# NICK JONAS

by Cade Michals

He is not just a Jonas Brother! Stepping away from his two older brothers with whom he became famous, Nick Jonas is now a bona fide sex symbol and grown-up pop star in his own right. The former Disney Channel star adds a new role to his life. Playing a gay man, saying his religious family was "proud" of him for landing the gig. Nick seems to be on the top of his game - this past weekend even joining Taylor Swift on stage.

"I've really been trying to make an effort to talk with my gay fan base and find unique opportunities to set up the next chapter of my life and my career with them in it," Jonas said.

"I want to share and my personal life and my view is that I think we're in a time where there's a new progression. For all people of all walks of life to accept all people ... I'd be thrilled if I'm any part of that."

Nick shared the story of the first time he met a gay person, and how his father reacted. "One of my friends — his name was Mark — was leaving the theater one day and I saw him leave with his partner. I looked at my dad and said, 'Oh, that's different,' and he was like, 'It's all love, it's all the same.'"

The "Jealous" singer, 22, opens up about all of the things that comes with being independent and stardom, sexy photo shoots, and how far he's come since his teenybopper days with brothers Joe and Kevin Jonas.

"My life has changed so much in 12 months that I can't predict what tomorrow is going to bring," Jonas spilled, reflecting on his rapid evolution. In October 2013, the Jonas Brothers announced that they were parting ways after years together as a group and the release of four studio albums.

Jonas is quickly becoming acquainted with the new titles of sex symbol and gay icon, after stripping down for a sexy, talked-about Flaunt magazine photoshoot and a turn as gay martial arts fighter in the DirecTV show Kingdom.

"I had no idea," Jonas said of the lustful fanfare that the photoshoot inspired. "It just kind of happened, and now I have a lot of unexpected new fans. It was pretty interesting to watch it all unfold and travel in the way it did. It's resurfacing at the moment, as another male artist [Justin Bieber] has done a photo shoot similar to it. It's one of those things where I'm getting sick of looking at myself like that."

Nick Jonas is shocked by his new found fame in the LGBTQ community.

***'It's all love, it's all the same.'***

"I don't know if I'd necessarily call myself a gay icon. But my goal in the last couple of years was to expand and grow as a person and an artist, and embracing my gay fans was a priority. Some of my gay friends have thanked me for that, and that's a really good feeling."

"I'd be lying if I said I wasn't a little fearful [about how my fans would react]," he added. "But you have to be willing to say, 'I know I'm pushing myself, and if not everybody comes with me, that's okay.' I'm just thankful that a lot of them did."

# South Padre Island

One of Texas' most beautiful islands is only a couple hours away by car, and the island is accessible by plane. South Padre Island offers a perfect spot to vacation or for a week-end getaway!

South Padre Island's natural beauty – since it lies farthest from the muddy Mississippi, Padre's waters are the closest to blue in all of Texas, its sands closest to white. The place is truly seductive—almost all year long.

Because you can find lots of fresh-off-the-boat seafood on Port Isabel's docks, and because tipping on Padre frequently requires lots of ice and a blender, you'll likely want a kitchen and, ideally, an outdoor grill. That's why getting a condo for a week is the island's best bet.

South Padre Island is a small resort town on the southern tip of Padre Island off the coast of Texas, close to the border with Mexico. Incorporated in 1973, it lies just across Laguna Madre, the bay separating island from mainland. Not surprisingly, the East side of the island is referred to as the "gulf side" by locals, and the West side, the "bay side".
