

The Texas Board of Pardons and Paroles

Annual Statistical Report
FY 2018

MISSION STATEMENT

THE MISSION OF THE TEXAS BOARD OF PARDONS AND PAROLES is to perform its duties as imposed by Article 4, Section 11, of the Texas Constitution and:

- Determine which prisoners are to be released on parole or discretionary mandatory supervision;
- Determine conditions of parole and mandatory supervision;
- Determine revocation of parole and mandatory supervision; and
- Recommend the resolution of clemency matters to the Governor.

VISION STATEMENT

THE TEXAS BOARD OF PARDONS AND PAROLES, guided by sound application of the discretionary authority vested by the Constitution of the State of Texas, shall:

- Render just determination in regard to parole release and revocations, thereby maximizing the restoration of human potential while restraining the growth of prison and jail populations;
- Impose reasonable and prudent conditions of release consistent with the goal of structured reintegration of the releasee into the community; and
- Resolutely administer the clemency process with recommendations to the Governor fully commensurate with public safety and due consideration.

In accordance with Section 508.036(a)(5), Government Code, the Presiding Officer shall report at least annually to the Governor and the Legislature on the activities of the Board and Parole Commissioners.

The information in this report was obtained from the Texas Department of Criminal Justice, who is responsible for maintaining and providing statistical information relating to parole and mandatory supervision pursuant to Government Code Section 508.313(b).

REPORT OVERVIEW

The Texas Board of Pardons and Paroles (Board), a constitutionally created agency, decides whether to parole eligible offenders, the terms of parole supervision, and whether to revoke parole if terms are violated. The Board also recommends clemency to the Governor.

The Board consists of seven members appointed for six-year terms by the Governor with the advice and consent of the Senate. Board members must be representative of the general public and have lived in Texas the two years before appointment. The Presiding Officer reports directly to the Governor and serves as administrative head of the agency.

The Board sets policy for parole and mandatory supervision consideration, votes special cases requiring a full Board vote, and votes clemency matters.

The Board uses research-based Parole Guidelines to assess each offender's likelihood for a successful parole against the risk to society.

In deciding whether to revoke parole, the Board uses a graduated sanctions approach. Depending on the seriousness of the violation, the Board may continue parole, impose additional conditions, place the offender in an Intermediate Sanction Facility, or use other alternatives to revoking parole and sending the offender back to prison.

Fourteen Parole Commissioners are hired by the Presiding Officer to assist the Board in deciding parole release and revocation by serving as voting members on parole panels.

PAROLE REVIEW PROCESS

The parole review process entails an exhaustive review and consideration of an offender’s case, from conviction offense, to medical and psychological history, to how they have adjusted and behaved in prison. Case files arrive regularly in each Board office or are sent as an electronic file through the Offender Information Management System (OIMS). Each parole panel of the Board reviews files and interviews victims upon request as required in Texas Government Code, Section 508.153. Interviews with offenders and other individuals in support or protest of an offender is at the discretion of the parole panel’s lead voter.

Parole Panels

A parole panel is composed of one Board Member and two Parole Commissioners who make decisions by majority vote concerning parole and discretionary mandatory release, revocation, and imposing conditions of supervision. For offenders convicted of certain offenses, the law requires a vote of two-thirds of the Board Members to grant parole (Texas Government Code, Section 508.046, Extraordinary Vote Required).

Parole Review

All offenders sentenced to a term of incarceration in the Texas Department of Criminal Justice Correctional Institutions Division (TDCJ CID) are eligible for release on parole, except those sentenced to death or to life imprisonment without parole.

If an offender is denied parole, the Board is required to set a future date for parole reconsideration. If the offender is not convicted of an offense listed in Texas Government Code, Section 508.149(a), this date must be set as soon as practical after the first anniversary of the denial date. If the offender is serving a sentence for an offense listed in Section 508.149(a), Government Code, or an offense punishable as a felony of the second or third degree under Section 22.04, Penal Code, the date may be set up to five years from the denial date. If the offender is serving a sentence under Section 22.021, Penal Code, or a life sentence for a capital felony, the date may be set up to ten years from the denial date.

