Town of Boscawen

ANNUAL REPORT 1988

Steenbeke & Sons, Inc., first started in Boscawen in 1954 as a general store and expanded into a retail store and manufacturer of roof and floor trusses, doors, windows and counter tops. They are one of the largest building dealers in the country. In addition to the Boscawen complex, Steenbeke's has stores located in Franklin, Concord, Suncook, Con-toocook and a new facility opening soon in Plymouth. The Steenbeke family is very appreciative of the continuing support from the townspeople of Boscawen.

Selectmen's Office

17 High Street, Boscawen, NH 03303; Phone: 796-2426; Office Hours: Monday-Friday 8:00 a.m.-5:00 p.m.

Outstanding devotion to the Community.

STEENBEKE & SONS, INC.

It was just two years before the federal government's interstate highway program came into being that James and Mary Steenbeke left their New York City restaurant business in search of a better place to raise their three sons.

In 1954 Boscawen, New Hampshire, the town they chose, was a crossroads north of Concord. It was there that state highways 3 and 4 forked away from each other, 3 going north to the White Mountains and 4 going west toward Vermont.

James Steenbeke purchased a general store and a house on Route 4. At that time Boscawen had three other stores, all of them fairly well restricted to groceries; with Concord a good 30 minutes away, Steenbeke's fulfilled a need for a store that would sell not only groceries but gasoline, kerosene, some simple building supplies such as nuts and bolts, and clothing and shoes.

Steenbeke put his family to work planting corn and potatoes and taking care of 2,000 laying hens. Steenbeke's store sold eggs, homegrown vegetables, meat (even chicken from their own small farm), grain, salt licks, and medicine for cows.

Steenbeke's Grocery Store, as it was then called, did \$50,000 in business in its first year, but, when Interstate 93 built past Boscawen in 1960, the days of the general store were numbered. It was sheer accident that, three years earlier, Steenbeke had become involved with lumber, the principal concern of the company today.

A local sawmill operator told Steenbeke that he knew of someone in need of a load of finished lumber. Arrangements were made to pick up the load at a wholesaler and it was delivered to the builder. Steenbeke saw that the potential for profit was greater in lumber than it had been in eggs, so he took lumber on as another line. Early in the 1960s Steenbeke even became a contractor for a time, building summer homes that, in those blissful days of low inflation, sold for \$6,000.

Steenbeke's three sons, who attended the University of New Hampshire (two of them worked with other corporations), all eventually came to work in the growing retail lumber business, and with them, the founder went into the "home center" concept, pulling all the separate functions—plumbing, electrical, paint, and other building supplies—together under one roof.

Steenbeke & Sons was one of the first enterprises in New Hampshire to develop the home center concept, and it now is one of the 300 largest building material dealers in the country. During the 1970s, the firm expanded into three other New Hampshire towns and today employs nearly 100 people. The original general store still stands across the street from the main building on Boscawen's Route 4, a complex that includes a retail store of 20,000 square feet and facilities to manufacture roof and floor trusses, doors, windows, and counter tops.

The State of New Hampshire
TOWN WARRANT

THE POLLS WILL BE OPEN FROM 10:00 A.M. to 7:00 P.M.

To the Inhabitants of the Town of Boscawen in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Boscawen on Tuesday, the Fourteenth day of March, next at Ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to authorize the Selectmen to take such action as may be necessary to negotiate an agreement with the State of New Hampshire and the Town of Canterbury to raise and appropriate a sum not to exceed thirty three thousand four hundred dollars (\$33,400.00) to have the Boscawen-Canterbury Bridge demolished and removed. Estimated cost not to exceed two hundred thousand dollars (\$200,000.00) with the funding split for the State/Towns at 2/3 State and 1/3 being shared equally between Boscawen and Canterbury.
4. To see if the Town will vote to authorize the Selectmen to negotiate an agreement with the Town of Webster and to raise and appropriate a sum not to exceed fourteen hundred dollars (\$1,400.00) to install a chain link fence at Beaver Dam Cemetery with the cost being shared equally with the Town of Webster. Boscawen's share not to exceed fourteen hundred dollars (\$1,400.00) with the withdrawal of this amount from the interest accumulated on the Cemetery Improvement Fund.
5. To see if the Town will vote to raise and appropriate a sum not to exceed one hundred and forty four thousand dollars (\$144,000.00) for the purchase of a new Class A combination pumper fire truck. This truck will replace the 1969 Ford Pumper/Tanker which will be sold by sealed bid with the Selectmen reserving the right to accept or reject any or all bids.
6. To see if the Town will vote to raise and appropriate a sum not to exceed fifteen thousand dollars (\$15,000.00) for the purchase of a police cruiser.
7. To see if the Town will vote to raise and appropriate a sum not to exceed eight thousand five hundred dollars (\$8,500.00) to help support the Penacook Rescue Squad for its emergency medical services and rescue operations in the Town.
8. To see if the Town will vote to raise and appropriate a sum not to

exceed six thousand dollars (\$6,000.00) for the services of the Concord Regional Visiting Nurse Association.

9. To see if the Town will vote to raise and appropriate a sum not to exceed three thousand dollars (\$3,000.00) toward the operating expenses of the Penacook Centers — two thousand five hundred dollars (\$2,500.00) for the Youth Center and five hundred dollars (\$500.00) for the Senior Center.

10. To see if the Town will vote to raise and appropriate a sum not to exceed three thousand forty seven dollars (\$3,047.00) for the services to low income residents of Boscawen through the Concord Area Center Community Action Program, Belknap-Merrimack Counties, Inc.

11. To see if the Town will vote to raise and appropriate a sum not to exceed one thousand eight hundred and sixty dollars (\$1,860.00) to contribute to a regional Household Hazardous Waste Collection Program provided that the Board of Selectmen approves the terms of the Town's participation in the Program. This Program will enhance the proper disposal of hazardous household products such as paint thinner, solvents, pesticides and the like.

12. To see if the Town will vote to raise and appropriate a sum not to exceed four hundred sixty dollars (\$460.00) as Boscawen's share of the updating of the Solid Waste Management Plan of the Central New Hampshire Solid Waste District.

13. To see if the Town will vote to raise and appropriate a sum not to exceed two hundred fifty dollars (\$250.00) for the purpose of Town beautification.

14. To see if the Town will vote to authorize the Selectmen to negotiate an agreement to acquire ten ± (10) acres of land adjacent to the landfill to be used in conjunction with the transfer station at a cost not to exceed forty thousand (\$40,000.00). Money to be taken from the transfer station bond. (2/3 ballot vote)

15. To see if the Town will vote to authorize the Board of Selectmen on behalf of the Town, to enact ordinances concerning the supervision and regulation of the collection, transportation, delivery and disposition of all or part of any solid waste generated within the Town so that the same is delivered to a designated resource recovery facility or such other facilities as may be designated by the Town for processing or for other disposition or handling.

