the person of the entrance says to a girl of the which I talked to  
Would... which the "... not having returned be a very miserable scene?  
"I hear that I hate bad... , and I apologize for... for the time being.  
As for the three partners, one is a man like that place, and MIT UKI, a man are MORI KOJI and not her girl what they hung it as story in TISAKI  
I talk to MORI. "I go home first of all and love the safety confirmation of the family and think that this case is too late if the scale is big, but  
"Yes, I sulked in the street", and MORI agreed, too  
I am thankful for... which provoked it when, however, the direction is the same and does not go together that the all

he members is far.  
Of course I decided to go together.  
Because I am gentleman... for the time being, I look good and say.  
I suggested it when "I surrounded the girl"  
I will go with the form.  
. . . which did not know how strong a woman was then.  
Because there is a home center near in what a problem about the food was cited in, the next I will go there.  
I had my eyes for such a situation for some time.  
Beginning to walk; and several minutes later. . .  
It is a forest to have noticed.  
"Is it a monster of a little while ago that there is forward?"  
I take down a rucksack and I take out a kitchen knife and I throw it from the inside and start a blade. I do not yet use a thing of a belt  
There is just us towards there  
ear of guys.

I took out the telescope which I used for bird watching only for one eye and looked and understood it

"... which there is not so many though the enemy is ten or more"

Although "the girl should not neglect the caution to the wait circumference", I handed the kitchen knife of the rucksack

The forest has good... which set up the bat, and there is the cupboard which I brought in the other side of the school gate

Two people said, "they overdid it" with caution"

At first acquaintance, I stick a kitchen knife into the head of the monster calmly slowly. Murder you without a hesitation;

The forest swings down a bat at the same time, too.

I pulled a kitchen knife out of a head without minding the victim's blood that blood breaks out from a head, and throw it!

I fell down in front to set u

p the spear what it was.  
A kitchen knife seemed to stick  
well.  
I just cut it down aside and a  
ct violently. . . to change to  
the tactics the basic beat i  
t because I was not sharp, and  
to defeat.  
I defeated it by a series of w  
ork I smashed it and put dista  
nce, and to approach at a stre  
tch.  
And I make a stroke, and it is  
finished by the brain of the  
last guy!  
I say it; "extermination compl  
etion!" I was able to say cool!  
I am pleased together with "a  
good job" and a forest.  
What they were pleased with is  
transient, and two bodies app  
roach towards a girl. TISAKI s  
ets up the kitchen knife, but  
is unpreliable  
It approached immediately and  
exterminated it in MORI and w  
o people.  
I shook when I heard whether  
I was all right."  
MITUKI said.

"I am all right"

However, a feeling, the complexion that I looked at do not seem to be all right.

(which is not available the complexion in the of MORI and talks (MORI when they seem to need time to calm down" either Anyway, everybody agrees to suggest that whether I move, and let's take a rest and hurries in the point

And I did not meet the monster either and supported Home Center without a difficulty.

There is not the barricade in particular.

... which the person is not there

And we went.

A shop is quiet.

It is lighted.

In other words ... which was not cut off.

When "I took the field of vision widely, and I taught what it was if I found" it, I direct everybody.

Everybody nods in it.

I suggested whether MORI "share

ed to two" here.  
I was slightly uneasy  
All the members agreed.  
I want to end it and am... ea  
rly?  
In team A, I and Mizuki, team B  
are MORI and TISAKI  
... which a search begins in f  
rom now on.
