Timoteo Ocampo is the creative director and co-owner of the west coast fashion house, TIMOTEO, specializing in men's denim, dress shirts, fashion tees, briefs and swimwear. He studied design at California State University and worked at Richard Tyler, Moda Cad, XOXO and Baby Phat. In 2001, he opened his own men's retail store in West Hollywood, where he began designing clothes for personal clients. Within two years, the label we know today as Timoteo was born.

This month, he presents his new collections for summer. AbOUT decided to take the opportunity to find out why, for guys, it's all about design, fit, and fabrication when it comes to swimwear. Dive in.

What are guys looking for when buying swimwear today?

Guys like swimsuits that have great fashion design and a perfect fit for their body.

Where do guys go wrong in choosing their swimwear?

Not picking the most complementary color for their complexion. Also, not picking the style of suit that frames their body in the best way possible.

How is a guy to know what style is best for him?

Look in the mirror and see what kind of body you have. If you have a larger upper body that tapers to a tight trim waist and you're

rocking some serious abs, you may go for a bikini cut or short swim short. If you have a bigger build, go for the square cut suit. If you're a little modest, do a sexy board short. Guys that carry a little more weight should wear a mid length board short. No matter what you wear, make sure it is proportional.

Do trunks need to have a tight fit?

Not necessarily. However, certain styles demand it. It's all about comfort. If you want to go up a size, that's fine.

What do you enjoy most about designing men's swimwear?

I love making a guy look great. I also love finding new prints and designs that I know will make certain complexions look stunning.

What's your favorite new swim style for men?

I have two favorite styles: square cut and low rise bikini.

What is your all time favorite swim collection that you have designed?

Summer 2013. My swim designs keep evolving and I am absolutely in love with this summer's prints. The Cancun Stripe, the Tahiti, the Rainforest and the Flamingo Stripe. I love

them all. I also love our square cut Surfer collection. It's a more full square cut with some really fresh colors combinations.

What was your inspiration for the Rainforest bikini?

I love that print. It's light, colorful and bright. The leaves are of the rainforest of Hawaii. I added the day glow orange and green on the side to give it an additional design detail. When the sun burns through, it emits tons of color. The leaves remind me of big sweeping palm leaves.

Besides a great suit, what's something every guy should remember to bring with him to the beach this summer?

I am so glad you asked. Bring a back up suit. Every guy should make a scene change at some point in the day. Also, don't leave home without sunscreen.

LIFE

According

to

Charo

What NOT to do on a first date...

Recently I've had some good dating experiences. Unfortunately the bad ones have trumped the good ones. There are certain things you just don't do on a date.

First of all, if you have a boyfriend, technically you shouldn't be out dating other people. I had a date a couple of weeks ago, I don't know why but I always attract the bad ones. Anyone else have this issue? Married men, cheaters and liars are my type apparently.

So we met up for dinner and drinks. Instantly the guy wouldn't shut up about himself. He talked faster than a circuit queen on the booger sugar. Mary, we all love ourselves but at least give the other person a chance to talk. I had an epiphany, "I think this dude is drunk". So I asked, his reply was "Yes I had a couple of drinks, I was really nervous". For the love of god, DON'T SHOW UP DRUNK TO A DATE STUPID!

He continued to talk about how his ex boyfriend cheated on him and how he cheated his ex.

He insisted on showing me his ex's graphic "pump and dump" ad on Craigslist and how he caught him. I was like..."wow".

Seriously, don't bring your baggage out the first time you meet a new date. Its never a good time to bring up this type of foolishness!

After all the bullshit I said to myself "Self, you better get him to plunge you because this is obviously not going anywhere!"

XOXO
