Wondering why I'm necroposting this thread?

I checked Regina's email (which I haven't done in a while) and saw this.

Hi,  
  
It's been a long time. I am writing to beg you to please remove my name from your website. It has been many years and you have served me with a valuable life lesson. I am willing to do anything within reason to end this part of my life. Media Slayer is dead and gone and I have learned the error of my ways  
  
Please, please, please, remove my name from your site. I just want to forget that any of this bad stuff had happened. I am so sorry that I fought with you and acted immature. I really brought it on myself but I am appealing to your humanity that you please make this stop.  
  
My wife and I are planning on having kids soon and I don't want them to search my name one day and see all of this. Like I said I am willing to do anything within reason to end this once and for all.  
  
Thank you,  
  
Arthur

This is actually from December 2014 so it's obviously several months old. But anyway, part of me wants to just take the site down because who fucking cares? At the same time though, he made a bunch of threats hoping Regina would get raped.

Don't give Russian shit. He's not the ones putting nukes on his boarders. NATO has stuffed up to many times.

I'm just going to take it down. Arthur Fudgeo seems to be toned down, non-relevant and essentially a non-internet presence.

I have the site mirrored anyway so I can throw it back up if I ever need to.

HOLY FUCK WHERE HAVE YOU BEEN.

Speaking of media slayers, update: I got an email from Fudgie a week ago thanking me for taking down the troll site.

Whether you feel that is right or not, always remember, we slayed media slayer.

I totally stumbled on this today, which is why I cam necroposting this hardcore.

It's a boring jack-off session of a bunch of beautiful snowflake nerds with no taste. I watched the whole thing. You shouldn't. But it features Vegan Missiles talking about how she got involved with this fucking garbage site. Also, she refers to Arthur Fudge as "he who must not be named"

Weird bad blood between them I guess?

Strange trip down memory lane.
