## THE BARTENDER HATES YOU

The Bartender is not the only one responsible for monitoring your alcoholic intake. Take a moment to consider that if you are repeatedly being "cut off", it might be time to slow down on your own. We all want to have a good time when we go out. Sometimes we get caught up in the excitement and the next thing we know..BAM!, we're hammered!

But, if you keep having to make excuses, please avoid the tired cliches every Bartender has heard a dozen times:

- A) "Someone slipped me something!" Yeah, Bitch, your friends slipped you cocktails and shots even after they knew you should stop! You must make a very funny drunk. Or your friends have it out for you!
- B) "I only had a coupla drinks!" Sure. A COUPLA at a time REPEAT-EDLY! No one gets drunk on a "coupla" drinks unless they are served in a fish bowl sized glass.
- C) "I hardly EVER drink!" Ok. Then try NEVER drinking, especially if you are the obnoxious one who keeps falling over your own feet, slurring your speech, talking WAY too loud and ultimately puke in your friend's back seat.
- D) "I can handle my liquor!" Not while you're handling your best friend's boyfriend, keep falling, slurring, shrieking and, well, you get the rest.
- E) "He got me drunk!" No, Bitch. He may get you divorced, thrown out, pregnant or any number of things, but YOU did the drinking, bottom line.

So, review above, and if you fall (literally!) into two or more categories, switch to tall singles, sip instead of gulp, just say NO to multiple shots and let your friends know they have the right to tell you to SLOW THE FUCK DOWN!

In the end, you'll love you, your friends will love you and the Bartender, well, he'll hate you less.

In today's world you must ALWAYS keep your iPhone close by. Just in case you have to get on GrindrX. It's also a fashion statement to go to parties and wear them in your little underwear! Just look at these two!

BE ALERT! Be VERY very alert! This man was last seen getting sucked into a deep dark black hole!

Got to LOVE...JUST love a guy that wears a speedo. Even better --when he gets photographed he looks down to make sure the 'goods' are being photoed in good light and pushed to the front. DAMNN! YES! Ma'am!

**\*\*TRAINWRECK ALERT\*\***  
If you are so damn important to be in the front of the picture Mr. Popular! Pretend your eyes are your legs and keep them open open long enough for the flash!

Ok so ummmm.. First of all.. Really? A 'X' and a armband? And to top it off, one eye closed! Gotta love where this great couple is?

Nothing worse than alcohol and singers

# the karaoke host HATES you!!!

by: Singa Long

I'm sure your mother has always told you that you have a wonderful voice, but that was only because she was able to turn her hearing aid off. Sadly, for most of us, we don't have that luxury. Instead, we get to sit back and enjoy making fun of you--what a treat.

Some say love, it is a river, so go drown in it. That is my stance on anyone who decides to sing a sappy love ballad or slow "slit your wrists"-esque piece. PLEASE, just leave that at home to sing to your cats.

To all of my female friends who think that it is ok to have your bachelorette party at a gay bar, think again. There are usually no more than two mics on stage at any given point, so please don't invite your other twenty homegirls on stage to sing "Before He Cheats" or "I Love Rock and Roll" circa Britney Spears. You make me want to bang my head on the desk and PRAY for a concussion.

Now that I have gotten that off my chest, it's time for my martini with a valium chaser.

Until next time.....
