## Program Overview:

---

Build your career in project management with a PRINCE2® certification. Globally known for its practice-driven approach to project management, this PRINCE2 Foundation and Practitioner course is ideal for project managers wishing to expand their knowledge and increase their earning potential.

With PRINCE2 Foundation and Practitioner certification training, you will know how to customize projects based on the environment and customer needs, develop a product-based planning approach for projects, control the use of resources, and effectively manage project risk.

## Program Features:

---

- > 61 hours of applied Learning
- > 29 hours of online self-paced learning
- > 32 hours of instructor-led training
- > Two simulation tests, seven scenarios, 26 process templates, and one process model
- > 156 lesson-end quizzes, 22 downloadable slides, and two projects
- > 98.2 percent success rate
- > 31 PDUs (self-paced) or 35 PDUs (Blended Learning)
- > Two Axelos sample papers and an exam preparation guide

## Delivery Mode:

**Online Bootcamp** - Online self-paced learning and live virtual classroom

## Prerequisites:

There are no prerequisites for taking the PRINCE2 Foundation and Practitioner course. However, the PRINCE2 Foundation Exam should be completed and passed to enroll for the PRINCE2 Practitioner examination.

For detailed information on the application filing process, refer to the information on the [PRINCE2 Certification Journey page](#)..

## Target Audience:

- > Project managers
- > Associate or assistant project managers
- > Team leads or team managers
- > Project executives
- > Project engineers
- > Software developers

## Key Learning Outcomes:

When you have finished this course, you will know how to:

- > Apply the seven principles, processes, and themes in the PRINCE2 guidelines
- > Tailor your approach to different projects, ensuring flexibility and success in today's dynamic work environment
- > Develop a product-based planning approach for projects that help divide them into manageable and controllable stages
- > Control the use of resources and effectively manage project risk
- > Understand the roles and responsibilities of each member of the team tasked with managing a project
- > Apply skills that complete and complement the knowledge-based approach of the PRINCE2 certification

## Certification **Alignment:**

---

Our PRINCE2 Foundation and Practitioner course is accredited by [AXELOS](#).

We are the registered training provider for this course.

## Certification Details and **Criteria:**

---

### Certification Details -

PRINCE2 is a highly recognized qualification in today's corporate world. Not only does it give you a strong skill set to add to your resume but it also considerably increases your ability to execute projects in a corporate environment. The skills you gain are industry-agnostic and have a global appeal. To become a PRINCE2 certified professional, you must complete PRINCE2 training from an accredited training organization like Simplilearn and pass the PRINCE2 Foundation and Practitioner exams. For detailed information on the application filing process, refer to the information on the PRINCE2 Certification Journey page.

## Simplilearn Course Completion **Criteria-**

---

- > Attend 85 percent of the course or one complete batch
- > Score at least 60 percent in the course-end assessment

## Course **Curriculum:**

---

### Lesson 00 - Course Introduction

- > Introduction

## Customer **Reviews:**

**Harsh Sharma**

Product Development - Micromax

I highly recommend Simplilearn. The course content is easy to understand and helpful to get ahead in the career. Great support from the team.

**Aarti Gautam**

Senior Consultant at Capgemini Technology Services India Pvt.

The content was very interesting and helpful. The trainer used to share as much as real-time examples with us, which was very good for our understanding and learning experience. He was full of energy. Thank you!

**Avantika Kushwaha**

Assistant Manager at MicroSave

Simplilearn's PRINCE2 Foundation and Practitioner was a very good experience. The classroom experience was amplified by relevant examples.

**Arun Shenoy**

Data Visualization and Business Intelligence at Dimension Data

The trainer was very knowledgeable and explained the content in simple language which helped me to understand it easily. Simplilearn's PRINCE2 Foundation and Practitioner was a good experience. I highly recommend Simplilearn.