Board Activity Report

The Board was established by the Texas Constitution to make decisions concerning parole and to recommend clemency to the Governor. The tables in this section of the annual report detail the activities of the Board Members and Parole Commissioners, including votes for and against parole and discretionary mandatory supervision, revocation and non-revocation decisions, the number of hearings conducted and waivers reviewed, and the number of clemency cases reviewed by the Board Members.

Parole Considerations

The overall parole approval rate for FY 2018 was 33.00 percent (*see table on page 5*). Parole considerations in the following table are separated into violent and non-violent and aggravated sexual and aggravated non-sexual cases. An example of a violent offense is murder and a non-violent offense is credit-debit card fraud. The sexual and non-sexual categories are self-explanatory.

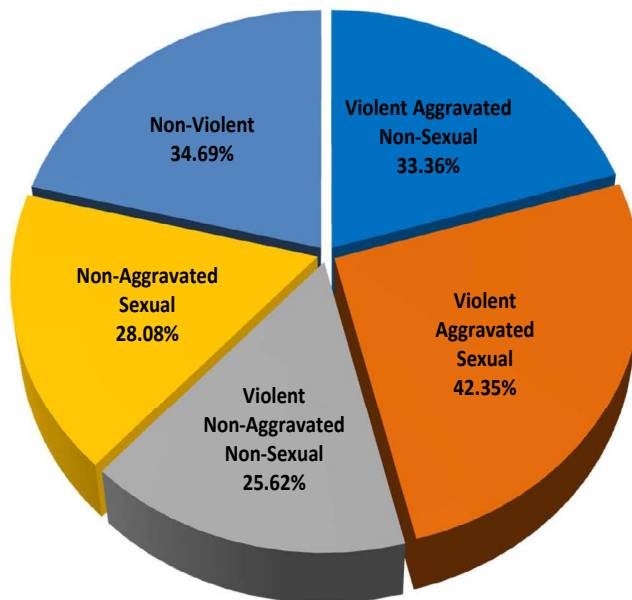

Additional tables in this section provide a history of the overall parole approval rates, approval and denial rates for each Board Member, approval rate by type, and other related parole tables by designated categories, i.e., Consecutive Sentences, Parole in Absentia, Medically Recommended Intensive Supervision (MRIS), and Special Review.

	TOTAL TIER VOTES ONLY	10,196	38.38% **

* Rehabilitation tier voting options include various programs within TDCJ CID that must be completed before offenders are released on parole. These rehabilitation programs are designed to help offenders prepare for their return to the community and facilitate their successful reentry into society.

** The 38.38 percent represents the actual percentage of Rehabilitation Tier Votes (FI-3R, FI-4R, FI-6R, FI-7R, FI-9R, and FI-18R) of the total 26,566.

Consecutive Sentences

When an offender has two or more convictions and is serving consecutive sentences, he/she will serve each conviction one after the other. When an offender has two or more convictions and is serving concurrent sentences, he/she will serve each conviction at the same time. The court of conviction determines if sentences will be served consecutively or concurrently.

- If all offenses in the series of consecutive sentences occurred on or after September 1, 1987, then each sentence must be considered separately from the other consecutive sentences in the series.
- If approved for parole on the current sentence, the offender will begin serving the next sentence on the date designated by the parole panel.
- On the last and final sentence, the offender is reviewed in the same manner as any offender sentenced to serve a single sentence.
- Offenders are not released until parole is granted or the mandatory release date is reached for the last sentence in the series.

Discretionary Mandatory Supervision (DMS)

For offenses committed on or after September 1, 1996, a parole panel is required to approve an offender's release to mandatory supervision. A parole panel may deny an offender's release to mandatory supervision when it determines that an offender's accrued good conduct time is not an accurate reflection of the offender's potential for rehabilitation and the offender's release would endanger the public.

Prior to DMS, certain offenders were released to Mandatory Supervision according to the statutory requirements without a parole panel vote.

