## *A New Year*

After all the Christmas trimmings have been repacked and New Year's toasts have been shared, it is time to begin thinking of what you and I wish to accomplish in 1995. Our resolutions may be personal, or they may include a commitment to do more for our environment, our culture, or society.

After January 1st, we have approximately six months to prepare for Gay and Lesbian Pride Week 1995. Although our organization continues to grow, we still need greater involvement with the Pride Committee. Our nonprofit organization works all year to provide over ten days of excitement in the month of June. June is Gay Pride month around the country. Our goal is to commemorate, educate, and celebrate our diversity, and increase compassion for our life-style. By producing a positive environment in June, we provide arenas for social, service, and nonprofit organizations to host events and educate the general public.

Our general meetings are always open to everyone. They are held the third Tuesday of

## *The Resource Guide*

In this issue of *Houston Pride* you will find a complete copy of our Resource Guide. Each year we attempt to create a comprehensive listing of all organizations within or of importance to the lesbian and gay community. In years past, information from prior years was used if no response was received from our mail out. This year, in an effort to update the entire database, we are only going to include the most recent information in the annual Resource Guide.

A few weeks ago, a complete mailing was sent out, and responses received before our printing date have been updated for this issue. If your organization has mailed in corrected information which does not appear here, most likely it was not received in time. Do not worry. This information will be included in later printings of the Resource Guide.

If your organization has a "No Response" this means that either we have not received any information about your organization, or that the information we had was out-of-date.

provide over ten days of excitement in the month of June. June is Gay Pride month around the country. Our goal is to commemorate, educate, and celebrate our diversity, and increase compassion for our life-style. By producing a positive environment in June, we provide arenas for social, service, and non-profit organizations to host events and educate the general public.

Our general meetings are always open to everyone. They are held the third Tuesday of the month at 7:00 PM at 3400 Albany, Suite 304. We encourage everyone to bring their friends, and to meet new friends. Our many committees still need help. Our Parade, Newsletter, Media, Fund-raising, Merchandising, Festival, and Volunteer committees are still essentially run by one individual, each of which is in need of assistance.

Perhaps 1995 is the year to get involved in our community, or any community. There are many worthwhile organizations from which an individual may learn.

We would like to express our sincere thanks to everyone who has contributed to our cause in the past. We look forward to hosting events you have come to enjoy, and we hope that you will support us in the new things we have planned for 1995. In the next issue of our newsletter we plan on publishing our budget, so that the community has some idea of where Pride Week funds our spent. This past year, for the first time ever, Pride Committee of Houston was able to return money back into the community, and we hope the coming year will be successful so that we may contribute even more.

Ray Ramirez,  
Co-Chair 1995

our printing date have been updated for this issue. If your organization has mailed in corrected information which does not appear here, most likely it was not received in time. Do not worry. This information will be included in later printings of the Resource Guide.

If your organization has a "No Response" this means that either we have not received any information about your organization, or that the information we had was out-of-date. We would greatly appreciate your assistance in updating the list, as it is utilized by many organizations within the community. So please, take a few moments to assist us with this project, and gain exposure for your organization.

Any questions regarding the Resource Guide should be directed to the Pride Line at 529-6979.

### ***Pride Forum***

Pride Committee of Houston is sponsoring an open community forum for discussing issues surrounding Pride Week 1995. We will look at the proposed parade route, the location of the festival, and other issues concerning Pride Week. The topics discussed will also affect Pride Week 1996, as we are trying to plan for the future. Issues such as the time of day for the parade, and the time of year for Pride Week 1996 will be on the agenda. Currently, we are planning to hold the event on January 22nd at the Harvey Hotel. If you need more information on this event, please call us at 529-6979. We are looking toward the future, and we hope you will join us.

