
CONTENTS

VOLUME I

Preface *xxi*

Acknowledgements *xxix*

Glossary of Terms and Acronyms *xxxv*

PART ONE *INTRODUCTION*

1 Introduction 3

PART TWO *FACTS SURROUNDING THE CRASH OF FLIGHT 1363*

2 Air Ontario Flights 1362 and 1363 15

3 Dryden Municipal Airport and Air Ontario Facilities, March 10, 1989 22

4 Meteorological Information 28

5 Events and Circumstances at the Dryden Municipal Airport Preceding Takeoff 49

6 Circumstances Related to the Takeoff and Crash of Flight 1363 79

7 The Crash and the Response 93

8 Dryden Area Response 101

PART THREE CRASH, FIRE-FIGHTING, AND RESCUE SERVICES

- 9 Dryden Municipal Airport Crash, Fire-fighting, and Rescue Services 135**

PART FOUR AIRCRAFT INVESTIGATION PROCESS AND ANALYSIS

- 10 Technical Investigation 219**
- 11 Aircraft Crash Survivability 275**
- 12 Fokker F-28, Mk1000, Aircraft Performance and Flight Dynamics 301**

VOLUME II

PART FIVE THE AIR CARRIER – AIR ONTARIO INC.

- 13 Corporate History 389**
- 14 Management Organization 408**
- 15 The F-28 Program: Planning 436**
- 16 The F-28 Program: The Auxiliary Power Unit, the Minimum Equipment List, and the Dilemma Facing the Crew of Flight 1363 459**
- 17 The F-28 Program: Lack of Ground-Start Facilities at Dryden 529**
- 18 The F-28 Program: Spare Parts 534**
- 19 The F-28 Program: Flight Operations Manuals 553**
- 20 The F-28 Program: Flight Operations Training 588**
- 21 The F-28 Program: Operational Practices – Hot Refuelling and Aircraft Ground De-icing 640**
- 22 The F-28 Program: Flight Attendant Shoulder Harness 665**

- 23 Operational Control 687
- 24 Flight Safety 744
- 25 Management Performance 790
- 26 The Role of Air Canada: Parent/Subsidiary Implications 818

VOLUME III

PART SIX *TRANSPORT CANADA*

- 27 Organization 857
 - Transport Canada Mandate 857
 - The Civil Aviation Role of Transport Canada 857
 - The Aeronautics Act 857
 - The Air Regulations and Air Navigation Orders (ANOs) 858
 - Structure of Transport Canada 860
 - Aviation Group 860
 - Aviation Regulation Organization 863
 - Flight Standards Branch 863
 - Airworthiness Branch 864
 - Airports Authority Group 865
 - Regional Organizations 865
 - District Offices 865
- 28 Conditions at Transport Canada in the Early 1980s 867
- 29 Economic Deregulation and Deficit Reduction 870
 - Economic Regulatory Reform 870
 - Deficit Reduction: Downsizing 873
 - Memorandum of Understanding, 1985 874
 - Program Control Board 875
 - Nielsen Task Force Recommendations, September 1985 876
 - Federal Aviation Administration (FAA) Experience, September 1985 877
- 30 The Effects of Deregulation and Downsizing on Aviation Safety 881
 - "Aviation Safety in a Changing Environment," May 1986 881
 - The Lafleur Memorandum, May 1986 884
 - Preliminary Review of Aviation Regulation, June 1987 886

The Inspection/Monitoring Function	888
Air Carrier Operations Inspection	889
Ontario Region, Air Carrier Inspection, Large Aeroplanes Division	891
Operations Inspector Training	892
Air Carrier Airworthiness Inspection	895
Airworthiness Inspector Training	896
Inspector Training: General	897
Delegation of Authority	899
Delegation of Authority to Inspectors	899
Delegation of Authority to Industry	900
Witness Views Regarding Delegation of Authority to Industry	903
Inspection Performance	904
Discretionary/Non-Discretionary Tasks	904
Inspection/Surveillance Priorities	905
Workload	907
Clerical Support Staff	911
Staffing Problems, Ontario Region: Toronto Area	912
Findings	913
Recommendations	914

31 Aviation Regulation: Resourcing Process 916

Operational Plans	916
Program Control Board	920
Program Needs versus Program Affordability	924
Communication within Senior Management	928
Changing the Scope of the Aviation Regulation Program	932
Air Carrier Certification/Surveillance Reporting Systems	936
Policy Development: Impact Studies	938
Findings	939
Recommendations	942

