# *The university* **THE WORLD NEEDS**

The University of Saskatchewan (USask) is one of Canada's most historic and distinguished universities with an established legacy of excellence in research and education.

Established in 1907, USask has been breaking new ground in research since its earliest days, leading innovation in medical technology, agriculture and scientific endeavor.

We are known for our collaborative, interdisciplinary approaches to tackling some of the greatest global challenges of our era—water and food security, energy sustainability and combatting infectious disease.

# *beautiful* **SASKATOON**

The University of Saskatchewan's historic main campus is recognized as one of the most beautiful in the country, and our city is known as a hidden gem by those who visit and come to call it home.

Our campus is found at the heart of the vibrant city of Saskatoon, which has a growing population of more than 270,000 people.

Saskatoon is a welcoming city for newcomers and offers many opportunities to experience Canadian culture. We also celebrate cultures from around the world.

As the largest city in the province of Saskatchewan, Saskatoon offers the amenities of a large urban centre, along with the friendliness and accessibility of a smaller city.

Here, you can have a true Canadian experience in a city that is safe, affordable and student-friendly.

# SASKATCHEWAN *advantages*

The benefits of living and studying in Canada are well-known, but there are additional advantages to choosing the province of Saskatchewan as your study destination.

## HEALTH CARE

Free Saskatchewan government health insurance is available for full-time students with a valid study permit.

As a full-time undergraduate or graduate student, you also have access to extended health and dental benefits provided through your student association.

## SASKATCHEWAN IMMIGRANT NOMINEE PROGRAM

Through the Saskatchewan Immigrant Nominee Program, the province invites residency applications from non-Canadians who want to make Saskatchewan their home. Successful applicants will be nominated to the federal government, so they can gain permanent residency in Canada. For more information, visit [saskatchewan.ca/immigration](https://saskatchewan.ca/immigration).

## GRADUATE RETENTION PROGRAM

The Graduate Retention Program provides Saskatchewan income tax credits of up to \$20,000 over seven years for tuition fees paid by graduates of approved post-secondary programs who live in Saskatchewan. To be eligible, you must live and file an income tax return in Saskatchewan.

## COST OF LIVING

Housing costs in Saskatchewan's cities and communities, including Saskatoon, are lower than in most major cities in Canada. The costs of transportation are also low. If you choose to live off-campus, you can take advantage of the reasonably priced unlimited transit pass included in your student fees.

## QUALITY OF LIFE

Achieving balance between one's work, family and social life is a part of Saskatchewan culture. There is always something for residents to do here, from visiting the world-class Remai Modern art gallery to dining at our award-winning restaurants. Festivals like WinterShines, Jazz Fest and the Fringe Theatre Festival are special opportunities to experience the best of our province's and city's culture.

# Undergraduate tuition and student fees

Tuition for most undergraduate programs at the University of Saskatchewan is calculated by adding up the cost of individual classes you select and register for each year.

The following estimates reflect a typical amount you could expect to pay per year if you enroll in a full course load (the maximum number of courses allowed).

<b>ESTIMATED TUITION FOR INTERNATIONAL STUDENTS</b>	<b>Agriculture and Bioresources</b>	<b>\$18,053.00 CAD</b>
	<b>Arts and Science</b>	<b>\$18,441.00 CAD</b>
	<b>Education</b>	<b>\$18,591.00 CAD</b>
	<b>Edwards School of Business</b>	<b>\$21,226.00 CAD</b>
	<b>Engineering</b>	<b>\$23,901.00 CAD</b>
	<b>Kinesiology</b>	<b>\$18,215.00 CAD</b>

Tuition estimates for international students registered in a full course load in 2020 Fall Term and 2021 Winter Term (September-April) are represented. International undergraduate tuition rates are assessed at 2.73 times the rate for Canadian citizens and permanent residents.

Student fees are used to fund specific student benefits offered as part of your university education. These include fees to support athletics and recreation programs, student services, health and dental plans, your students' union and the U-Pass Universal Transit Pass that allows you unlimited travel during the school year with Saskatoon Transit.

The amount you will pay depends on if you are taking classes full-time or part-time, and if you are on campus, remote or not. This estimate reflects a typical amount a full-time, on-campus student could expect to pay if enrolled in the fall and winter terms.

<b>ESTIMATED STUDENT FEES</b>	<b>\$947.00 CAD</b>

# Undergraduate admission requirements

## GRADUATION FROM HIGH SCHOOL OR SECONDARY-LEVEL STANDING

You can apply for early admission in the year you will graduate.