## From the Southern Voice

North Carolina Pride Elects New Board: North Carolina Lesbian, Gay, Bisexual and Transgender Pride, Inc., elected a new board of directors at its November meeting, according to the North Carolina gay paper, The Front Page. New members include cochairs Dan Kirsch, a Charlotte activist, and Janice Vaughn, founder of Durham's Center for Non-White Lesbians. Also elected were the board's first bisexual activist, Melinda Brown of Carrboro, and its first transsexual, Shawn Tonnessen of Chapel Hill. Other new members were Kathi Bell of Wilmington, Ed Farthing of Hickory, Michael Frye of Winston-Salem, Chris Ingle of Haw River, Patricia Jones of Charlotte, Sonya Lewis of Durham, Jean Raley of Charlotte, and Wayne Wilson of Raleigh. Lucy Harris, a former Pride co-chair, is the only returning board member. The organization also added "bisexual" and "transgender" to its official name at the meeting.

South Carolina Pride Dates Set: The 1995 South Carolina Gay and Lesbian Pride March Rally and Celebration will be held on Saturday, April 8 in Columbia. The date was moved from June last year to avoid conflict with Stonewall 25. But the April date proved extremely successful (nearly 3000 in attendance), and members at the SC Gay and Lesbian Pride Movement annual meeting voted to have the march in the spring again. This will be South Carolina's 6th annual event.

## Potential Treatment Of "Neutropenia"

The Houston Clinical Research Network is conducting a trial of NEUPOGEN (this drug is also known as G-CSF or Filgrastim) as a potential treatment of neutropenia in HIV+ individuals.

Those who qualify for the program include:

- \* HIV+
- \* Have CD4 (T4) count less than 200
- \* Neutrophil count between 750-1000

All participants who complete the 24 week study will be offered free Neupogen for life! This drug costs about \$800 per injection - so this free drug offer is a great thing!

## Parade Information

At the December 20th meeting, tentative dates and times were chosen for Pride Week 1995. Pride Week will begin on June 18th (Father's Day) and end with the Pride Parade on June 25th.

The parade is planned to begin at 2:00 PM and end around 4:00 PM. This is one hour later than last year's parade. The festival, to be located near the parade route, will run from 4:00 to 7:00 PM. The festival will not remain open past 7:00 PM, as we are not planning fireworks for this year's festival.

# Resource Guide

The following is our best effort in gathering and compiling the most compressive listing of community organizations. In November two mailings were sent out with all the organizations we know of. Information is published only for organizations where we received information back. If your organization is not listed or if NO RESPONSE is listed we did not receive any information. We will be publishing this resource guide again in the spring and/or in the June PRIDE GUIDE. To update information send it to Resource Guide, Pride Committee of Houston, PO Box 66071, Houston, TX 77266-6071; e-mail [PrideHouTX@aol.com](mailto:PrideHouTX@aol.com), FAX 713-529-1223

Pride Committee:

Enclosed is my "opinion" form. Thanks for asking!

My biggest desire is to change the time of year of the parade and rally so we may all participate. In years past I always attended, but now my health will not allow it in the summer.

Also, please consider changing the name from gay "pride" to something else. Maybe "Gay Awareness." Being gay is nothing to be ashamed of, but certainly nothing to be "proud" of. I feel this is what offends the community - both gay and straight - the word "pride."

Gary Webb

Dear Pride Committee:

I would like to endorse the recommendation by Larry Garrett in his letter on page 45 of This Week In Texas, October 14-20, 1994 entitled "Move Date, Time of Houston Pride Parade." I agree with all of Larry's comments, and add one of my own: I seldom attend the Houston Parade because the weather is so oppressive and because I want to attend other Gay Pride Parades or other events held at the same time as Houston's. In 1994 I missed the Houston Parade to attend by 50th reunion (I think many reunions are held in mid-June) and then go on to the Gay Games 1994 and Stonewall 25 in New York. In other years I usually go to Gay Pride Weekend in San Francisco, which is usually the same weekend as Houston's Parade and has always had perfect weather.

I hope that the Pride Committee will get

#### *A Note From the Editor*

Well at last I have received a few more responses to both the questionnaire and the request for letters. So far I have found the letters and the verbal responses very informative, and I hope that they continue in the future. While some of the ideas we receive may seem quite extraordinary, they are always a source for inspiration. New ideas (and new voices) are what will make Pride Week better each year. Times change, and what people expect from Pride Week will also inevitably change, and the only way we can meet those changing demands is by listening to what the community has to share with us.