16. To see if the Town will vote pursuant to RSA 674 to adopt the 1988 Life Safety Code in ordinance form for its administration. Said ordinance would repeal the 1981 Life Safety Code as adopted at Boscawen Town meeting, March 10, 1981. The full text of said ordinance is on file with the Town Clerk and will be available at Town meeting.

17. To see if the Town will vote to authorize the Conservation Commission to negotiate for and acquire in the name of the Town suitable parcels of land adjoining the Town Forest and to direct that such parcels so acquired be designated as part of the Town Forest, subject to the approval of the Selectmen. Funds in the Town Forest management fund may be used for this purpose and may be contributed in connection with such acquisitions to the local matching portion required for acquiring conservation land or interests in land and other costs associated therewith for permanent conservation use under the N.H. Land Investment Program (LCIP), RSA 221-A. If the income from the Town Forest exceeds four thousand dollars (\$4,000.00) in any fiscal year, commencing with the 1989 fiscal year, the Conservation Commission shall recommend to the Selectmen whether such excess over four thousand dollars (\$4,000.00) is necessary for the expansion or maintenance of the Town Forest or other conservation uses and the Selectmen shall determine whether such excess over four thousand dollars (\$4,000.00) shall be (I) retained in the Town Forest Management fund for expansion or maintenance of the Town Forest, (II) placed in a conservation fund established under Town Forest, (III) placed in a conservation fund established under RSA 36-A for the proper utilization and protection of the natural resources and for the protection of the watershed resources of the Town, including the acquisition of land and rights in land, and from which funds may be contributed to the local matching portion and other costs associated with the LCIP or (IV) returned to the general fund.

18. To see if the Town will vote to empower the Selectmen to borrow such sums of money as may be necessary to meet current expenses of the Town until the taxes are paid to the Treasurer.

19. To see if the Town will vote to give the Selectmen authority to transfer or sell property taken by the Town in default of Redemption from the Tax Sale or otherwise acquired and such sale to be at public auction with the Selectmen reserving the right to accept or reject any or all bids.

20. To see if the Town will vote to authorize the Selectmen to make application for and to accept and to expend on behalf of the Town any and all advances, grants, or other funds for Town purposes which may now or hereinafter be forthcoming from the U.S.A. or the State of New Hampshire or any Federal or State agency.

21. To see if the Town will vote to authorize the Selectmen to accept and to expend on behalf of the Town private gifts and contributions for Town purposes.

22. To transact any other business which may legally come before this meeting.

Given under our hands and seal, this 24th day of February, in the year of our Lord nineteen hundred and eighty nine.

Douglas R. Supry, Chairman
Sandra E. Brodeur
Thomas Danko

Selectmen
of
Boscawen

14th March, 1989

We hereby certify that we gave notice to the inhabitants within named, to meet at time and place and for the purpose within mentioned, by posting up an attested copy of the within Warrant at the place of meeting within named, and a like attested copy at Town Hall and Carey's Market being a public place in said Town, on the 14th day of February, 1989.

SELECTMEN'S REPORT

The Board of Selectmen would like to take this opportunity to thank everyone for their cooperation and patience throughout this past year. It has been an especially challenging one for all of us.

The revaluation process was particularly difficult, generating some confusion and discrepancies which have been corrected. We will be continually updating our files and records; this activity is a necessary function which benefits everyone.

Many changes have and are about to take place in our community. It is our hope that we have adequately prepared in the planning for these changes to provide ease in transition. One example is the way that our solid waste will be handled, with attention being given to separation and recycling, a tedious task designed to reduce tonage, costs and protect our environment.

With the updating of the Master Plan and the upgrading of the Planning and Zoning regulations our community will be well equipped to enter into discussions with the representatives of the largest development ever to be presented to the Town.

There are several articles on this year's warrant that will greatly enhance the administrative ability of town officers in carrying out their appointed duties. The Selectmen urge your thoughtful consideration.

Boscawen has much to be proud and thankful for, not the least of which is our employees, board members, commission members and volunteers. It is their willing efforts and attention to detail that have produced the efficient atmosphere that we have all become accustomed to and appreciate. We thank you all.

Boscawen Board of Selectmen

Thomas Danko
Sandra E. Brodeur
Douglas R. Supry, Chairman

STATEMENT OF APPROPRIATIONS

General Government

Town officers' salaries	28,600
Town officers' expenses	66,750

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

CARRI, PLODZIK, SANDERSON
Professional Association
193 North Main Street
Concord, New Hampshire 03301

We have examined the general purpose financial statements of the Town of Boscawen as of and for the year ended December 31, 1987, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Town of Boscawen at December 31, 1987, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Boscawen. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

BOSCAWEN PUBLIC LIBRARY

The total circulation of books and periodicals for 1988 was 8,243. Four hundred fifty-six (456) new books were purchased and two hundred fifty-one (251) were donated. We thank the many individual contributors and the Boscawen Women's Club.

A Betty Nardini Trust Fund was established according to her wishes.

The O. Peter Lessard Fund was closed and new books purchased in his memory.

Fifty-seven children participated in the summer reading program. A story time began on a trial basis with Trudy Bantal volunteering as narrator. Her time and interest is greatly appreciated.

Librarians Mrs. Barbara Keegan and Mrs. Bunny Randlett have enjoyed serving you and look forward to your continuing patronage.

The Human Service Department of the Town of Boscawen has responded promptly to those residents who were in need. Some were found to be eligible for Federal and State assistance, and we were able to advise them along these lines. These programs have helped families become more self-supporting and have also helped the Town's welfare budget. During the 1988 year, we have helped thirty-four families and have spent \$15,058.87 from the welfare budget. Some of those helped are gradually repaying the Town for the assistance they received — amounting to \$2,431.00 this year.

We belong to the N.H. Local Welfare Administrator's Association, the Community Action Advisory Committee, and the Merrimack County Welfare Committee. Meeting with these groups keeps us informed of State and Federal Programs available to those residents needing assistance with their living expenses. We also met with the Capital Region Food Program Committee to make plans for the Holiday Food Basket Project. Some of our residents received bountiful baskets of food at Christmas time through this project.

We thank those of you who reported Boscawen folks needing help but would not ask for help for themselves. Your concern is very much appreciated. A special thanks to all of you who have helped so much at the Soup Kitchen in Penacook.

We also wish to thank the Lions Club, the Daniel Webster Sno-Beeper's, the Boscawen Congregational Church, the Boscawen Ladies Aid, Tri-Amity Guild, Boscawen Boy Scouts, Boscawen Cub Scouts, Elektrisola, the Visiting Nurse Association, and the Capital Region Food Project for their help in supplying food, money, and gifts to some of our Town's people — especially during the Holiday Season.

Evelyn W. Beaulieu,
Human Service Officer

FIRE DEPARTMENT REPORT

In 1988 the Boscawen Fire Department responded to 132 calls; this is an 8% decrease over 1987's 143 responses.

You'll find firemen just about every Monday night at the fire stations.