32 Audit Program 944

National Audits	944
National versus Regional Audits	946
Audit Manuals	950
Audit versus Other Compliance Checks	950

33 Audit of Air Ontario Inc., 1988 953

Organization of the February 1988 Audit	954
Audit Personnel: Selection and Training	956
Convening Authority	956
Audit Manager	956

- Audit Team Leader 958
- Audit Team Members 959
- Postponement of the Operations Audit, February 1988 960
 - Air Ontario's Unapproved Flight Operations Manual 961
 - Approval of the Flight Operations Manual 968
- The February 1988 Audit 969
 - Airworthiness Audit 969
 - Passenger Safety Audit 970
 - Dangerous Goods Audit 971
- The Operations Audit 973
 - Rescheduling and Restaffing the Operations Audit 973
 - Failure to Inspect the F-28 979
 - Audit of Air Ontario's Northern Operations 986
 - Delay in Completing the Audit Report 989
 - Deficiencies in the Report 993
- Air Canada's Reliance on the Audit 995
- Findings 996
- Recommendations 998

34 Operating Rules and Legislation 1000

- The Operating Rules 1000
 - Adequacy of Canadian Operating Rules: The View of Transport Canada Operational Staff 1006
- The Legislative Process: Undue Delay in Rule Making 1010
- Findings 1012
- Recommendations 1013

35 Company Check Pilot 1015

- Delegated Authority 1015
 - Further Delegation to CCPs 1015
- Air Carrier Check Pilot Manual Deficiencies: Conflict of Interest 1016
- ACI and CCP Proficiency Requirements to Conduct Pilot Proficiency Checks 1019
 - The Advanced Qualification Program (United States) 1020
- Findings 1020
- Recommendations 1021

36 Contracting Out, Waivers, and Spot Checks 1023

- Contracting Out 1023
- Waivers 1026
- Spot Checks or No-Notice Inspections 1027
- Findings 1028
- Recommendations 1028

37 Safety Management and the Transport Canada Organization 1030

The Problem 1030

The De-icing Example at Pearson International Airport 1030

The Problem Resolution Chain 1031

Background 1033

The Canadian Air Transportation Administration (CATA) after 1982 1033

The Present Organization (1985 – April 1, 1991) 1034

Problems Inherent in the Present Organization 1034

Safety Assurance Issues 1036

Audit Organization 1037

Resource Allocation Process 1037

Management Hindrance: Line-Manager Levels 1038

Management Hindrance: Senior Levels 1039

Transport Canada Safety Awareness 1040

Overall Safety Management 1041

Responsibility for Safety 1041

The Inspector-General, Transportation Safety 1042

Aviation Safety Programs: Transport Canada 1042

Transportation Safety Board of Canada 1043

Enforcement and Education 1043

Safety Assurance Effectiveness 1044

Safety Assurance Effectiveness of Aviation Regulation 1044

Safety Assurance Effectiveness Measurement Methods 1045

Future Management and Organizational Structure 1046

Findings 1048

Recommendations 1051

PART SEVEN HUMAN FACTORS

38 Crew Information 1055

Flight Crew 1055

Captain George Morwood 1055

Flying Background 1055

Aviation Management Experience 1057

Captain Morwood's Takeoff Limits 1059

Personal Profile 1062

First Officer Keith Mills 1063

Flying Background 1063

Personal Profile 1067

Cabin Crew 1067
 Cabin Attendant Katherine Say 1067
 Cabin Crew Training 1068
 Cabin Attendant Sonia Hartwick 1068
 Cabin Crew Training 1069
 Crew Flight and Duty Times 1069
 Findings 1070
 Recommendation 1070

39 Crew Coordination and the Communication of Safety Concerns by Passengers 1071

The Evidence 1072
 The Need for Crew Cooperation 1087
 Recommendations 1093

40 Human Performance: A System Analysis 1096

The Fundamental Question 1097
 Human Factors 1097
 Cause of Injury and Death 1098
 Human Performance 1098
 Flight History: Summary 1102
 The Regulatory Component 1103
 The Organizational Component 1105
 Lack of Operational Support from Air Canada 1106
 The Potential Disruptive Impact of Mergers and Strikes 1106
 High Personnel Turnover Following the Merger 1107
 Lack of Organizational Experience in Jet Operations 1107
 Deficiencies in System Operations Control Practices 1108
 Lack of Standard Operating Procedures and Manuals for the F-28 1108
 Inconsistencies/Deficiencies in Training F-28 Flight Crew Members 1109
 Leadership of the F-28 Program 1109
 The Informal Culture at Air Ontario 1110
 Maintenance Problems with the F-28 1113
 Flight Attendant Training 1114
 The Physical Component 1114
 The Aircraft, C-FONF 1114
 The Weather 1115
 Activities in Thunder Bay 1116
 The Crew Component 1117
 Situational Factors 1117
 Crew Members' Knowledge and Training 1117

