

Canadian International School of Phnom Penh

Where Learning Comes Alive!

Canadian International School of Phnom Penh (CIS) (www.cisp.edu.kh) is pleased to announce that we have signed a new agreement with **International Quality Education (iQe)** for the long term partnership and development of the existing Pre School at Bassac Gardens and new Elementary & High School Campus under construction on Koh Pich Island.

Our first change is to introduce a new School logo in harmony with iQe schools.

Phase I of the Koh Pich Campus will open August 2015 to provide Year 1-12 education for up to 1,000 students, including sciences, humanities, music, creative and fine arts and digital specialties. Facilities, when completed, will include a fully equipped library, cafeteria, 2 gymnasiums, 500-seat theatre, a full size swimming pool and sports track, which will be brought together in a harmonious environment for learning.

John Crawford, Chairman of iQe, along with his team, bring a wealth of experience in the establishment of leading Canadian international schools for over 20 years & have been instrumental in the development of the renowned **Canadian International School of Hong Kong** (www.cdnis.edu.hk) and **The International School of Macao** (www.tis.edu.mo) as well as other international schools in Asia.

Canadian International School of Phnom Penh is now registered with the Province of Alberta, Canada for delivery of its future educational curriculum and programs.

Together we are embarking on this wonderful educational journey ...
Welcome aboard!