Department training continues with training programs at Fitzwilliam's Drill Yard, Lakes Region Mutual Aid Association, Capital Area Fire Mutual Aid Compact and the State of New Hampshire Fire Standards and Training Commission. Training also includes department training on a volunteer and mandatory basis. Other firemen have completed the one hundred hour course, "Certified Fire Fighter One."

I would like to "THANK" all the officers and firefighters for their cooperation, effort, understanding and time devoted to the Department this past year and a "SPECIAL THANKS" to the employers who let the firefighters respond to emergency situations during working hours.

Remember: If you have any fire related problem at any time, do not hesitate to call the Fire Department.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1987 and June 1988, we experienced more fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with *your* help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, Concord Forest Protection Headquarters at (603) 271-2217, or local Forest Ranger.

On January 1, 1989, the Deceptive Forestry Business Practices Law (RSA 224:54) goes into effect. This law, in summary, states that a person is guilty of a misdemeanor if, in the course of buying or selling a forest product, uses a false weight or measure for falsely determining any quality of quantity of a forest product. For more information, contact one of the persons mentioned above.

PARKS AND RECREATION COMMITTEE

We would like to thank Janice Steenbeke, Sandra Loughery and Walter Bowen, who resigned from the committee this year, for their time and service to the Park and Recreation Committee.

Sue Earnshaw returned after a two year absence as Summer Program Director, and Karen Morton was the Assistant. They had a very successful summer, with an average of forty children a day.

The Park and Recreation Committee sold some of the unclaimed bikes, turned over to us by the Police Department, at Old Home Day. The money raised by this was used to buy game balls for the Boscawen Youth Basketball teams.

We set up a subcommittee this year to look into improving the town park and how to go about achieving these changes. If you have suggestions or requests for the park, please contact one of the committee members, or leave us a note at the selectmen's office.

Louise McLaughlin
Chairperson
Park & Recreation

CENTRAL NEW HAMPSHIRE REGIONAL PLANNING COMMISSION

The Central New Hampshire Regional Planning Commission (CNHRPC) is an association of municipalities in Central New Hampshire. Seventeen towns and the City of Concord are within Merrimack County and two towns are within Hillsborough County. Thirteen towns, the City of Concord, and Merrimack County are members in fiscal year 1989. The Town of Boscawen is a member in good standing of the Commission.

The CNHRPC is organized under RSA 36:45-53, which states that the purpose of the Commission is to prepare a coordinated plan for the development of the region. The statute also enables us to assist communities with local planning activities.

Three planners and one support person are currently employed by the CNHRPC. The staff prepares regional plans and provides professional planning assistance to member communities.

In 1988 the Commission adopted the regional *Housing and Community Development Plan*, the regional *Septage Management Plan*, the *Initial Transportation Report*, the *Regional Profile*, the *Transportation Facilities and Information Report*, and the *Guide to Municipal Plans and Regulations*. The *Guide* contains models and outlines for master plans, capital improvements plans, zoning ordinances, subdivision regulations, and site plan regulations. We had contracts to help six towns with master plans or land use regulations and helped communities write grant applications.

Local water resource management and protection plans were a new activity in 1988. We completed and received Office of State Planning consistency approval on two plans, prepared a complete draft of a third, and started work on two more.

During 1988 CNHRPC activities in Boscawen included:

Assistance in the preparation of a revised zoning ordinance and master plan.

Assistance in the publishing of the new Zoning Ordinance, Subdivision Regulations, and Site Plan Regulations.

Preapplication review of the proposed Lake Forest Subdivision.

Advising the Selectmen regarding a development proposal.

Helping the Zoning Officer, and ZBA interpret the new Zoning Ordinance.

Attendance at joint meeting of the Boscawen and Webster Conservation Commissions to discuss protection of the Beaverdam Brook watershed. (In 1989 the CNHRPC will help Boscawen, Webster, and Salisbury prepare a Water Resource Management and Protection Plan for the Watershed.

LIFE SAFETY OFFICER'S MESSAGE

In 1988 I received numerous calls from the public concerning fire safety. About one half of the callers needed inspections to gain compliance with the provisions of various permits, and the other half were people having questions on requirements for different type occupancies. The majority of the second half involved rental property.

Almost all of the problems found as a result of these calls were resolved, but there are still a couple of them up in the air due to difficulties in trying to enforce the provisions of the code that apply. The 1981 Life Safety Code was adopted by the town in 1981, but no guidelines for its application were made. The way it stands now, if a person will not comply with the requirements of the Code, and the numerous inconsistent state laws that are on the books do not apply, the only recourse the town has is to file for a court injunction ordering the party to make the needed repairs. An injunction in simpler terms is a lawsuit, and needless to say, this would be very expensive and could take several years.

This year there is an article on the warrant that would adopt the 1988 Life Safety Code in the same basic form as our existing Zoning Ordinance. This newer Code has been adopted by the City of Concord, and will be adopted under the State Fire Code in the near future. This proposed ordinance has provisions for its application, and where enforcement proceedings become necessary, it allows flexibility on a case by case basis.

I ask for your support of this Article not only to make my job much less complicated, but to save the town a substantial amount of money that will otherwise be needed to enforce the existing Code.

Respectfully,

Harold A. Hamilton

BOSCAWEN OLD HOME DAY 1988

On Friday night, August 26, 1988 the Miss and Junior Miss Boscawen pageant was held at the Merrimack Valley School Auditorium. Bethany Waterfield was crowned Miss Boscawen 1988 and Polly Jones was runner up. Amy Lorden was crowned Junior Miss Boscawen 1988 and Deanna Poirier was runner up. Following the pageant, the respective Miss and Jr. Miss Boscawen and their courts attended the Teen Dance held at the Boscawen Town Hall.

The theme for our 1988 Boscawen Old Day celebration was "A Parade of Nursery Tales." This theme attracted several families, organizations, and school groups to participate in the parade on Saturday, August 27. A total of fifteen floats and ten individual marching groups entered the parade to compete for prizes. For the first year in many, there were no marching bands. However, with the large number of creative parade entries, only a few people noticed the absence of a band.

Everyone young and old enjoyed the various activities at the Town Park following the parade. Adults tried their skills at horseshoes and beano, while the younger set played games, watched skateboarders perform, and enjoyed a puppet show. Another big attraction at the park was the softball game between the Boscawen Fire Department and the Boscawen Police Department. The bleachers were full and the cheering was loud as families and friends rooted for their favorite team. The park activities ended with the traditional chicken barbecue.

Local merchants were very supportive of the Old Home Day activities, and a number of door prizes were raffled at the Teen Dance and Adult Dance. There were also some prizes awarded at the Beano Game.

The 1988 Old Home Day celebration was a great success, and we would like to thank everyone for their continued support. The committee organizes the events, but without the support of our local merchants, families, and friends we could not have a successful Boscawen Old Home Day. Thanks again for your support and we look forward to seeing everyone next year.

Respectfully submitted,

Kathleen F. Jaworski, President

BOSCAWEN POLICE DEPARTMENT**CHIEF'S MESSAGE**

The year 1988 was a year of growth for the Boscawen Police Department. Yes, the statistics reflect increased service (up 8% over 1987's calls for service) and crime reports (up 10½% over 1987); yet the department grew in other areas as well.