Offenders excluded from the Mandatory Supervision law are those serving a sentence for or previously convicted of any of the following offenses:

- Aggravated Assault, 1st or 2nd Degree
- Aggravated Kidnapping, 1st or 2nd Degree
- Aggravated Robbery, 1st Degree
- Aggravated Sexual Assault, 1st Degree
- Any Offense with an Affirmative Finding of a Deadly Weapon
- Arson, 1st Degree
- Burglary, 1st Degree
- Capital Murder
- Compelling Prostitution
- Continuous Sexual Abuse of Young Child or Children
- Indecency with a Child
- Injury to a Child, Elderly, or Disabled Individual, 1st Degree
- Murder, 1st or 2nd Degree
- Robbery, 2nd Degree
- Sexual Assault
- Sexual Performance by a Child
- Trafficking of Persons
- A Felony Increased Under Health and Safety Code (Drug-Free Zones or Use of Child in Commission of Offense)

DMS Considerations

The overall DMS approval rate is 47.89 percent. DMS votes are listed by considerations and approval rates by offense type, considerations and approval rates history, and considerations by each voting member.

MEDICALLY RECOMMENDED INTENSIVE SUPERVISION (MRIS)

Medically Recommended Intensive Supervision (MRIS) represents a cooperative effort between the Board, Texas Correctional Office for Offenders with Medical or Mental Impairments (TCOOMMI), Correctional Managed Health Care providers, and TDCJ Parole Division to identify offenders with serious impairments. Provided a release does not constitute a threat to public safety, collaborative decisions are made to release these offenders to a more appropriate environment with supervision.

If an offender qualifies for release to MRIS, the MRIS panel bases its decisions on the offender's medical condition and prognosis, and whether the offender constitutes a threat to public safety.

Offenders must comply with the terms and conditions of the MRIS program and abide by a TCOOMMI-approved release plan. Offenders remain under the care of a physician and in a medically suitable placement.

SPECIAL REVIEW

Special Review provides a forum for a case to be considered by a Special Review parole panel when it is determined that there is information that was not previously available to the parole panel. If the panel based its decision upon erroneous information or an administrative file processing error, the case may be returned to the original panel to reconsider the decision. Requests for Special Review are considered in the following circumstances:

- A parole panel member who voted with the majority desires to have the decision reconsidered prior to the Next Review (NR) date; or
- A written request on behalf of an offender is received which cites information not previously available to the parole panel; or
- Both parole panel members who voted with the majority are no longer active Board Members or Parole Commissioners and the Presiding Officer places the decision in the Special Review process to be reconsidered prior to the NR date.

In FY 2018, the Board considered a total of 211 Special Review cases. The chart below reflects the disposition of the cases.

SUPER INTENSIVE SUPERVISION PROGRAM (SISP)

The Presiding Officer designates regular parole panels and alternate panels. The Super Intensive Supervision Program (SISP) panel considers offenders known to have:

- Committed or threatened to commit an act resulting in a victim; caused bodily injury or serious bodily injury; or placed an individual in danger of bodily injury or serious bodily injury; or
- Had problematic institutional adjustment, such that their accrued good conduct time is not an accurate reflection of their potential for rehabilitation and their release would endanger the public; or identified by TDCJ as a member of an organized prison gang.

INSTITUTIONAL PAROLE ACTIVITY

The Institutional Parole Operations (IPO) performs a variety of functions for the Board. A primary IPO responsibility is interviewing offenders and preparing case summaries for review by a parole panel. The information in the case summary assists the parole panel in making parole or release decisions. In FY 2018, there were 78,287 parole case summaries and 18,184 DMS summaries completed. Additionally, 19 summaries were prepared for clemency reviews on death penalty cases.

Summaries Prepared

	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018
Parole Case Summaries	74,376	81,058	79,732	79,723	78,287
DMS Summaries	16,793	18,196	19,906	19,810	18,184
Clemency Case Summaries	24	23	14	15	19
TOTAL	91,193	99,277	99,652	99,548	96,490

Upon a decision being rendered by a voting panel, the IPO is responsible for notifying the offender of the release decision along with the approval or denial reason(s). In FY 2018, the IPO provided notification via status letters to 84,606 offenders.

