a note from the editor

The 1968 edition of the International Guild Guide was a major improvement over past editions. So great was the improvement that many of its users wrote in, applauding our efforts and stated that it was the *very best* Guide available on the market today—National or International. It would seem to be difficult to improve upon what we had considered to be the best in 1968. However, 1969 looks even brighter for the International Guild Guide. No effort was spared to verify the accuracy of the information presented. From all over the world came reports, suggestions, additions, deletions, and information that no other guide on the market today has been able to assemble so systematically as has been done in the 1969 International Guild Guide.

We realize that despite all efforts to curtail errors, some errors will probably occur in these pages. Because of this, we encourage all users of the Guide to send in corrections, and you may rest assured that when the next edition of the International Guild Guide hits the market these corrections will be made. Your cooperation will be greatly appreciated.

We also invite nominations from our readers to serve as "area editors." The policy we follow is to send you page proofs from this edition to those who volunteer to check entries for the 1970 Guide, which, if possible, we hope will be even better than the 1969 edition. Our "informative files" for 1969 will be emptied to make room for information arriving to be included in the 1970 International Guild Guide. And, as has been in the past, we expect that information will begin rolling in as soon as this Guide has hit the market. We are always anxious for listings and corrections anywhere in the world; but resort areas, college towns and areas with military installations are of particular interest to us and to the users of the Guide.

We have introduced a coding system and some entries are already coded. It will take many editions of the Guide before all entries are coded and here again we must ask your help. We ask our readers to realize that there will be differences of opinion with respect to coding, but do send in the coding that you would use for any particular bar. We will do our best to arrive at a consensus of opinion. Inevitably, different users of this Guide will have varying experiences at any given bar. However, over a period of time, we should be able to provide a reasonably accurate classification of the listings.

The code is as follows:

- AYOR: "*At Your Own Risk.*" Designates an entry where you might like the people there, but it is highly questionable that they will like you.
- B: "*Beer.*" No other alcohol served.
- C: "*Colored.*" Predominantly, but not exclusively.
- D: "*Dance.*" Individuals of the same sex may do so.
- E: "*Elegant.*" Coat and tie.
- G: "*Gay.*"
- GI: "*Heavy military patronage.*"
- H: "*Hustlers.*"
- L: "*Lesbian.*" Not always strictly, but predominantly.
- LJ: "*Leather Jacket.*" Also implies S-M.
- M: "*Mixed.*" Appears straight but sufficiently active to make it worthwhile.
- OC: "*Outside Cruising.*"
- P: "*Private.*" Members only.
- RT: "*Rough Trade.*" If the atmosphere is very tense, add a hyphen and the AYOR classification!
- S: "*Show.*" Has drag and/or other appropriate entertainment.
- WE: "*Weekends.*" Not too active otherwise.
- YC: "*Young Crowd.*" Collegiate age.