Thanks in large part to the Ladies Auxiliary the department has been able to sponsor a youth basketball team in the Merrimack Valley Instructional League; this spring we intend to enter the "T-Ball League" as well. Also Officer Croft, the Juvenile Services Officer, has been working with the P.T.O. and the Main Street School in developing programs for the school children. We've sponsored a bicycle rodeo, fingerprinting clinic and "McGruff" at Halloween all at no cost to the taxpayers.

The department gained notoriety for our award for "best dressed agency" in a national uniform competition. Again, the Ladies Auxiliary was instrumental in uniform changes and the addition of our new badges again at no extra cost to the taxpayers.

The department grew so that it could maintain our motto "Caring for our Community". The Boscawen Police wishes to strive to maintain its professionalism in an effort to show our pride in the Town, and hopes that the Town of Boscawen shares this pride with the department.

Respectfully submitted,

Mark R. Pepler
Chief of Police

CONCORD SOLID WASTE/RESOURCE RECOVERY COOPERATIVE

In 1988, the construction of the 500 ton per day refuse to energy facility by SES Concord (Wheelabrator Technologies) in Penacook has proceeded. The construction of the facility is nearing completion, with the initiation of shakedown operations scheduled for this April. During the spring and early summer months, refuse deliveries by the Cooperative to the plant are anticipated to be intermittent as start-up operations proceed. Full commercial operation is anticipated to begin in the late summer/early fall of 1989.

The power generated by the refuse to energy plant is to be sold to Public Service of New Hampshire (PSNH) under the terms of a rate order previously issued by the NH Public Utilities Commission. The impact, if any, of the PSNH bankruptcy on the price to be paid for power is not yet clear. The Cooperative, which entered into financial obligations on the basis of the PUC rate order, continues to maintain the position that the PUC specified rates are in place. Significant progress has been made in dealings with PSNH and Concord Electric Company on finalizing and constructing electrical distribution system improvements.

In March, 1988, the Cooperative was apprised by the NH Department of Environmental Services that the Concord Landfill, which had been approved for disposal of ash residue from the refuse to energy plant, would not be available for use. The Cooperative was successful in acquiring a 38 acre parcel in Franklin. Obtaining permits, securing long term financing, designing and constructing a double lined secure residue landfill in ten months. The landfill was constructed using intensive quality control procedure and, despite the aggressive schedule, was completed at a cost under budget. The landfill is substantially complete and will begin operation in April.

The member municipalities need to ensure that arrangements are made to allow full delivery to the refuse to energy plant by no later than August, 1989. The Cooperative requests that each community make arrangements for the storage and disposal of unacceptable waste, including motor vehicle batteries which constitute the greater source of lead in municipal solid waste. Such batteries are not to be delivered to the refuse to energy plant. The Project Director further encourages all communities to consider and implement materials recycling to reduce anticipated excess tonnage.

CONCORD REGIONAL VISITING NURSE ASSOCIATION

The Concord Regional Visiting Nurse Association continues to offer three major health services to the residents of Boscawen: Home Care, Hospice, and Health Promotion.

Home Care Services respond to the health care needs of those patients with acute or chronic illnesses that require skilled professional and paraprofessional care so they may return to or remain in their homes. Emphasis is on promoting independence and maximum functioning of the patient within the least restrictive setting.

Hospice Services provide professional and paraprofessional services to the terminally ill patient with a limited life expectancy. The goal is to enhance the quality of the patient's remaining life by helping he/she remain at home in comfort and dignity. Emphasis is on pain and symptom management and skilled intervention to meet the patient's special physical and emotional needs.

Health Promotion Services focus on the low and marginal income families and individuals to prevent illness by professional assessment and screening for health risks and needs, by early intervention to prevent, eliminate, or minimize the impact of illness and/or disability, and by anticipatory guidance and health teaching. Services rendered in the clinic setting are: child health, family planning, sexually transmitted disease, adult screening, immunizations, and HIV testing and counseling. Home visits are made in crisis situations or when needed health care cannot be given in the clinic. Senior Health Services are provided at congregate housing sites. Professional and paraprofessional hourly home services are provided on a private fee-for-service basis. Emphasis is on promoting healthy children, families, and individuals through early intervention and health teaching.

Health Education and Instruction is part of each home visit or clinic visit.

Anyone in Boscawen may request service; patient, doctor, health facility, pastor, friend or neighbor. All requests are answered, but continuing home care will only be provided with a physician's order.

A call to the Concord Regional Visiting Nurse Association (224-4093) between the hours of 8:00 a.m. - 4:00 p.m. seven days a week is all that is necessary to start services or make inquiries. A Hospice nurse is on call (224-4093) 4:00 p.m. - 8:00 a.m. daily.

Federal regulations specify a charge is applicable to all visits. Fees are scaled for that person without a health plan who is unable to pay the full charge. However, for fee scaling, federal regulations require a financial statement be completed by the patient or responsible person. Town monies subsidize those visits that are scaled or that no fee is collectible.

This Agency is certified as a Medicare/Medicaid Provider, licensed by the State of NH and is a member agency of the United Way of Merrimack County.

Total visits made during the year October 1, 1987 through September 30, 1988:

	<i>No. of Clients</i>	<i>Visits</i>
Home Care	16	281
Health Promotion	45	207

REPORT OF CONSERVATION COMMISSION

The Conservation Commission had an active year in 1988.

In June, the Commission provided sponsorship and arranged generous private funding for two students to attend the annual conservation camp run by the Society for the Protection of N.H. Forests.

The Commission took several actions to protect the watershed resources of the Town. In addition to investigating applications for dredge and fill permits and reporting back to the N.H. Wetlands Board as usual, the Commission began to bring suspected violations to the attention of the Wetlands Board for enforcement. In conjunction with the Planning Board, the Commission won state funding for a Regional Planning Commission study of the Walker Pond watershed involving Boscawen, Webster and Salisbury. The Commission was also active in developing a draft of a local wetlands ordinance which could be further refined and voted on (at least in part) after the study is finished. Finally, the Commission assisted the Office of State Planning in performing a survey of recreational uses of the Merrimack River.

Regarding the Town Forest, the Commission engaged a forester to mark a large stand of white pine and some hardwood on a portion of the Weir lots for selective cutting and to supervise the cutting. Colby Lumber Company won the bid for the timber and timber harvesting operations are on-going.

The Commission also helped form an *ad hoc* land conservation task force which has been developing ideas for the Town's participation in the state's Land Conservation Investment Program.

Finally, the Commission has begun to review certain of the environmental aspects of the proposed Lake Forest development and expects to be even more actively involved in the coming year.

The Commission meets on the third Wednesday of each month at 7:30 p.m. in the old Selectmen's Office. We invite all who are interested to attend our meetings.