Offender Notifications

	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018
Status Letters Provided to Offenders	78,717	83,555	86,683	84,798	84,606

The IPO also assists in releasing certain offenders who have been approved for parole or discretionary mandatory supervision. The IPO assisted in the release of 167 offenders in FY 2018, by explaining the rules of supervision and ensuring the proper execution of release certificates.

Release Functions

*Note: *These numbers are significantly lower than previous fiscal years because IPO staff transitioned releasing CID offenders to Reentry and Integration Division staff. IPO staff still continue to release offenders from county jails and federal facilities.*

The IPO also provide status information to the family members, victims, and the public concerning offender release decisions. In FY 2018, the IPO responded to 9,610 public phone inquires and 128,806 offender requests.

HEARINGS ACTIVITY

Offenders released on supervision are required to comply with both general and any special conditions of release that have been imposed by the Board. In the event an offender is alleged to have violated one or more of the conditions of release, prior to the Board revoking an offender's parole/mandatory supervision, the offender must be afforded an opportunity of a hearing to determine if sufficient evidence exists to show that one or more violations have occurred. An offender can elect to waive such hearing(s).

Hearings Conducted by Hearing Officers

Texas Government Code Section 508.282 relates to the time allowed for disposition of alleged violations of parole by a parole panel where the alleged violation occurred. The statutory timeframe from warrant execution of an administrative violation of a release condition to the date of a panel disposition is 41 days. A continuance of a hearing extends the time frame by 15 days.

The offender is entitled to due process in the revocation hearing. These requirements are outlined in Morrissey v. Brewer, 408 U.S. 471, 33L.Ed2d 484, 494 (1972).

There were 19,837 total hearings held in FY 2018, of which 7,883 were subject to statutory timeframes. Cases subject to statutory timeframes where the offender was entitled to a preliminary hearing averaged 22.05 days; those entitled to a revocation hearing averaged 28.06 days; and those cases entitled to both a preliminary and revocation hearing averaged 33.17.

Hearings Conducted by Hearing Officers FY 2014 – FY 2018

The annual total of hearings illustrates the cumulative workload of the Board’s Hearing Officers. In addition to their regular workload, Hearing Officers participate in trainings. Since laws, court decisions, and Board policies change or are reinterpreted over time, the hearing process is constantly changing. The annual training seminar keeps Hearing Officers informed of changes that affect their decision-making responsibilities and the hearing process.

Parole Panels have various options in the revocation process such as sending the offender to an Intermediate Sanction Facility (ISF) or Substance Abuse Felony Punishment Facility (SAFPF).

NOTE: A "Technical Violation Only" is a violation of one or more conditions of release, not including the commission of a new offense. "New Offense" includes offenders who have pending felony or misdemeanor charges and possible technical violations at the time of revocation.

Disposition to ISF/SAFP

The parole panel that reviews a revocation case decides whether the offender will continue on supervision, with or without modification of conditions of release. In the case of Erroneous Release, the panel can recommend that the offender be placed in the normal parole review process upon return to TDCJ CID, parole if eligible (FI-1), or continue on the existing release certificate.

EXECUTIVE CLEMENCY

The authority for the Governor to grant executive clemency is in Article 4, Section 11, of the Texas Constitution. In all criminal cases, except treason and impeachment, the Governor may grant clemency upon written recommendation of a majority of the Board after a conviction or successful completion of a term of deferred adjudication community supervision. The Constitution authorizes the Governor to grant pardons, reprieves, and commutations of sentence. The Board, pursuant to Section 508.036(b)(1), Government Code, adopted rules governing the clemency process for noncapital and capital cases.

