Define what is "regular" by pvcc standards. The ones I view as regulars are ones with colored names, high post counts, and Pretty much anyone in the mixed feelings thread. A person who just made that thread would've had to discovered that post just recently. If it was a regular say *me* for example, wouldn't that post have been leaked alot sooner?

Not necessarily. Maybe they just decided to go back and snag something.

Point is, we don't know. We never know really.

Without an IP from Dagon all we can do is make guesses, and even then they could have used a proxy or something so we might not see it. And FS is right, this may be a regular. My point is, like Sully said, without any evidence this just going to be a witch hunt. That said, I'm all for banning lurkers. Greymonchu has been lurking recently and very rarely does anything.

Yeah I checked the IP and it was a proxy.

Well, the only thing we can do is ban the lurkers.

TIDE: Maybe we can try fishing them out.

Yes. Tito probably just misspoke, though.

This is what I meant by not a regular; this person's name means nothing to me, or would make me go, "oh they're never here".

I'm fine with banning everyone like this. And if JULAY isn't banned already they're about to be. They never use it and then bitched when we said we were going to deactivate people, but hasn't done shit to make up for inactivity.

Edit: Banned. I'm in no way saying this was them, just I thought of this user and how they begged not to be deactivated. Nah mate, just nah.

Honestly, after all of the other shitshows we've had about lurkers, i've been totally for banning all inactive accounts without warning. Civility has done nothing but get us spat on by these fuckers, and in the event one or more of them is causing problems, they should all go.

In general, lurking is pointless. There are no chris updates to read up on here, /cwc/ will know all about the trial or whatever. There's no need to lurk here. We're just a group of friends now, and if you don't want to talk to us then you have no place here.

Yeah, it just disappoints me anybody here is a big enough faggot to like, sincerely give a shit about /cwc/'s opinion and thinks they're worth talking to.