PLANNING BOARD REPORT

EK Associates unveiled a preliminary proposal for approximately 400 housing units and an 18 hole golf course on a site that combines the former Pantenaude property and Cold Book Gravel off Queen Street. If this project proceeds as expected, it will be the largest housing project in the Town's history and will mean an exceptionally busy year for the Planning Board.

The Town is as well prepared from a planning point of view as any town in the region. The Master Plan was completed this past year and all zoning, subdivision and site plan review ordinances are revised, up-to-date and in force. Fortunately this process was completed prior to receiving this proposal. It should be an interesting year. The Planning Board urges public participation at all meetings and hearings.

Respectfully submitted,

Edward R. Brodeur, Chairman

HEALTH OFFICER REPORT

During 1988 the Health Officer answered 54 calls for assistance with health related problems. Many inspections of properties were made and violations corrected. I would like to thank those of you who have assisted me in keeping our town clean and safe.

Should you have concerns regarding health and safety in our town, please call me or the Selectmen's office.

Respectfully yours,

John Dagata
Health Officer
796-2426 / 796-2609

BOSCAWEN TOWN MEETING

March 8, 1988

The annual Town meeting was called to order at 10:00 a.m. by the moderator Rick Trombly, who read the warrant and declared the polls open until 7:00 p.m.

Ballot clerks were: Eugene Randlett, Bernadette Randlett, Marie Sherman, and Jane Rivet.

Polls closed at 7:00 p.m. Votes were counted and the results were:

Selectmen — 3 Years	Sandra E. Brodeur	252
	David R. Plourde	212
Selectmen — 1 Year	Walter E. Bowen, III	133
	Thomas Danko	336
Town Clerk	Barbara M. Holmes	432
	Miscellaneous Write-ins	
Town Treasurer	Patricia C. Knight	428
	Miscellaneous Write-ins	
Auditor	Frances Rostron	6
	Miscellaneous Write-ins	
Moderator — 2 Years	Rick A. Trombly	427
Supervisor — Checklist — 6 Years	Carl S. Glover, Sr.	421
	Miscellaneous Others	
Trustee of Trust Funds — 3 Years	Kathleen F. Jaworski	403
Trustee of Library Funds — 3 Years	Joseph B. Bowes	338
	Lucile Carlson	374
Absentee Ballots Cast		14
Regular Ballots Cast		460
Total Ballots Cast		474

The meeting was called to order at 8:25 p.m. by the moderator Rick Trombly who gave the report of the balloting.

ARTICLE 1: To choose all necessary Town Officers for the year ensuing.

Official Weighers: Dorothy Sanborn moved to re-elect the incumbents as listed in the Annual Report. The motion was seconded by Larry Bird. There being no discussion, the motion was carried unanimously.

Surveyors of Wood and Lumber: Joy Sloane moved to re-elect the incumbents as listed in the Annual Report. The motion was carried unanimously.

Fence Viewers: Claire Clarke moved to re-elect the incumbents as listed in the Annual Report. The motion was seconded by Larry Bird. There being no discussion, the motion was carried unanimously.

A motion was made by David Plourde and seconded by Robert Knowlton to vote on Article 17 at this time before any other articles as the article had to be voted on by paper ballot and check list. Discussion: Robert Knowlton asked for clarification of the article. It was then clarified by David Plourde. There being no further discussion, the motion was carried, and the voting ensued.

ARTICLE 2: To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

Craig Nixon moved that the fire department's budget be separated from the rest of the budget. Ray Fisher seconded the motion. Discussion: Craig Nixon stated that the fire department chief's salary should be raised from one thousand dollars (\$1,000.00) to two thousand dollars (\$2,000.00) and that the job is very involved and that because Roland "Joe" Bartlett doesn't look out for himself but, instead, for others, that is the reason why he didn't mention it when the budget was being discussed with him prior to the town meeting. Ray Fisher also agreed with that fact. Moderator Rick Trombly asked their ideas about the remainder of the budget. Rhoda Hardy, Alan Grill, and Pat Lemay wanted to know what exactly they were getting for their money, what the salaries of the town officers were going to be, how could last year's salaries, etc., be more than what was appropriated, were salaries being raised, and if there was a ceiling on the amount that could be spent. David Plourde's response was that with a new appropriation figure of fifty five thousand six hundred fifty dollars (\$55,650.00), the budget would be more near the actual expenditures, that monies were transferred from other accounts to pay for the items that were over the appropriated figures, that there is no ceiling on hourly rate, but there is a ceiling on the yearly salaries, that the selectmen do have the authority of transferring funds from one account to another, and that there would be a change of hours for some of the town officers. A review of the budget then followed. Moderator Rick Trombly then reminded the townspeople that there was still no motion on the floor; only that the budget had been separated. Discussion by Lawrence Blodgett, Pat Lemay and Alan Grill as to why the Administrative Assistant was being paid more than some of the police officers as the police officers' jobs were more dangerous than that of the Administrative Assistant. The Administrative Assistant's responsibilities include working 40 hours per week, being required to attend all public selectmen's meetings (usually about two per month), and she, in effect, is a fourth selectmen. The selectmen's salaries were then discussed. Alan Grill suggested that the patrolmen's salaries be raised from nineteen thousand dollars (\$19,000.00) to twenty two thousand dollars (\$22,000.00) and from eighteen thousand five hundred dollars (\$18,500.00) to twenty one thousand five hundred dollars (\$21,500.00). Alan Grill then moved to amend the bottom line of the budget to seven hundred ninety four thousand seven hundred ninety dollars (\$794,790) and directing the selectmen to apply six thousand dollars (\$6,000.00) to the police department's appropriation for the purpose of increasing two policemen's salaries by three thousand dollars each (\$3,000.00). Lawrence Blodgett seconded the motion. The motion now before the Town was to appropriate the sum of seven hundred ninety four thousand seven hundred ninety dollars (\$794,790) excluding the fire department's budget and increase the police department's budget by six thousand dollars (\$6,000.00) to be applied to Patrolmen A and B. There being no further discussion, the motion was defeated.

Craig Nixon then made a motion to amend the fire department's budget from forty five thousand two hundred sixty five dollars (\$45,265.00) to forty six thousand two hundred sixty five dollars (\$46,265.00), an increase

of one thousand dollars (\$1,000.00), and directed the selectmen to apply the one thousand dollars (\$1,000.00) to the fire department's chief's salary. Ray Fisher seconded the motion. There being no further discussion, the motion carried unanimously, the article being accepted. Discussion: Ray Fisher moved that the fire department budget and the rest of the budget should be separated.

Alan Grill moved that the budget in the amount of eight hundred thirty five thousand fifty five dollars (\$835,055.00) be accepted; William Harmon seconded the motion. There being no further discussion, the motion carried.

ARTICLE 3: To see if the Town will vote to raise and appropriate a sum not to exceed twenty-two thousand dollars (\$22,000.00) for the purchase of a pick-up truck, plow and mower for the Highway Department.

Ray Fisher moved the article be accepted; the motion was seconded by Claire Clarke. There being no discussion, the motion was carried.