Clemency Process

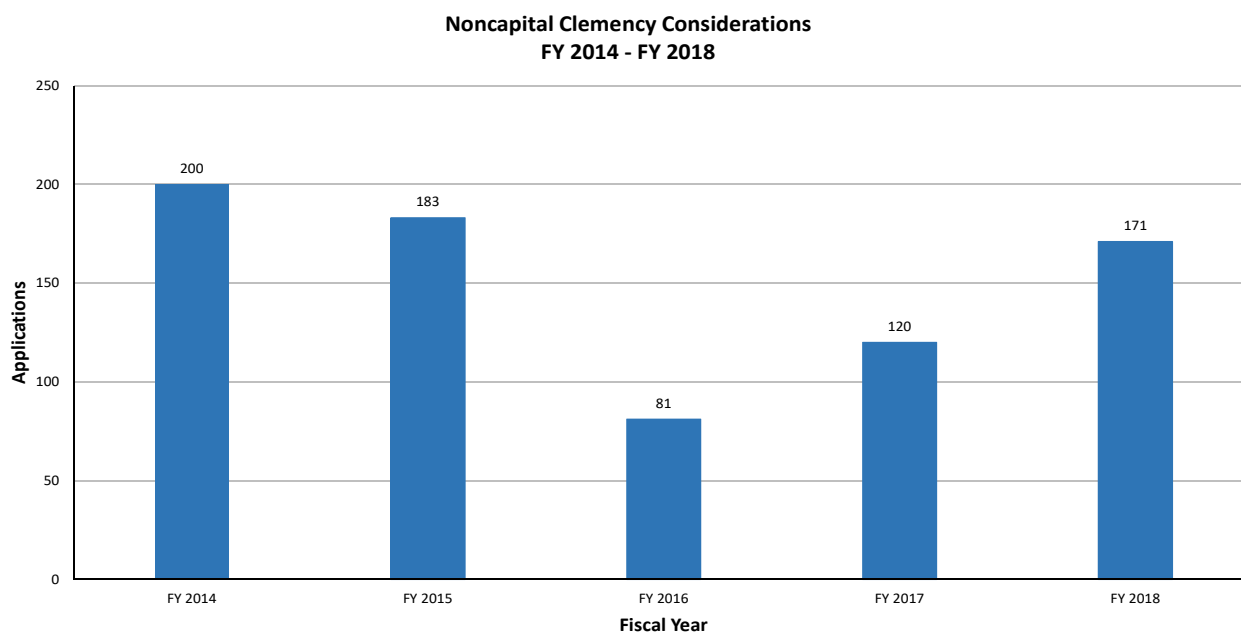

The process begins when an individual or their representative submits an application along with the appropriate documents. The process includes notification of the trial officials identified in Section 508.115, Government Code, and the victim, if one is identified.

Clemency Decision

The Governor makes the final decision to grant clemency. The Board may only recommend or not recommend that the Governor grant clemency.

Board Actions on Noncapital Cases

In noncapital cases, the Board considers applications for full pardons and restoration of rights of citizenship, pardons for innocence, conditional pardons, reprieves, commutations of sentence, remissions of fines and forfeitures, and restoration of driver's licenses. In FY 2018, the Board considered 171 noncapital cases (see table below).

In FY 2018, the Board recommended that the Governor grant 21 noncapital clemency requests out of 171 applications considered, or 12% of the applications considered (see table below).

**Noncapital Clemency Considerations by Recommendation
FY 2014 - FY 2018**

Board Actions on Capital Cases

In capital cases, the Board considers applications for commutation of death sentence to lesser penalty and a reprieve of execution. Upon request, the Board may conduct an interview with the offender. The Governor may also grant a one-time 30-day reprieve of execution without a recommendation from the Board. In FY 2018, 14 applications were received which requested a commutation of sentence. Of the 14 applications, 11 also included a request for a reprieve. Three of the applicants received stays of execution prior to consideration by the Board. In FY 2018, the Board conducted eight interviews, considered 11 applications, and recommended clemency for one of the applications considered (see table below).

GLOSSARY OF TERMS

Administrative Violation

A violation of one or more of the rules of parole or mandatory supervision, not including commission of a new criminal offense. This is also known as a technical violation.

Board

Refers to the Texas Board of Pardons and Paroles.

Clemency

The power of the governor to grant a full or conditional pardon, reprieve of execution of a death sentence, commutation of a sentence, commutation of a death sentence, emergency reprieve for medical reasons, reprieve to attend civil court proceedings, or a reprieve of jail sentence. Clemency must be recommended in writing by a majority of the Board and approved by the Governor.

