# Library

Hello,

Here we are going to explain you how you can use ProfitMozo library section to save your product related images.

First, you need to go to the Dashboard area of ProfitMozo. Then select the Library section from the side menu.

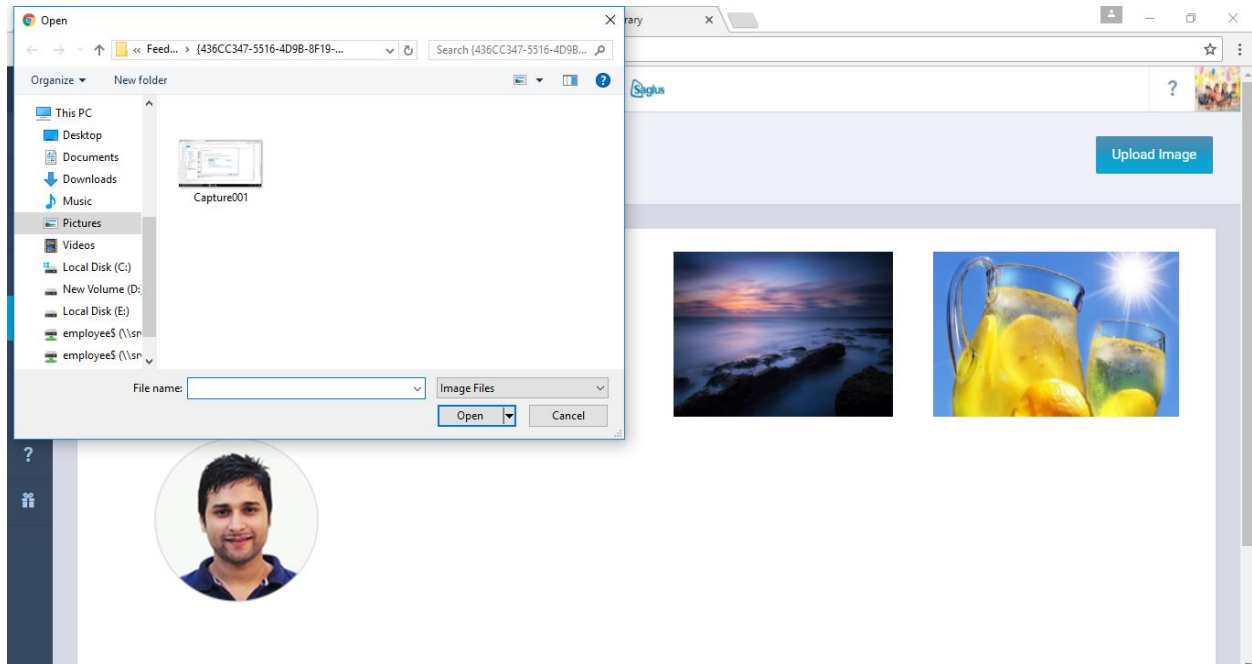

When you click on the library it will redirect you to the Image library page where you can save your product related images up to 1 GB storage.
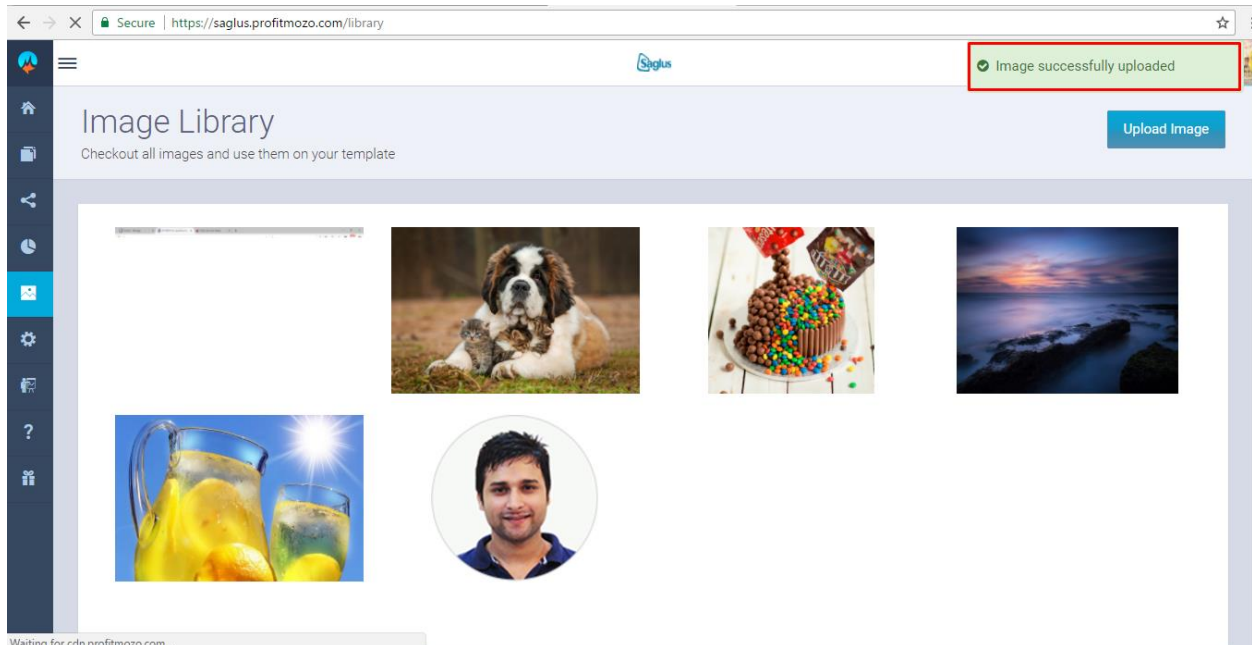

On this page, you will find the Upload Image button, by clicking on this button you can upload the images from your computer in the ProfitMozo Library.

To upload an image, click on the Upload Image button.

It will ask you to choose an image from your computer.

Select the image and click on the open button.

Your image will be successfully uploaded in the Image Library.

You can view and delete the image from the Image library by hovering the mouse over the image, you get two options Preview and delete.

By clicking on Preview, you can view your image and if you want to delete the image, click on Delete.

By clicking on the Yes! Delete button, you can delete the image from the Image library of ProfitMozo.
