At first it was just like ok, whatever. Then he started making multiple threads about anime club. At least he stopped when people told him enough on one topic was enough.

Which is more than can be said for angelichug.

Just a thought, but would it be possible to publish sort of a reference guide to Chris on Lulu or something? Kind of like a "Pocket CWcki". Not so much to troll Chris but for legit use. The CWcki has an abundant amount of information, I'm sure a good amount of that information could be condensed into a small book for trolls on the go.
