Thread for talking about CWC and CWC-spotters

by Deano » 02 Jun 2016, 09:37

These days I occasionally swing by the CWCKi not to catch up on Chris, but to see how far the trolls have sunk.

Stopped by just now and apparently the hot new thing is that a troll made a sex tape with a blow-up doll to make CWC produce more blow-up doll sex tapes.

So, thread for talking about how pathetic that motherfucker and similar folks are, I guess.

Lol. I forgot about Sick Animation. I looked them up and was surprised to find they're still making videos.

Infowars has made CWC double down and try to, I dunno, magically convince Mike Pence to murder Trump or something.

I don't want to be a whiny turd about what gets posted, but is this thread about CWC-spotters or CWC?

(Though tbh I think it'd need something really special like the Trump death campaign to make it worth posting about CWC.)

Mr Belaker il y a 19 minutes

Yes way to many "weens".

What we need is a forum where we can obsess and talk about Chris in minute detail, and pretend we are better than everyone else who talks about Chris because they aren't in our super speshul secret troll club. We could call it EmuZoo or something.

A-logging is a blast from the past, I vaguely remember in the days when 789chan was the spillover board that people were really big on A-Log for some reason.

So Chris started a Patreon.

<https://www.patreon.com/user?u=4525122>

That isn't newsworthy or surprising. His tiers are typical Chris ridiculous. Starting at 50\$ a month and jumping up to 100\$ and 1000\$ quickly. All the way to 250,000\$...a month.

What is wacky is that someone has already pledged 50\$ a month to him. What they think he will do for 50\$ a month, I don't know. It boggles the mind. Usually patrons on patreon just give a couple bucks to whatever they support.
