# HOUSTONPRIDE

## Turns 20

• by Steven Poruban • photographs by Blase DiStefano •

**T**his year marks the 20th anniversary of Houston's gay and lesbian pride parade and celebration. And this year's theme—"Pride, Power, and Pizzazz"—seemingly highlights the core elements underlying the community's overall achievements and long-time survival.

The presence and power of the gay and lesbian community has grown noticeably strong over the last 20 years and the community is, as it should be, extremely proud of its accomplishments. Plus, no other group of individuals seems better able to really put on a party than the gay and lesbian community. In the words of the first pride celebration's co-organizer Larry Bagneris at a rally following the first organized parade: "I'm beginning to think that only gays can do everything right."

There exists a discrepancy in Houston about how and when pride was started. In 1976, about 200 members of

the now-defunct Gay Activist Alliance marched down a two-block stretch of road. Discovering the significance of this event and its placement in Houston's gay history merely depends on who is asked.

It would seem that no single incident sparked the first community-concerted

riots still serve as a pivotal point in gay history, when the community spoke up and out with demands for fair and equal treatment. But the pride celebration in 1979 went beyond remembering. And the momentous occasion set a precedent for all future pride events to follow.

Around the time of the first organized pride event, gays and lesbians were moving to the Houston area in droves. Billed as the newest "Gay Mecca," Houston was quickly becoming a strong urban force, and the sense of community was a healthy one.

The theme of that first organized happening was "Proud to Be." With an estimated crowd of about 20,000, the all-gay parade was routed along Westheimer, starting from Shepherd and continuing to Bagby. A police escort accompanied the 20 floats along their passage through what was dubbed the "Great Gay Way of the Montrose."

"Disco Grandma" Mary Thelma Hensel acted as the parade's grand mar-

observance of pride in Houston. Of course, the event's organizers intended, in part, to commemorate the infamous Stonewall Riots, then 10 years old. The

## TIMELINE 1979-81

Each month OutSmart will feature sections of the Houston gay history timeline as featured in the January issue.

**1979** Commemorating the 10th anniversary of the Stonewall riots in New York City, June saw the first organized efforts toward the start-up of Gay and Lesbian Pride Week Parades. The week-long event instilled a sense of pride and community that are still apparent in Houston today (see related story on previous page). The Gay Men's Chorus of Houston (GMCH) began and continues through to this day, performing at least two major concerts every season. The chorus' membership is comprised of both singing and non-singing members and invites members of both sexes and any sexual preference. Its mantra remains: "GMCH strives to instill community spirit through a mixed repertoire of formal, popular, and empowering music."

**1980** In May, the Montrose Sports Association (MSA) became a Texas nonprofit organization appealing to gays who enjoyed organized competitive sports. The core

**1981** Kathy Whitmire was elected mayor with gay and lesbian backing. Previous Whitmire campaigns for city controller were staffed with lesbian volunteers. The Montrose Clinic got its start through the work of Ruth Ravas, or "Mother Ruth" as she was known in the gay and lesbian community. Ravas helped to run a program that screened the homosexual community for venereal disease, which was becoming a growing concern. Initially, Ravas "in her own very ingratiating way, got herself into the bars" to screen the Montrose populace and then, later, was aided by a used mobile unit. Realizing the necessity for the service yet conceding to its shortcomings, the Gay Political Caucus' Medical Committee, under the stewardship of David Bonuelos, made plans toward a "free-standing medical clinic in the Montrose area that would be free [and] would serve the predominantly gay population." With the onset of

idea behind the group was summed up in Article 4 of incorporation: "The specific and primary purpose is to foster sports competition among the membership for the pleasure and recreation of its members, with special interest for the gay community." MSA's first assistant director Patrick McIlvain said of the organization, "MSA is an alternative to bars, baths, and bookstores, centered around sports with a natural social outgrowth. The camaraderie generated by exercise is a lot more genuine than that mustered by martinis."

HIV and AIDS, the clinic still plays a vital role as a nonprofit, low- or no-cost healthcare facility, serving the gay and lesbian community. Next month, OutSmart will highlight certain events that helped shape the Houston gay and lesbian community during 1982-1984.

shal, led down the street by the MAC marching band and drill team. En route, she blew kisses to the crowd as they cheered wildly.

The floats were judged along the way. Mary's Lounge's float, titled "Proud to Be Beautiful," was awarded top prize.

**Mary's Lounge was awarded top prize in the 1979 Gay Pride Parade.**

Midtowne Spa turned out a second-place entry, while Dirty Sally's landed third place.

The parade was followed by an "Expressions of Freedom" rally at Spotts Park at the intersection of Memorial Drive and Waugh. The rally, which was presented by the Gay Political Caucus (GPC), reportedly attracted several thousand gay and lesbian participants. At the time, the GPC and Pride Committee worked together to sponsor the event.

The rally featured activist Ray Hill and GPC president Steve Shiflett, both of whom introduced the guest speakers. The speakers' respective topics addressed the issues of the time. The speakers included Tony Lazada, commenting on the 10th anniversary of Stonewall; Kathy Whitmire, making an appearance to vie for the gay vote; Jean O'Leary, co-founder of the National Gay Task Force, speaking about the national organization; and Midge Costanza, a former White House advisor to President Carter, commenting on the affluence and strength of the American gay minority. *This Week in Texas (TWT)* noted Costanza as saying, amusingly, that she had sat in the president's chair and that "it fit!"

Following the rally, \$2,500 worth of fireworks were launched above the gathered mass of onlookers.

This year's pride celebration is bound to give previous years' events a run for their money, declares Brian Keever, Pride Committee of Houston, Inc. board member and banner district chair. "To me," he says, "Pride Week is just as important to our community as Thanksgiving or Christmas or anything else."

On the important function that pride serves within the community, Keever noted: "We have another generation of young gay men and lesbians that have

no clue what 'Stonewall' is unless you educate them.

"It also helps people 'come out' because they see other people having a good time, it might give them the nudge to say, 'Wow, I could actually do that.'"

With that, Happy Pride, Houston! To quote Larry Bagneris, once again: "Remain gay, proud, and most of all, yourself."
