

ICY BOX IB-3810-C31

External SINGLE System for 10x 3.5" SATA drives

Key features

- Enclosure for 10x 3.5" SATA I, II, III (6 Gbit/s) drives
- Host interface: USB 3.1 (Gen 2) with up to 10 Gbit/s
- EasySwap: easy assembling by trayless harddisk installation
- Supports SINGLE mode - each drive can be accessed separately
- Hard disks can be switched on/off individually without disconnection
- LED for: power, HDD in use and access
- 140 mm fan for optimal cooling and performance
- Energy-saving due to automatic power-off mode
- Plug & Play and HotSwap

Packing content

1x IB-3810-C31, 1x power cable, 1x USB Type-C® to Type-C® cable, 1x USB Type-C® to Type-A cable, 2x key, 1x manual

There is plenty of storage here

Superlative storage space! This external SINGLE enclosure holds a total of ten SATA I/II/III hard disks, which you can switch on and off individually via a switch and also lock individually with a drive lock. The good performance of the enclosure is due on the one hand to two active fans inside, which dissipate operating heat excellently. Air inlets on the doors of the drive bays and a lot of steel in and on the case itself also contribute to good cooling properties.

Technical data

Model	IB-3810-C31
Article no.	60780
EAN code	4250078171188
Brand	ICY BOX
Colour	Black
Material	Steel, plastic
Interface to host computer	USB 3.1 (Gen 2)
HDD size	3.5"
HDD height	Up to 25.4 mm
HDD interface	SATA I,II,III (6 Gbit/s)
HDD capacity	Unlimited
UASP support	Yes

Transfer rate	Up to 10 Gbit/s
HotSwap	Yes
Plug & Play	Yes
ON/OFF button	Yes
LED	Power and access
Cooling	Active: 1x 140 mm (enclosure) / 1x 80 mm (power supply)
Lock	Yes
Power supply	Integrated power supply
Operating system	Windows®, macOS®
System requirements	One USB 3.1 (Gen 2) Type-C® host interface, alternatively: one USB 3.1 (Gen 2) Type-A host interface or one Thunderbolt™ 3 Type-C® host interface, at least one free 230 V household socket outlet

ICY BOX **IB-3810-C31**

External SINGLE System for 10x 3.5" SATA drives

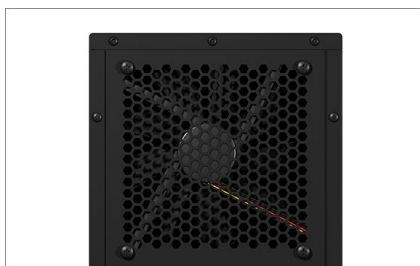

Comfortable setup

The IB-3810-C31 offers convenient functions: Enjoy the trayless hard disk installation with Plug & Play and HotSwap function and the energy-saving standby mode. LEDs provide information on operation and hard disk access. USB 3.1 (Gen 2) interfaces with UASP support apply to all 10 hard drive bays of this SINGLE system, as well as the operation of hard drives without any capacity restrictions.

Watch out - the series will continue!

You know the 3-, 4-, 5-, 6-, 8- and 10-bay enclosures from ICY BOX? Now we are finally continuing the series and also offer the latest USB Type-C® 3.1 (Gen 2) technology with up to 10 Gbit/s data transfer rate for the 10-bay enclosure! All the advantages of the previous enclosures are of course also integrated in the IB-3810-C31, such as a lock on each hard drive slot or the individual switching on and off of a hard drive without USB connection interruption. A sequel could not be more exciting and up-to-date!

When the heat is on

Ten hard disks, high performance, it can get warm at full load. Our IB-3810-C31 is well prepared for this with two fans inside: A 140 mm fan is mounted on the rear side, a second 80 mm fan cools the power supply unit. The housing design with various ventilation slots and steel elements also ensures good heat dissipation.

Logistical data

Packing unit: 2 pcs./carton
Total weight: 16.30 kg/carton
Gross weight (with packing): 7.540 kg
Net weight: 6.634 kg

Dimension/carton: 485x400x500 mm
Dimension (with packing): 230x385x475 mm
Dimension of article: 385x180x335 mm
Country of origin: China
