# IS HOUSTON READY?

**CHI  
CHI  
LARUE**

To say Chi Chi LaRue has a presence that commands the crowd's attention would be an enormous understatement. Anybody who has seen anybody fuck on film over the past quarter of a century has almost certainly been privy to some of Chi Chi LaRue's work.

LaRue has worked with gay models, straight models, and everything in between, in addition to an illustrious career in drag.

This week she brings that institution to Houston for Halloween.

LaRue was born Larry Paciotti and has become one of the most well-known drag persona's in the world. Born November 8, 1959 he moved to the Twin Cities area and began performing in drag as one-half of "The Weather Gals", a "hag drag" revue, and since the LaRue persona is achieved through drag, he is alternatively referred to as "he" and "she".

After moving to California with a friend, LaRue was hired by Catalina Video as an administrative assistance due highly to the fact of his vast knowledge of porn and the workings of the porn industry.

Due to the fact that LaRue was working at Catalina during the initial revelation of the AIDS crisis in which many of the producers and directors in the gay porn industry were falling ill or dying, gave LaRue an opportunity to persuade Catalina management to allow him to direct full-length videos.

Since 1988, LaRue has directed hundreds of gay porn films, appeared in Madonna's 1992 music video "Deeper and Deeper", and in 2003 began to direct straight porn for Vivid Video, where he became a favorite among female stars, particularly Jenna Jameson.

**A: Where did Chi Chi, the stage persona, come from?**

**CCL:** I have a performer inside of me — I have always wanted to be famous and be a performer of some sort, and drag seemed to be an easy way to entertain people, being a 360-pound man, I got more attention in drag than I did out of.

**A: And drag is still a big part of your repertoire?**

**CCL:** That's all I'm doing right now! I'm shooting movies every once in a while. My company is doing good, I have a new sex toy line "Rascal" that is doing really well. Porn DVDs and things like that are no longer very lucrative. The porn industry is in the toilet, basically, because of piracy and people stealing and, just like music, downloading things for free and not paying for it. So I am solidly booked in drag past the New Year — every single weekend and even some weekdays.

**A: You've discovered some hot stars like Zak Spears, Hal Rockland, Spike, Joey Hart, Doug Jeffries, Caesar, Matt Summers, Johnny Hazzard, and Eddie Stone. How do you go about finding these boys?**

**CCLR:** Actually in most cases the boys find me. A lot of times guys who are interested in getting into the business will be referred to me by others. I treat folks well, with.

**A: What advice do you have for people trying to make it as porn stars?**

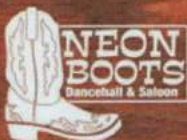

**Chi Chi LaRue:** You have to be hot on-screen. You don't necessarily have to be versatile, but you have to be in the moment. You have to look like you like it. You really have to emote some personality in the movies. You also have to bring that personality out to the masses. Because nowadays, with the Internet, everybody can take a picture of you when you pick your nose. No matter what you do or where you go, you're under a microscope and the mystique is out the window.

If you're not nice and you don't want to be around your fans, they talk about it on blogs. The information network is going to tell everyone the way you were at XYZ Club on Tuesday night, smashed out of your gourd, and you didn't want to talk to anybody, and you were doing bumps in the bathroom and here's a picture of him doing the bump.

I'm really lucky at my company to have a lot of amazing guys under contract who are really, really personable, who want to be around their fans, who like doing these movies and want to give their all.
