# FROM OUR PRESIDENT

Family Week 2014 for WWNTBM was a wonderful blessing. Pastor Barry Goodman and the Faith Baptist Church rolled out the red carpet for the World Wide family. It seems that it is the best one ever; however, I feel that way every year! For more than twenty-five years, I have preached thirty-five to forty-five meetings a year. Hands down there is not a meeting that I look forward to more than family week for the mission.

Brother O'Malley puts this meeting at the top of his priority list each year. As a matter of fact, he is already giving serious thought to next year's meeting with Pastor Fred Daniel and the Brookhaven Baptist Church in Greensboro, North Carolina. Along with the tireless work of Brother O'Malley is the labor of the office staff. As an organization, we have every right to be proud of the staff that the Lord has blessed us with. They understand that their labor day in and day out is a ministry to serve the front line servants of the cross. These folks give of themselves daily for this mission. I hope that each of us give attendance to prayer on their behalf.

Our founder and Chairman of the Board, Pastor Bill Wingard, preached like a young man Wednesday night. Every time I hear Pastor Wingard preach I am blessed and challenged, but the message he preached during family week was exactly what was needed, and the Lord allowed the preacher to deliver the message

in memorable fashion. Every speaker did a fantastic job, and I am sure that there was a message from the Lord for everyone in attendance.

One of the things that was a blessing to me during the week was the faithful attendance of the church family of Faith Baptist. The church building was filled each night. A thank you is certainly in order for the choir, special singers and congregation participation for the entire meeting. Also, the church did a commendable job with all of the meals that were provided for the missions family.

If you are planning to be in the States in 2015 please put the third Monday through Thursday of June in your calendar for Family Week of WWNTBM. We will look forward to seeing you in Greensboro, North Carolina.

Darleen and I have completed our move to Smyrna, Tennessee. I want to say again, this in no way changes our ministry with WWNTBM. I will still have the general oversight of the mission, while Brother O'Malley is in charge of the daily operation of the ministry. Darleen and I will still be traveling overseas and in missions conferences almost every week. Brother O'Malley is not only the General Director of WWNTBM, but he is also my dear friend that I have the utmost confidence in for the task ahead.

I pray that you will have a blessed month of service for our Lord.