Commutation of Sentence

A reduction of the penalty assessed by the court. Under Board Rules, a commutation of sentence must be supported by a majority of the applicant's trial officials, recommended in writing by a majority vote of the Board, and granted by the Governor.

Conditional Pardon

A pardon that releases the offender from confinement, subject to certain conditions. A conditional pardon may be used to request the release of an offender to another country or to immigration officials for deportation. A conditional pardon does not restore civil rights or the rights of citizenship and can be revoked by the Board if any conditions imposed were violated.

Correctional Institutions Division (CID)

The Correctional Institutions Division (CID) of the Texas Department of Criminal Justice is responsible for the confinement of adult felony offenders who are sentenced to prison.

CU/FI

Designates the date on which an offender serving consecutive or cumulative sentences will satisfy the current sentence and begin to serve the next sentence in the series. The cause number on the approved sentence will be indicated in the vote.

Deny Mandatory Supervision

A parole panel decision to deny mandatory supervision release when the panel concludes that the accrued good time is not an accurate reflection of the offender's potential for rehabilitation and that release would endanger the public. It applies to those offenders with mandatory release-eligible offenses committed on or after September 1, 1996.

Discretionary Mandatory Supervision (DMS)

A form of release that applies to certain offenders who are incarcerated for an offense committed on or after September 1, 1996, and are eligible for release on mandatory supervision. Those offenders must be approved by a parole panel for mandatory supervision release. See also *HB 1433*.

Emergency Reprieve

A form of executive clemency allowing an offender temporary release from prison for a specific reason, including but not limited to the medical condition of the offender or a family member. A reprieve must be recommended by a majority of the Board and approved by the Governor.

Fiscal Year (FY)

The Board's fiscal year runs from September 1 of one year through August 31 of the following year.

Full Pardon Request

A request by an offender for a full pardon of an offense. A full pardon restores certain citizenship rights forfeited by law upon criminal conviction. Citizenship rights can include the right to vote, the right to serve on a jury, and the right to hold public office.

In Texas and many states, voting rights are automatically restored when an offender discharges a felony sentence, even without a pardon, provided that the offender is eligible to register. A full pardon will remove barriers to some but not all types of employment and professional licensing, but licenses are granted at the discretion of each profession's state licensing board. A pardon will not restore eligibility to become a licensed peace officer in Texas. A full pardon does not expunge a criminal record.

Further Investigation (FI)

An initial determination by a parole panel favorable to the parole release of an offender, pending further investigation. Favorable voting options are: FI-1, FI-2, FI-3R, FI-4R, FI-5, FI-6, FI-6R, FI-7R, FI-9R, FI-18R, and CU/FI.

House Bill 1433 (HB 1433)

The law passed during the 74th Legislature that requires parole panels to review scheduled mandatory supervision releases if offenses were committed on or after September 1, 1996. Specifically, HB 1433 authorizes a parole panel to review and deny mandatory supervision releases on a case-by-case basis when it determines that an offender's good conduct time does not accurately reflect the potential for rehabilitation and that the offender's release would endanger the public. See also *Discretionary Mandatory Supervision*.

In-Prison Therapeutic Community (IPTC)

An intensive substance abuse treatment program housed in various TDCJ CID units. As a condition of release from an IPTC, an offender is required to participate in an Aftercare Program at a Transitional Treatment Center (TTC).

Intermediate Sanction Facility (ISF)

A secure facility under contract with or operated by TDCJ that serves as a confinement alternative for offenders under active supervision who have violated one or more release conditions but have no pending charges. An ISF provides an effective addition to the range of sanctions available for parole supervision.

Mandatory Supervision (MS)

The release by law of an eligible offender when calendar time served plus good conduct time credit equals the length of the sentence. The amount of good conduct time credits determines the length of time the offender serves under the supervision of the TDCJ Parole Division.

Medically Recommended Intensive Supervision (MRIS) Program

Under this program, offenders who are mentally ill, mentally retarded, elderly, terminally ill, physically handicapped, or require long-term care are considered for release by a parole panel.

The panel, based on the offender's condition and medical evaluation, may release an offender who does not constitute a threat to public safety or a threat to commit an offense.

