Worst of PVCC
By Deane • 23 Sep 2014, 15:08

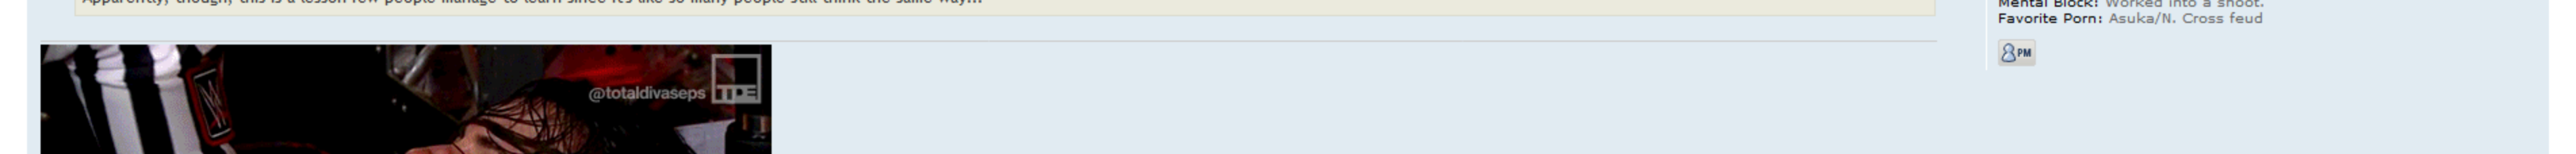

Fuck it. Its comes up its a couple different threads lately so may as well make a thread here's a designated place to talk about porfy shit people have said here before. Would probably be sensible to have a care about people who are still posters here but fuck it, everyone who's still posting here is a grown adult who can make that judgement call.

May as well kick off with the classic...

You know, back around 2008 when I was almost a loner-shit, I used to be deadly afraid of breaking the ice even if I saw a girl at the goddamn time. Mainly, I was deadly afraid of fucking up and ruining any future chance with her into the ground.

Eventually I realized that this happened when I didn't even know the girl yet I was already picturing how I would reage her genitalia once I lost my virginity to her. I stopped making these sick fantasies and unrealistic expectations, and suddenly, breaking the ice became easy as fuck!

Apparently, though, this is a lesson few people manage to learn since it's like so many people still think the same way...

Recently met the first girl in YEARS that I can actually consider a friend. She's a die hard HOOTE TOOS fan and often cosplays as Ava Shanenrau or Monji Kubahiki. I also got along pretty fine with these two girls who have respectably cosplayed Saburo and Fandora, and the other dude who cosplays Tuburo and is the craziest dude in the whole world, that kind of raw crap that an engineering school could shape into a White Tude kind of crap. Also, ever since I met this dude who's the top Smash Melee player in the entire city and is the only handfull who can clear a HOOTE TOOS on Hard, I have only missed one single weekend this year! It was last weekend, I was going to go for that one game girl from my theater class who has played some HOOTE TOOS too but I really felt scared when she said she missed one class due to emotional issues, that shit for me was basically a monumental red flag saying "STAY THE FUCK AWAY WHILE YOU CAN".

Now, why did I do this weekend? Because on Saturday was at my graduation party drinking myself so blind I literally can't even remember a single minute of the afterparty (my best friend says I was "GIZZY THE FUCK AWAY WHILE YOU CAN", were water, and he says once we left we stopped at a taco place where I ate the 20), and of course on Sunday I was busy overswinging one of the top three hangovers of my life. It was so bad I literally couldn't even drive myself back home until like 5:00 PM.

Now that the official an engineer this has been registering in my mind as one good, hard-earned vacation. Which is a problem because my parents don't think it's vacation time. They're pressing hard for me to find a job. I do realize that I should take this chance because several agencies here actually have special programs for recent graduates... but dear fuck my mind still refuses to work after all that god of this semester and getting around to filling job applications is the trying to crank a rusty, unfiled mechanism...

And I am slowly rebuilding the music collection I had on my YouTube favorites. It took me hours and hours of hunting down Mediabits links but I managed to find that one beat and that other speedcore albums I love so much and oh god it's so great to have them back. I love speedcore because the hardest parts are just so screeching, heavy and loud, and I love schranz because of that fast, steady, rolling beat.

And well... that's all my unfiled thoughts for now :3

Last Christmas got nothing except some new socks.

The three years before, I got nothing but clothing. And not even clothing I like. I returned every last garment, for cash, when possible.

Seriously who buys a 24 year old guy a reflective metallic t-shirt with a giant dollar sign and the word "BLIND" on it. They have no fucking clue who I am, they're just like "THAT SHIRT LOOKS LIKE SOMETHING A HIP YOUNG PERSON WOULD ENJOY" and fuckers get it because it was on sale.

I'm not hard to shop for, I'd probably appreciate a 200 gift card more than any "carefully chosen shit". I mean a gift card means you care enough not to fuck up, instead of guessing about the personal tastes of someone that you honestly don't know.

They all know I like computer shit, but they don't want to buy stuff like that for me.