ARTICLE 4: To see if the Town will vote to raise and appropriate a sum not to exceed twenty-five thousand dollars (\$25,000.00) for the removal and replacement of two underground fuel storage tanks.

Robert Knowlton moved the article be accepted; the motion was seconded by Ron Reed. Discussion: Ray Fisher questioned whether the Town could use monitoring wells, tanks, and other parts of the system, but was told that they are second-hand and too old. There being no further discussion, the motion carried unanimously.

ARTICLE 5: To see if the Town will vote to raise and appropriate a sum not to exceed eight thousand four hundred dollars (\$8,400.00) for the completion of the town office building; heat in the cellar, curbs and striping of the parking lot.

Douglas Supry moved the article be accepted; the motion was seconded by David Plourde. Discussion: Dorothy Sanborn objected stating that it was her belief that the striping, etc., had already been done. In response, David Plourde replied that it had not been done. Ed Maloof brought up that people should not be driving on the lawn, but as Douglas Supry further states, out-of-town police cars and others do drive on the grass. Pat Lemay suggested that it was time to start curtailing the budget, and therefore, no curbing or striping should be done at the town hall. There being no further discussion, the motion was defeated.

ARTICLE 6: To see if the Town will vote to raise and appropriate a sum not to exceed fifteen thousand dollars (\$15,000.00) for the purchase of a police cruiser.

Robert Knowlton moved the article be accepted; Joy Sloane seconded the motion. Discussion: Robert Knowlton asked for a description of the vehicle being purchased. Mark Pepler stated that they have two vehicles, one a 1983 with 82,000 miles and a 1984 with 19,000 miles. The 1983 vehicle was put up at auction and no bids were received. Mark Pepler also stated that there was only a six hundred dollar (\$600.00) difference between a four wheel drive cruiser and a two wheel drive cruiser and that the fifteen thousand dollars (\$15,000.00) included the radio, grill, lights,

etc., and that one of the other cruisers had too many miles on it to be counted on in an emergency but that it would be fine for trips back and forth to district court, etc. There being no further discussion, the motion carried unanimously.

ARTICLE 7: To see if the Town will vote to raise and appropriate a sum not to exceed three thousand five hundred dollars (\$3,500.00) for the purchase of compatible computer equipment for the purpose of computerizing the town property assessment records.

David Plourde moved the article be accepted; the motion was seconded by Douglas Supry. Discussion: Ed Maloof wanted to know what type of things the computer would be used for. David Plourde responded that it would be used by the treasurer, bookkeeper, and tax collector and went on to explain that it was IBM compatible, that training was included in the price of three thousand five hundred dollars (\$3,500.00) for everyone in the office that needed training, and that it had been approved of by Revenue Administration. Alan Grill stated that for three thousand five hundred dollars (\$3,500.00), it was a very good price. Michele Trembley wanted to know whether it was going to be a single user station or whether it would be a satellite-type system. William Harmon wanted to know if there was a service agreement and warranty and for how long. David Plourde responded that there was a standard service agreement and that the warranty was for one year. There being no further discussion, the motion carried.

ARTICLE 8: To see if the Town will vote to raise and appropriate a sum not to exceed nine thousand one hundred eighty dollars (\$9,180.00) for the Town's share of the Concord Regional Solid Waste/Resource Recovery Cooperative's operating budget.

William Harmon moved the article be accepted; Lawrence Blodgett seconded the motion. Discussion: Douglas Supry stated that someone has to be there running the plant and that cost was based on population, the Town's cost being nine thousand one hundred eighty dollars (\$9,180.00) and that the products of the plant, such as ash, would need to be taken care of. There being no further discussion, the motion carried.

ARTICLE 9: To see if the Town will vote to raise and appropriate a sum not to exceed eight thousand dollars (\$8,000.00) to help support the Penacook Rescue Squad for its emergency medical services and rescue operations for the Town.

Dorothy Sanborn moved the article be accepted; Ron Reed seconded the motion. There being no discussion, the motion was carried unanimously.

ARTICLE 10: To see if the Town will vote to raise and appropriate a sum not to exceed six thousand dollars (\$6,000.00) for the services of the Concord Regional Visiting Nurse Association.

Pat Lemay moved the article be accepted; Robert Knowlton seconded the motion. There being no discussion, the article was carried unanimously.

ARTICLE 11: To see if the Town will vote to raise and appropriate a sum not to exceed two thousand four hundred dollars (\$2,400.00) for services to low-income residents of Boscawen through the Concord Area Center Community Action Program, Belknap-Merrimack Counties, Inc.

Alan Grill moved the article be accepted; Robert Knowlton seconded the motion. There being no discussion, the motion was carried unanimously.

ARTICLE 12: To see if the Town will vote to raise and appropriate a sum not to exceed three thousand dollars (\$3,000.00) toward the operating expenses of the Penacook Centers — two thousand five hundred dollars (\$2,500.00) for the Youth Center and five hundred dollars (\$500.00) for the Senior Center.

Claire Clarke moved the article be accepted; Robert Knowlton seconded the motion. There being no discussion, the motion was carried.

ARTICLE 13: To see if the Town will vote to raise and appropriate a sum not to exceed six hundred ninety five dollars (\$695.00) for the purchase of a blueprint machine for use by all town departments and authorize the withdrawal of five hundred one dollars (\$501.00) for this purpose from the Revenue Sharing Money with the balance to be raised by taxation.

Robert Knowlton moved the article be accepted; Thomas Danko seconded the motion. Discussion: Frances Rostron wanted an explanation of what a blueprint machine does. David Plourde explained that it would be a big help to Planning and Zoning and that it is used for making copies of maps. Lawrence Blodgett wanted to know who was making the blueprints prior to this. David Plourde responded that, prior to this, the blueprints were being done free of charge by a person that is now retired and is, therefore, now unavailable. Lawrence Blodgett wanted to know if there would be enough use for the machine. Robert Knowlton felt that there would be enough use, that the cost of buying the blueprint machine would be very little, and therefore, well worth the money. There being no further discussion, the motion was carried unanimously.

ARTICLE 14: To see if the Town will vote to raise and appropriate a sum not to exceed eight hundred twenty three dollars (\$823.00) to contribute to a regional Household Hazardous Waste Collection Program provided that the Board of Selectmen approves the terms of the Town's participation in the Program. This Program will enhance the proper disposal of hazardous household products such as paint thinner, solvents, pesticides and the like.

Roland "Joe" Bartlett moved the article be accepted; Ray Fisher seconded the motion. There being no discussion, the motion was carried unanimously.

ARTICLE 15: To see if the Town will vote to raise and appropriate a sum not to exceed two hundred fifty dollars (\$250.00) for the purpose of Town beautification.

Ron Reed moved the article be accepted; Florence Danko seconded the motion. Discussion: Dorothy Sanborn suggested that people donate

flowers. Joy Sloane expressed her thoughts that the flowers last year were done beautifully. David Plourde responded that Cynthia Houston and Theresa Cunningham did the flowers. Frances Rostron wanted to let the townspeople know that the Ladies Aide also planted shrubs in front of the new town offices. There being no further discussion, the motion was carried unanimously.

