**DAMETREUS WARD** had an eye for what makes a great photograph when he was just a kid, critiquing his mother's family photos. Once he was behind the camera he fell in love photographing the landscape near Milwaukee, WI. Dametreus has since moved to Dallas, Texas and turned his passion to capturing beauty, fashion and glamour wherever it may be found. He has been lucky enough to work with some amazing people (like cover models Lisa Marie and Brittany) along the way that have helped him grow as an artist. **GLENN WALLACE** is a self-taught photographer, with a degree in videography. He enjoys being able to express his creativity and prides himself on working with natural light. Wallace enjoys working on location, and has an obsession with nature. He likes working with models to showcase the individuality of each girl and set-up. When not attached to his camera or laptop editing, Wallace can be found screaming at the TV and watching his favorite football team Manchester United. **DAN PINEDA** or better known as the Spare Media Group, is a photographer based out of Los Angeles, CA. Shooting for over 13 years, Dan believes that his passion for the arts in all mediums has contributed to his unique style in photography. Nothing pleases him more than to be outdoors with his family exploring and shooting the magnificence of our beautiful landscape. When not shooting pretty things Dan will be traveling or watching a game. He is a sports whore and usually a part of anything to do with that. [sparemediagroup.com](http://sparemediagroup.com)

**HUGO VELAZQUEZ** better known as Hugo V, is a full time traveling photographer out of Omaha, NE. Originally from Southern California, he moved to Denver, where he found his passion for photography. With his unique style for capturing tattooed models, he developed a look that is recognized around the world. His work has been internationally published and can be seen in a wide variety of publications. While being known for his alt, tattoo and glam photography, he also specialized in fashion and commercial work. [hugovphotography.com](http://hugovphotography.com)

**GIUSEPPE DANTE SAPIENZA** is a Melbourne, Australia based photographer and artist keeping busy shooting model portfolios and fashion. His style has always gravitated towards an edgier, bolder look, which has complimented his extensive work with local, tattooed models. His personal work is very story driven, and he is often crossing fields, working on film, graphic novels, and fine art painting. No matter the medium, Giuseppe imparts his signature style. His work has been featured in Inked Girls, as well as on the cover of Inked Girls Australia. [gdantesapienza.com](http://gdantesapienza.com)

**LOREN CUTLER** was raised in the Bay Area near San Francisco, CA. This a-dork-able girl has been pursuing her love for photography for a few years and is now located in downtown Portland, OR. There, she has harnessed her passion for photographing *all* women. She adores the sexy side of photography and tries to capture each model's beauty in the best way possible. Outside of photography, Cutler loves Frank Sinatra, baseball, Morticia Adams and sci-fi movies like *The Fifth Element*. [lorencutler.com](http://lorencutler.com)
