## **Discretionary Places Admission Stage**

Question (1) Who can participate in POA 2022?

Answer (1) All Hong Kong children reaching the age of 5 years 8 months as at 1 September 2022 (i.e. **born on or before 31 December 2016**) are eligible to participate in POA 2022 except those who are already attending a primary school or have been allocated a Primary 1 place previously.

Question (2) How should children apply for a discretionary place?

Answer (2) Parents may obtain an application form during the period from 2 to 27 September 2021 from the kindergarten or kindergarten-cum-child care centre the child is attending, the Home Affairs Enquiry Centres of the District Offices, the Regional Education Offices or School Places Allocation Section of the Education Bureau (EDB). Parents should return the completed application form **DIRECT** to the school to which they apply for a discretionary place **between 20 and 27 September 2021 (excluding Saturday, Sunday and public holiday)**.

Question (3) What should parents do if they could not obtain the application form?

Answer (3) Parents may obtain a 3-ply application form from the kindergartens or kindergarten-cum-child care centres the child is attending, District Offices (Home Affairs Enquiry Centres), School Places Allocation Section or EDB's Regional Education Offices. In light of the latest development of COVID-19, parents may also choose to download a web version of the POA Application Form from the EDB's POA Webpage (URL: <https://www.edb.gov.hk/en/edu-system/primary-secondary/spa-systems/primary-1-admission/index.html>). Please note that each applicant child participating in POA may use one application form to apply for one government or aided primary school only. To avoid submitting duplicate applications and submitting applications to more than one government or aided school by mistake, if parents have obtained a copy of the 3-ply printed version of the application form, they need not download the application form online for use.

Question (4) How should parents complete the downloadable application form?

Answer (4) Parents only need to complete one copy of the downloadable application form for each applicant child, and should read the "Notes on how to complete the 'Application Form for admission to Primary One'" and "Notes on how to complete the downloadable application form" when completing the downloadable application form. Parents or guardians should NOT fill in the "POA APPLICATION NO." on the top left corner of the downloadable application form when submitting the form to the primary school to which they apply. Since a set of 8-digit "POA application number" for POA use is not pre-printed on the downloadable version, when parents submit the downloadable application form to the government or aided primary school at DP stage between 20 and 27 September 2021 (excluding Saturday, Sunday and public holiday), the school will put a "POA application number" label on the application form after checking the documents provided by parent. The school will

then make two photocopies of the application form and stamp the school chops on each copy. A copy will be given to the parent for record, and the original copy and another copy will be kept by EDB and school respectively. (Note: The 3-ply printed version of application form is pre-printed with a set of 8-digit POA application number and consists of “EDB’s copy”, “School’s copy” and “Parent’s copy”. The “Parent’s copy” will be given to the parent for record after the school has completed the procedure. Schools need not put the POA application number label and photocopy the application form.)

Question (5) What is the document format of the downloadable application form and how to print the form?

Answer (5) The downloadable application form is in “pdf” format. Parents or guardians can print and then fill in the form direct, or input the relevant information direct after opening the downloadable application form and then print and sign the form. When printing the downloadable application form, please ensure P.1 and P.2 are printed on the same sheet of A4 size white paper (i.e. **double-sided printing**).

Question (6) What documents are required when parents / guardians submit the application form?

Answer (6) When parents / guardians return the completed application form, they should bring along -

- a. the applicant child’s Hong Kong Birth Certificate and its photocopy (If the ‘Hong Kong permanent resident status’ in the last column of the Birth Certificate is ‘Not Established’, the original and photocopy of his / her travel document(s) or Permit to Remain in Hong Kong are required) or the applicant child’s non-local Birth Certificate and passports (the original and photocopy);
- b. proof of residential address for applicant children residing in the POA School Net of Hong Kong<sup>3</sup> (including but not limited to stamped tenancy agreement, demand note for rates, public housing tenancy agreement or water / electricity / town gas / residential telephone bills) and a photocopy of the document. The address on a bank letter, court summons and tax bill may be a correspondence address but not a residential address in general. Therefore, such documents have not been accepted as proof of residential address by the EDB all along. The name on the document submitted as proof of residential address should agree with that of the parent / guardian. If parents / guardians cannot provide the above acceptable proof of residential address or have any enquiries, please contact the School Places Allocation Section of the EDB at 2832 7700 for appropriate advice and assistance;

- d. documentary proof required for Item (B) of Part C (if applicable). For details, please refer to the Notes on How to Complete the ‘Application Form for Admission to Primary One’.

Parents have to sign a declaration form (which will be available for download from the EDB homepage) to declare that the supporting documents provided are true copies and will provide the originals of the supporting documents to the school on or before 1 November 2021 for verification. Otherwise, the application will be rendered null and void.