## ADMISSION AVERAGE

An admission average is calculated to determine whether you meet the minimum admission average requirement for programs with rolling admission or to determine your place in the ranking for programs with competitive ranking-based admission.

### High school (secondary school) students or graduates

An admission average is calculated using marks for five acceptable senior secondary-level subjects.

- ONE mathematics
- ONE first-language literature and composition
- THREE other acceptable subjects:
  - Maximum of TWO natural sciences
  - Maximum of TWO social sciences or humanities
  - Maximum of ONE fine or performing art

### Post-secondary transfer students

Please consult [admissions.usask.ca](https://admissions.usask.ca) for more information about applying to transfer to the University of Saskatchewan.

## Joint admission

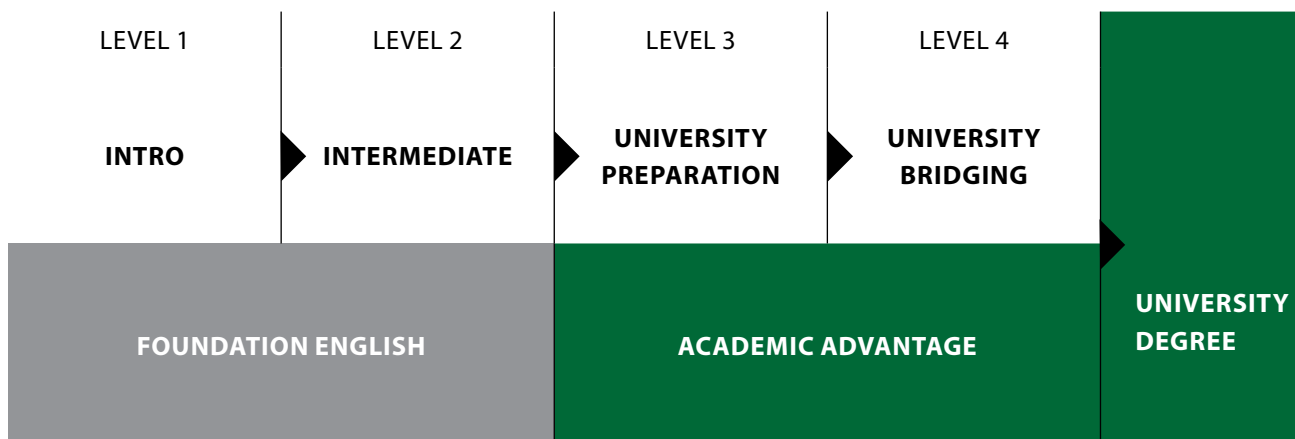

Do you need to improve your English before starting your degree program? We offer joint admission to the English for Academic Purposes program at the University of Saskatchewan Language Centre and undergraduate programs in any of our six direct-entry colleges:

- AGRICULTURE AND BIORESOURCES
- EDUCATION
- ENGINEERING
- ARTS AND SCIENCE
- EDWARDS SCHOOL OF BUSINESS
- KINESIOLOGY

# English for Academic Purposes

The University of Saskatchewan Language Centre's English for Academic Purposes (EAP) program is designed for student success. You will develop language, cultural and academic skills that will give you an ADVANTAGE in your university studies, your career and your life.

The program has four levels. Each level is designed to build on existing skills and teach new language specifically to help you prepare for university.

## ACADEMIC ADVANTAGE

The upper levels of the English for Academic Purposes program are designed to give you an academic advantage when you begin your university degree. This program is about more than learning English. It will prepare you linguistically, academically and culturally to succeed.

### UNIVERSITY PREPARATION

In University Preparation, you will learn key language skills important for any university student:

- **Reading:** Learn how to read and understand academic articles
- **Listening:** Learn how to listen to lectures and take notes efficiently
- **Writing:** Learn how to write essays and exams
- **Speaking:** Learn how to deliver effective presentations

## UNIVERSITY BRIDGING

In the final level of the English for Academic Purposes program, you will continue to develop your language skills through English classes while you apply those skills in a real university class that can be used for credit toward your University of Saskatchewan degree.

University class offerings may vary

Our University Bridging level offers you the best possible introduction to university. Here are some of the advantages of University Bridging:

- 1.** You will have continual support from your University Bridging instructor, who attends your university class with you.
- 2.** The lectures, textbooks and assignments from your university class are the basis of your English class instruction.
- 3.** You can experience one university class while mastering important academic English skills.

**“University Bridging reaches out a hand to guide you through the challenges of starting university and reveal the student you can become.”**