Organizational Background and Experience Working Together	1118
Delays and Stresses Imposed by the Operating Environment	1119
Personal Factors	1119
Fatigue and Mood	1119
Toxicology Results	1121
Captain George Morwood	1121
First Officer Keith Mills	1123
Flight Attendants Katherine Say and Sonia Hartwick	1123
Passengers and Ground Crew	1123
The Situation on March 10, 1989	1124
Operational Stressors	1124
A Scenario for Crew Decision Making in Dryden	1126
Commercial and Operational Risk: Management Factors	1131
Flight Safety: The Air Ontario Corporate Business Plan	1135
Safety Management	1135
Findings	1137
Recommendations	1139

PART EIGHT LEGAL AND OTHER ISSUES BEFORE THE COMMISSION

41 The Aviation Accident Investigation Process in Canada 1143

The Granting of Observer Status to Interested Parties	1145
The Privileged Status of Certain Factual Evidence	1147
Review of the Board's Draft Report	1149
The Training of Investigators	1152
The Taping and Transcription of Interviews	1153
The Use of Outside Experts	1154
Forensic Training for TSB Scientists	1155
Human Factors in the Investigation of Aviation Occurrences	1157
The Monitoring of TSB Recommendations: One Example	1158
Recommendations	1161

42 Aviation Incident and Occurrence Reporting and the Issue of Pilot Confidentiality 1165

Background	1166
Ruling of the Commissioner Made on May 22, 1990	1168
The Five F-28 Pilot Questionnaires and Contemporaneous Interview Notes	1170
Powers of the Commissioner with Respect to the Conduct of the Inquiry	1172
The Order in Council: Procedures	1172

The Inquiries Act: Summoning Witnesses and Production of Documents 1173

Canadian Statutory Provisions 1173

 ANO Series VII, No. 2 1173

 The Canada Evidence Act 1173

 The Canadian Aviation Safety Board Act 1174

 Canadian Aviation Safety Board Regulations 1174

 The Canadian Transportation Accident Investigation and Safety Board Act 1176

Position of the International Civil Aviation Organization 1177

 Attachment D to Annex 13 1178

Applicability of Air Ontario Manuals and Forms 1179

Past Practices of Commissions of Inquiry 1179

The Documents in Issue: The Common Law 1181

Conclusion 1184

43 Objection to Production of Documents, Based on a Confidence of the Queen's Privy Council, Section 39, Canada Evidence Act, R.S.C. 1985, c.C-5 1187

Recommendation 1191

44 Inquiries Act, R.S.C. 1985, c.I-11, Section 13 1192

 Procedural Fairness 1192

 The Meaning of "Misconduct" 1194

 The Meaning of "Reasonable Notice" 1195

 Section 13 Procedure 1196

 Legal Proceedings Instituted on Behalf of Air Ontario and Certain Named Individuals 1198

Recommendation 1200

PART NINE CONSOLIDATED RECOMMENDATIONS

Interim Report, 1989 1203

Second Interim Report, 1990 1204

Final Report 1208

GENERAL APPENDICES

A Order in Council 1247

B Counsel and Representatives for Parties with Standing 1250

C Parties Granted Full, Limited, and Special Participant Status and Observer Status 1253

- D Witnesses Appearing before the Inquiry 1254
- E Inquiry Schedule 1275
- F Letter from the Chief Coroner for Ontario, July 15, 1991 1277
- G Time Sequence of Events Surrounding the Crash 1280
- H Summary of Fatalities and Survivor Injuries 1294
- I Minutes of Debriefing Meetings, Town of Dryden, March 13 and 16, 1989 1301
- J U.S. Department of Transportation, Federal Aviation Administration, Advisory Circular 120-51, Cockpit Resource Management Training, Dated December 1, 1989 1319
- K Transport Canada Response to the Interim Recommendations of the Second Interim Report, Dryden Commission of Inquiry 1327
- L Letter of Notice Sent by Commission Counsel to Affected Parties, re: Inquiries Act, R.S.C. 1985, c.I-11, Section 13 1334
- M Rulings 1337