ARTICLE 16: To see if the Town will vote to raise and appropriate one-half the cost of designing and installing a septic system with leach field for the Boscawen Town Hall in conjunction with the system being installed for the Boscawen Congregational Church up to thirty thousand dollars (\$30,000.00). This system will be on land owned by the Boscawen Congregational Church and will conform to applicable State ordinances.

Rhoda Hardy moved that the article be amended to read "appropriate two-thirds the cost of designing and installing"; Allan Grill seconded the motion. Rhoda Hardy discussed that at the present time, the sewerage runs over the banking. Chris Kronser, the engineer, explained that, because of the dining facility, the town hall's cost would be about two-thirds of the full amount it would cost, and that since the church did not have a dining facility, their cost would come to about one-third of the full amount. Chris Kronser explained that if the townspeople do not accept the article, then they will not have a septic system until how many ever years it takes to get the town to put one in. Debra Bevans suggested that now was the chance to bring the septic system up to standards instead of letting the sewerage run over the banking. Allan Grill suggested that we put the septic system in now instead of duplicating efforts later.

A motion was made to limit the debate. The motion carried. The motion still on the floor at that time was to amend the article to read "appropriate two-thirds the cost of designing and installing" instead of "one-half." There being no further discussion, the motion carried.

ARTICLE 17: To see if the Town will vote on the following question:

"Shall we adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure? These statutes provide that tax sales to private individuals for non-payment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a Municipality or County where the property is located or the State may acquire a tax lien against land and buildings for unpaid taxes."

Effective 4/1/88 (By Petition).

Article 17 was accepted by prior vote, the results being 123 in the affirmative and 6 in the negative. As a result, the motion carried.

ARTICLE 18: To see if the Town will vote to adopt the provisions of RSA 72:43-e Adjusted Elderly Exemption to replace the Expanded Elderly Exemption RSA 72:43-a, effective 4/1/88.

Claire Clarke moved the article be accepted; Robert Knowlton seconded the motion. David Plourde explained the article and added that if the article was not passed, then it would be unlikely that there would be

any elderly exemptions to be granted. There being no further discussion, the motion was carried unanimously.

ARTICLE 19: To see if the Town will authorize the Selectmen to accept private donations of land, interests in land and/or money for the purpose of contributing to the local matching portion required for acquiring conservation land or interests in land and other costs associated therewith for permanent Conservation use under the N.H. Land Conservation Investment Program (LCIP), RSA 221-A, and authorize the Selectmen to apply for and accept the state matching funds under the LCIP for the purposes of acquisition of the fee or lesser interest in conservation land. Said donated funds and state matching funds may be expended by majority vote of the Conservation Commission with the approval of the Selectmen.

Fred McLaughlin moved that the article be accepted; David Rozik seconded the motion. There being no discussion, the motion was carried unanimously.

ARTICLE 20: To see if the Town will vote to eliminate the position of elected town auditors as the town hires an outside firm to do the Town audit.

Claire Clarke moved the article be accepted; Ray Fisher seconded the motion. Discussion: Dorothy Sanborn objected stating that we should keep the position of auditors. David Plourde replied that it was better that we hire an outside firm to do the auditing as in the past. There being no further discussion, the motion was carried.

ARTICLE 21: To see if the Town will vote to empower the Selectmen to borrow such sums of money as may be necessary to meet current expenses of the Town until the taxes are paid to the Treasurer.

Robert Knowlton moved the article be accepted; Ron Reed seconded the motion. There being no discussion, the motion was carried unanimously.

ARTICLE 22: To see if the Town will vote to give the selectmen authority to transfer or sell property taken by the town in default of Redemption from the Tax Sale or otherwise acquired and such sale to be at public auction with the Selectmen reserving the right to accept or reject any or all bids.

Fred McLaughlin moved that the article be accepted; Thomas Danko seconded the motion. There being no discussion, the motion was carried unanimously.

ARTICLE 23: To see if the Town will vote to authorize the Selectmen to make application for and to accept and to expend on behalf of the Town any and all advances, grants, or other funds for Town purposes which may now or hereinafter be forthcoming from the U.S.A. or the State of New Hampshire or any Federal or State agency.

Claire Clarke moved that the article be accepted; Ron Reed seconded the motion. There being no discussion, the motion was carried unanimously.

ARTICLE 24: To see if the Town will vote to authorize the Selectmen to accept and to expend on behalf of the Town private gifts and contributions for Town purposes.

Roland "Joe" Bartlett moved the article be accepted; Frances Rostron seconded the motion. There being no discussion, the motion was carried unanimously.

ARTICLE 25: To transact any other business which may legally come before this meeting.

Joy Sloane suggested that David Plourde and Walter Bowen, III, be given a hand since they did all the work that no one else wanted to do. Moderator Rick Trombly thanked everyone for their patience since it was his first time of moderating a town meeting.

David Plourde moved adjournment of the meeting at 10:35 p.m.

Respectfully submitted,

Barbara Holmes
Town Clark

ZONING OFFICER'S REPORT

Due to updating the Boscawen Master Plan which included zoning, sub-division and site review, this past year has been rather hectic. Gradually things are smoothing out as everyone becomes familiar with the updated regulations. We are finding some discrepancies requiring attention.

It is coming to the time when the town should consider a building code. A reasonable fee system for permits could be instigated to off-set the cost of a part or full-time person to carry out Zoning Code Regulations, Town and State Ordinances and Building Codes.

Building Codes ensure that shoddy construction will be greatly reduced, resulting in the general public and home owners being assured of quality construction and more value for their money. Qualified building inspectors enforce these standards, which are up-graded every few years by the National BOCA organization.

Codes in affect pursuant to State Laws at the present time are:

1. 1987 National Electrical Code
2. 1987 NH State Plumbing Code (1987 BOAC Plumbing Code with amendments)
3. 1984 NH State Fire Code (which includes adoption of a number of National Fire Protection Association Standards, among which are NFPA 211, Chimneys, Fireplaces, Vents and Solid Fuel Burning Appliances; NEPA 31, Installation of Oil Burning Equipment; NFPA 54, National Fuel Gas Code; NEPA 74 Household Fire Warning Equipment)
4. 1979 Energy Code

Permits have been somewhat reduced — the calm before the storm.

Barbara M. Holmes, Town Clerk

PENACOOK-BOSCAWEN WATER PRECINCT WARRANT FOR ANNUAL MEETING

To the inhabitants of Penacook-Boscawen Water Precinct in the County of Merrimack and the State of New Hampshire, qualified to vote in Precinct affairs.

