INCREASED DEVELOPMENT GUARANTEED

with the HYPEREMIATOR

A mechano-therapeutic device based on a medical principle of over 30 years standing. Hyperemization* is as follows: progressive exercise and/or hyperemization of muscle and erectile tissue tends to strengthen and enlarge that tissue. The penis is composed of erectile and muscle tissue. As the Hyperemiator is used, engorgement of the tissues takes place, a complete erection is guaranteed, and the penile tissues are developed and enlarged.

The body of the Hyperemiator is a transparent cylindrical chamber which fits against the body and envelopes the penis. Operation of the mechanism creates a vacuum, causing hyperemization of the penis. The penis swells both in length and diameter, creating a complete, full erection. Releasing the vacuum allows the penis to slowly return to its normal, flaccid state.

Since an extremely large penis may result in discomfort for the sexual partner, moderation in use of the Hyperemiator is advised. As stated above, progressive exercise will enlarge and strengthen any muscle. Therefore, except in cases of extreme underdevelopment, we do not advise using the Hyperemiator more than several times a week.

SPECIAL OFFER

To answer

the question you have been asking . . . "Where is my Supplement to Directory 43?"

. . . The December issue of Vagabond went to press before the Supplement was printed. Because there were so many changes, we finally decided to reprint the entire Directory. The new Second Edition is described on the preceding page.

Therefore, there is no Supplement. Those of you who were so kind as to give us corrections and additions for this new edition are asked to take advantage of the special offer on the preceding page. You will save \$3 and receive much more information than you would have received in the \$1 Supplement.

There are 72 pages in this new edition of Directory 43 and we believe it to be the most accurate and most complete directory available - and the handiest to carry around.

The size has been changed to 3-3/4 x 5-1/4 so that it will fit in your shirt pocket for easy reference when traveling from place to place.

odds and ends ...

WELCOME to another edition of Vagabond . . . we have decided to continue the catalog format - therefore, no stories, etc., as promised in the Dec. issue . . . if we seem changeable, it is because we are developing a new business in a long-neglected field . . . there are no similar firms after which we can pattern our operations . . . thus, it is mostly trial-and-error on our part and when we find ourselves going down an unprofitable or unwise path, we change . . . also, we have had to develop a larger staff to handle your orders . . . our boys are doing their best to fill your orders promptly and accurately but occasionally mistakes do happen . . . if it does, let us know and we'll be glad to straighten things out to your satisfaction.

Our artist didn't make the deadline so our promised line of gay greeting cards is now scheduled for February . . . our Reader's Service section has been discontinued - those of you who had ads scheduled for this issue will be receiving credit certificates . . . also, those of you who paid for this issue of Vagabond will be receiving credit certificates . . . lots of paper-work but we try to treat you fairly and give you good value for your money . . .

NEXT MONTH'S VAGABOND will bring you many more unusual items . . . be sure to reserve your copy today . . . just return the enclosed order blank even if you buy nothing right now . . . if you've misplaced it, just send us your name and address!

Join THE MOVIE COLLECTORS' CLUB today. Be the first to view the sensational movies now being made for us in California.

An imaginative professional photographer and producer have created the movies you've been seeking. The emphasis is still on the best of the male body. But instead of the same old wrestling and fighting sequences, the actors have been put into the situations you've wanted.

BEST OF ALL, you don't need to buy these movies to view them! As a member of the Club, you can borrow the movies from the Club Library and pay only a small transportation and handling charge.

ANNOUNCEMENT

If you like the movies, you can purchase them. And, if you like certain scenes from the movies, we can supply you with good enlargements. Projectors and hand viewers will be available on rental basis for those of you who don't have them.

Descriptions of the movies and sample scenes will be given only in the special catalog issued to members of the Club. Membership is \$25 per year. If you are not delighted after receiving the catalog, return it to us for a prompt refund of your membership fee.

Thirteen movies are now "in the can" and another 18 are nearly ready for release. Until we know the popularity of the various films, only a limited number of prints are being prepared. Therefore, we suggest you join today because the movies will be reserved on a "first come, first served" basis.

NOTE: the scenes at the left are for illustration only and are not from any of the Club movies. Actual scenes from the Club movies will be found only in the members' catalogs.