Jesus, I mean brought my 98 to his house for the job to play with. They know I have one, they know I play games, so they won't buy them for other people. WELL FUCKING HATE FUCKING FORSHELL BUTTERFLIES, SO I GUESSED HOLYBIT BUY THEM FOR YOU EVEN THOUGH YOU SHOW THEM TO EVERY FUCKING SOUL WHO COMES THROUGH YOUR HOUSE. AND I FUCKING HATE SCENTED CANDLES YOU'RE NOT GOING TO GET ANY BECAUSE I'M TIRED OF YOU MAKING EVERYONE SMELL THEM, BUT REFUSING TO LIGHT THEM. OH AND YOUR KIDS ARENT GOING TO GET THE STAR WARS FIGURINES THEY SPENT ALL YEAR TELLING ME ABOUT BECAUSE I DONT LIKE THE NEW STAR WARS FILMS. YES. IM BUYING GETS BORED ON MY OWN PERSONAL TACTICS AND NOT YOURS, FUCK YOU TOO!

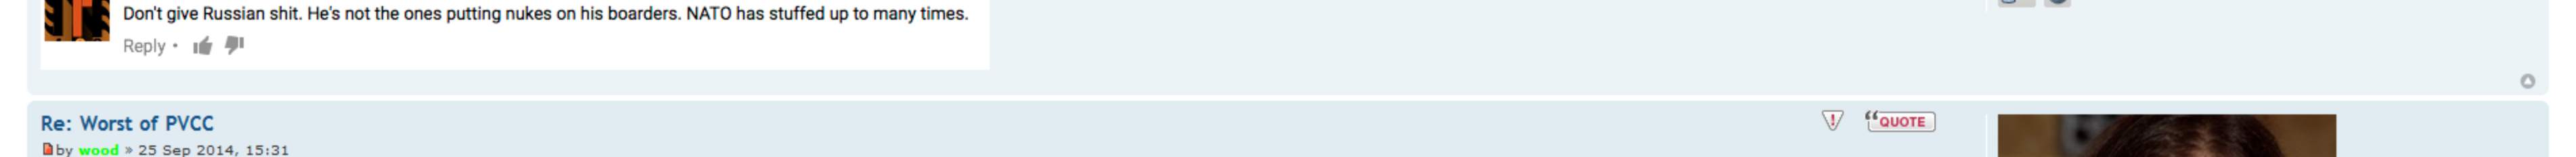

I am not excited for this year.

Hey, no furry-bling here, please. I've been a proud furry for the past five years, and I can tell you, you meet some great people at fur conventions. The bigotry against us is not deserved at all.

Echo wrote:
Oh, even if you think something is "sick", as long as it has no effect on you, why should you care? I mean yeah, the guys who actually go out and fuck dogs are going a little bit too far, but other than that, I think it's all good. I see no problem with anyone enjoying whatever their like, as long as they're not hurting anyone else in the process. It's the same kind of thought process that people use to discriminate against pedophiles, and I see absolutely no reason for it. People should just accept that some people think differently from how they do.

Echo wrote:
Before you go into the typical anti-pedo rant, I'd like to state, there is a BIG difference between a pedophile and a child molester. Probably 99% of pedophiles would never do anything to a child. Just the few that do give us a bad reputation I guess.

Echo wrote:
Like I've already stated, a "pedophile" is simply someone who is attracted to children. People today tend to assume that that means they actually go out and act on these desires, but the fact is, very few of us would ever do that. It's just another sexual orientation, like any other.

Echo wrote:
Hey, black people statistically commit more crimes, you know. Why don't we lock up every one of them, so less crimes occur?

Sounds ridiculous, right? It's the same damn shit you're saying. True, you're discriminating against a thought pattern instead of a race, but you still want to take action against someone who has committed no crime at all. Trust me, I agree that every single one who actually goes out and molests a child should be castrated at the first available chance, but we can't just go persecuting people for thought crimes, simply because we're afraid they MIGHT do something.

Echo wrote:
It's not exactly the same, but it's not that terribly different either. I don't think. Do you really think that most pedophiles choose to be that way? A lot of us don't find adults attractive at all. Do you have any idea how frustrating this can be? We live our lives in celibacy, because we don't want to traumatize some child for the sake of our own enjoyment, but you people still hate us... It really is sad, you know... If I could change it, I'd do so in a heartbeat. But there's nothing I can do about it. Whether or not I was "born this way" (and I don't really think guys are either, by the way, at least not right at birth) it was programmed into me from such an early time, that I may as well have been.

I know they'll pull through. I know I have to be patient. But like El Mike said, it's only Tuesday and for raging like when he put out the "8 KYYYY" video already. I've had a pretty shitty week and just seeing Chris's song face saying that he has a girlfriend, talking about how Mikko could "improve"... I think I just snapped. I'm sorry, I know you guys know what you're doing. But I think other citizens can attest... what's the right word... "babequaring" to not know what's going on, while Chris just keeps getting more smug.

Its pretty factual too. He was trespassing and taking photos in an area where children were present! This is more factual than most of Glen Beck's rant!