You are hereby notified to meet at the Boscawen Town Hall in Boscawen in said Precinct on the 28th day of March, 1989 at 7:30 o'clock in the evening, to act upon the following subjects:

1. To hear the reports of the Precinct officers and pass any vote relating thereto.
2. To choose all necessary Precinct officers for the ensuing year.
3. To see if the Precinct will vote to raise and appropriate the amounts listed in the budget for 1989.
4. To see if the Precinct will vote to raise and appropriate the sum of \$115,000.00 for the engineering, plans and ground work relative to the Water Filtration Plant.
5. To see if the Precinct will vote to raise and appropriate a sum of \$97,500.00 to buy and install water meters in the consumers' homes which will be a start in metering all homes and businesses in the Precinct.
6. To authorize the Precinct Commissioners to borrow money in anticipation of Precinct Taxes and other revenues for the year and to issue notes therefor at such time within one year and at such place as the Precinct Commissioners shall determine.
7. To see if the Precinct will vote to give the Commissioners authority to transfer any unexpended balances of money from one appropriation to another.
8. To see if the Precinct will vote on the following:
"That the existing boundary of the Penacook-Boscawen Water Precinct be extended in a northerly direction along the Queen Street right-of-way approximately 7000 feet to encompass the property presently owned by EK Associates and the property presently owned by Cold Brook Gravel, Inc." (By Petition)
9. To transact any other business which may legally come before the meeting.

Given under our hands and seal this 10th day of February, 1989.

James Hewey, Sr.
Charles Scheys
Everett Blaise

A true copy of Warrant: Attest

James Hewey, Sr.

PENACOOK-BOSCAWEN WATER PRECINCT COMMISSIONERS' REPORT

Roy F. Weston Incorporated, Engineering Firm, conducted ground water exploration (test wells) within the Town, but found that the supply might not be enough to take care of the needs of the Precinct.

This is the second time the Precinct has gone this route and we decided that since Walker Pond produces daily over twice the amount of water we require on our hottest days plus has the advantage of storage of millions of gallons of water; we decided it would be in the best interest of the Precinct to build a Water Filtration Plant on the pond where we feel the supply seems ample even if the Precinct grows.

We have included a warrant article in the amount of \$97,500 for water meters and installation. Over the next three years it is our goal to put water meters in every unit that is using the Precinct water. We feel this will be the fairest way, so that each household will be paying only for the water they use or waste.

This will also help the Precinct to keep better tract of the water used and moreover detect any leaks within the system.

The Precinct will be raising the flat rate per unit to \$75.00 in 1989.

Respectfully submitted,

James Hewey, Sr.
Charles Scheys
Everett Blaise
Water Commissioners

**PENACOOK AND BOSCAWEN WATER PRECINCT
INDEPENDENT AUDITORS' REPORT**

Board of Commissioners
Penacook and Boscawen Water Precinct

We have audited the accompanying balance sheets of the Penacook and Boscawen Water Precinct as of December 31, 1988 and 1987, and the related statements of income and retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of Precinct Officials. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly in all material respects the financial position of the Penacook and Boscawen Water Precinct as of December 31, 1988 and 1987, and the results of its operations and its cash flows for the years then ended, in conformity with generally accepted accounting principles.

**PENACOOK AND BOSCAWEN WATER PRECINCT
INDEPENDENT AUDITORS' REPORT
ON ADDITIONAL INFORMATION**

Board of Commissioners
Penacook and Boscawen Water Precinct

Our report on our audit of the basic financial statements of the Penacook and Boscawen Water Precinct for 1988 and 1987 appears on page 1. That audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule of budgetary expenses is presented for additional analysis and is not a required part of the basic financial statements of the Penacook and Boscawen Water Precinct. The schedule of budgetary expenses is presented in accordance with the requirements of the New Hampshire Department of Revenue Administration which differ from generally accepted accounting principles. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**PENACOOK AND BOSCAWEN WATER PRECINCT
NOTES TO FINANCIAL STATEMENTS
December 31, 1988 and 1987**

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Penacook and Boscawen Water Precinct (the Precinct) conform to generally accepted accounting principles as applicable to governments which operate utilities that are financed and accounted for in a manner similar to private business enterprises, except as indicated.

Basis of Accounting

The Precinct's financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when they are incurred. Estimated amounts have not been recorded for services rendered but not billed as of the close of the year as required by generally accepted accounting principles. Interest on General Obligation Debt is recognized when due rather than when incurred in accordance with State requirements. The Precinct believes that the effects of these departures are immaterial to these financial statements.

Utility Plant in Service and Depreciation

Utility plant in service is stated at cost. Depreciation is provided over the estimated useful lives of the various components using the stright-line method. Estimated useful lives are as follows:

	Years
Building and Structures	40
Standpipes	30
Mains, Hydrants and Services	30-50
Other Equipment	5-20

Although still in use, fully depreciated assets are removed from the accounts.

Inventory of Materials

Inventories of materials consist of water system materials and supplies and are valued at cost.

Cash

The Precinct's cash at December 31, 1988 consists of deposits with a book balance of \$57,762 and a bank balance of \$27,826. The bank balance is fully insured by the federal depository insurance.

NOTE 2 — UTILITY PLANT IN SERVICE

A summary of utility plant in service component balances at December 31, 1988 and 1987 is as follows:

	1988	1987
Water Supply Land	\$ 16,967	\$ 16,967
Water Supply Structure	3,592	3,592
Pumping Station Structure	57,390	57,390

Water Storage Structure	258,628	258,628
Water Department Garage	18,249	18,249
Pumping Station Equipment	58,987	58,987
Mains	516,634	512,069
Services, hydrants and Meters	53,996	52,988
Engineering	32,916	18,394
Other Equipment	14,651	14,651
Construction in Progress	14,000	14,000
Total	1,046,010	1,025,915
Less Accumulated Depreciation	471,394	445,711
Net	<u>\$574,616</u>	<u>\$580,204</u>

NOTE 3 — LONG-TERM DEBT

Under State law, long-term debt is a direct obligation of the Precinct for which its full faith and credit is pledged, and is payable from taxes levied on all taxable property located in the Precinct.

Following is a summary of long-term debt at December 31:

	1988	1987
\$250,000 Water Bond Issue of 1974. Payable in annual installments of \$12,500 through May 1994. Interest payable semi- annually at 4.85% to 5.65%	\$75,000	\$ 87,500
\$121,000 Water Bond Issue of 1967. Payable in annual installments of \$5,000 through March 1991. Interest is payable semi-annually at 4.2%	15,000	20,000
	90,000	107,500
Less Current Maturities included in Current Liabilities	17,500	17,500
	<u>\$72,500</u>	<u>\$ 90,000</u>

The annual requirements to amortize the outstanding debt as of December 31, 1988, including interest payments of \$13,621 are as follows:

Year Ended December 31,	Amount
1989	\$21,882
1990	20,990
1991	20,074
1992	14,268
1993	13,556
1994	12,851

NOTE 4 — PROPERTY TAXES

The Precinct is empowered by State law to raise taxes based upon the valuations of real property located within its boundaries. The property taxes are collected by the municipal governments of Boscawen and Concord. In 1988 tax levies from Boscawen and Concord were \$79,371 and \$3,575 respectively.
