

James Dean Brown – Get Perlonized (St. Nicholas Gift Explosion)

Welcome to a new show that sports a series of fortunate events made of intuition, calculation, audacity, lucky chances, and sensational finds from my own record shelves. Due to some unknown reason one phono channel caused a distortion at times (which seemingly did not affect the master output). Sorry for the interference.

Mixed + recorded live at "Get Perlonized", Panorama Bar, Berlin, 06.12.19