Next Review (NR) Date

Deny parole and set a new date for the next review.

Offender

A person incarcerated in the prison system, other penal institution or jail, or a person released to parole or mandatory supervision.

Pardon

A form of executive clemency that absolves an individual from the legal consequences of their crime and conviction. A pardon must be recommended in writing by the majority of the Board and granted by the Governor.

Pardon for Innocence

A pardon based on innocence granted by the governor upon the written recommendation of a majority of the Board.

Parole

The discretionary and conditional release of an eligible offender to serve the remainder of the sentence under the supervision of the TDCJ Parole Division.

Parole in Absentia (PIA)

The release of an offender, eligible for parole or mandatory supervision, serving a Texas sentence in an institution other than a Texas state prison, i.e., an out-of-state prison, federal facility, or municipal or county jail.

Parole Panel

A three-member panel consisting of at least one Board Member and any combination of Board Members and Parole Commissioners.

Release to Mandatory Supervision (RMS)

A decision by a parole panel to release an offender to mandatory supervision under the provisions of HB 1433 (discretionary mandatory supervision law).

Reprieve

A delay or temporary suspension of punishment. Offenders who are terminally ill or require medical treatment unavailable within TDCJ but ineligible for MRIS may seek an emergency medical reprieve. Offenders also may seek a family medical reprieve to attend to critically ill relatives. As with other forms of clemency, a reprieve requires a written recommendation from a majority of the Board and approval from the Governor. When the time allowed on reprieve has elapsed, the offender must return to prison unless an additional reprieve is granted. Emergency reprieve requests to attend funerals or visit critically ill relatives are not handled through the executive clemency process, since prison officials have authority to grant eligible offenders short-term furloughs for such situations. In death penalty cases, the Governor may grant a reprieve for any period of time (in 30-day increments) upon recommendation of a majority of the Board. Under the Texas Constitution, the Governor has the power to grant a one-time, 30-day reprieve without the recommendation of the Board.

Restoration of Civil Rights

A form of pardon that restores all civil rights under Texas law that an offender forfeits when convicted of a federal offense, except as specifically provided in the certificate of restoration (Texas Code of Criminal Procedure Section 48.05 - Restoration of Civil Rights). An offender may apply for restoration of civil rights after completing their sentence if they were convicted three or more years before the date of application, and if they have no other conviction under the laws of Texas, another state, or the United States.

Revocation

A parole panel decision to return an offender to the custody of the TDCJ CID because the offender has violated the terms or conditions of release, committed a new crime, or both.

Senate Bill 45 (SB 45)

Passed during the 74th Legislature, this law requires a two-thirds affirmative vote of the Board Members to parole offenders who are serving a sentence for capital felonies and certain sex offenses.

Senate Bill 880 (SB 880)

Passed during the 78th Legislature, this law reduced the hearing process for certain parole violators from 60 to 41 days.

Serve-All (SA)

Deny parole with no subsequent review, requiring offender to serve balance of sentence, unless eligible for mandatory supervision consideration.

Sex Offender

Offenders who have been convicted of or transferred from juvenile parole or commitment to adult parole or prison for an offense in Chapter 21, Penal Code; required to register pursuant to Chapter 62, Code of Criminal Procedure; or constituted a threat to society by reason of lack of sexual control. This definition does not apply to those defendants who are currently on or discharged a deferred adjudication community supervision.

Substance Abuse Felony Punishment Facility (SAFPF)

A secure chemical-dependence treatment facility under contract with the TDCJ for non-violent offenders. An offender may be placed in a SAFPf by a parole panel as a condition of parole or mandatory supervision following a hearing.

Super Intensive Supervision Program (SISP)

The highest level of supervision and offender accountability under the TDCJ Parole Division, created by the 75th Legislature for potentially dangerous offenders released on parole or mandatory supervision.

Technical Violation

A violation of one or more of the rules of parole or mandatory supervision, not including a new criminal offense. This is also known as an administrative violation.

Texas Department of Criminal Justice (TDCJ)

An umbrella agency that includes the Community Justice Assistance Division, the Correctional Institutions Division, and the Parole Division.