I am sure we will never have a parade, festival, or concert that will please everyone. That just is not possible. What we can do, as a community, is voice our opinions and develop new ideas for making each year's Pride

Week a greater success than the one before. History has taught us that silence is deadly, and we must never forget those words.

# Questionnaire Results

As a whole, did you like Pride Week?

Would you prefer that the festival be located near the parade route?

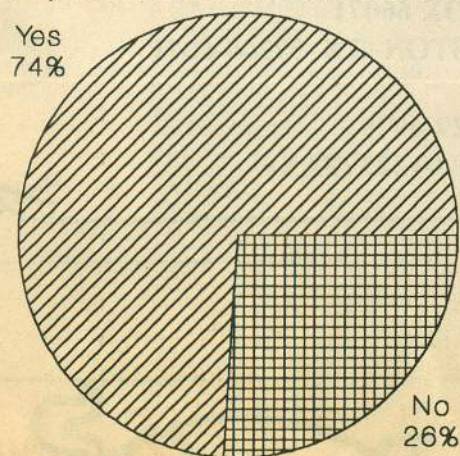

## An "Editorial" Note

I would like to thank everyone who responded to the questionnaire. Without your input, areas of improvement might not be so readily obvious. Please, feel free to voice your opinions at any time (the sooner the better, though!). I was also quite pleased to see that almost everyone enjoyed the newsletter. Sometimes I wonder just how many people appreciate all the work that goes into producing *Houston Pride*. Of course this issue was somewhat rushed, being that it was completed almost entirely between Christmas and New Year's.

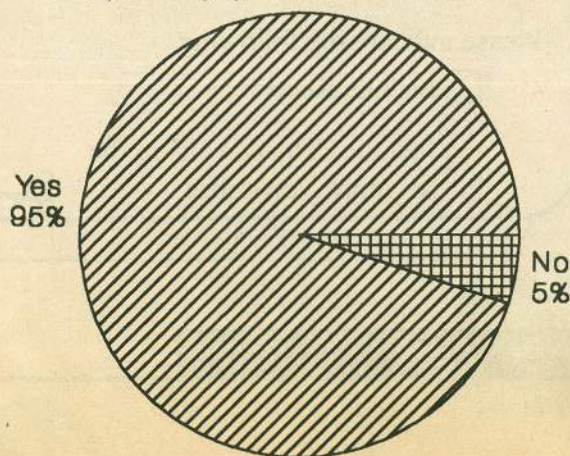

The results obtained from the questionnaire seem to be quite useful. While there are some very clear indications of what is wrong with Pride Week and what is right, it should be noted that the sample size was quite small. There were just under 50 respondents, which corresponds to 2-3% of our distribution. That is a very small sample, and I will be the first to admit that not too much emphasis should be placed on these results.

As you can see from the graphs, a large segment of the community wants the Festival to be located near the parade route. You will be glad to hear that for 1995 this is being planned. Teri Vega, the Parade Chair, is currently reviewing two sites, both of which are on Westheimer. The parade will most likely end at or near the festival site. This year there will be no 10 minute drive to the festival. No buses. No parking for a second time. We do, however guarantee the presence of mos-

This year there will be no 10 minute drive to the festival. No buses. No parking for a second time. We do, however guarantee the presence of mosquitoes. This is Houston, and I do not think we will ever be able to work around that problem.

It was a pleasant surprise to see that more than half of the respondents preferred a springtime parade. These makes our job easier if the month of parade is to change. This seems to be a very sensitive topic no matter where it is discussed. Everyone thinks they have the right answer to this question. In truth, I do not feel there is a single right answer. June is historically the month we celebrate, but it seems many people do not attend because of the heat, or they travel to larger celebrations in San Francisco, New York, etc. I could talk about this for days, as it seems everyone has given me their opinion. Personally, I think we must at least TRY a Pride Week in April or May to see if it will be successful. Everyone keeps telling me about *experience* -- well, I would like to see us *experience* a May Pride Week, rather than just talk about it.

Again, thanks to everyone who took a moment of their time to fill out the questionnaire.

😊 Please excuse the "Ross Perot" appearance of this page.
