Introduction

Sher-e-Kashmir University of Agricultural Sciences and Technology of Kashmir (SKUAST-K) is a multi-campus, multi-disciplinary and research-intensive university, with 6 academic campuses, 10 KVKs and 11 Research Stations. Over the years, since its establishment in 1982, SKUAST-K has emerged among top agricultural universities in the country in teaching, research, outreach and innovations. Presently it ranks as 4th best among 70 State Agricultural Universities, 1st in Innovations among all SAUs in the band of 11-50, and 1st in Innovation and Start-ups among 11 universities in J&K. SKUAST-K has earned 24 patents in the last 4 years including 8 patents in the first 2 months of 2024. During the same period, it has produced 26 Start-ups with Technology Readiness Levels of 5 to 8. These patents and start-ups, shared by the Students and Faculty, reflect the true mission of the University – of churning the bright, innovative Next Gen Global Leaders.

Inter-alia, SKUAST-K is at the core of the food, nutritional and economic security mission of the state. Our Shalimar Rice-4 (SR-4 variety) is a revolutionary one, with productivity levels 110 q/ha compared to national average of 25 q/ha. We have developed the first Kashmir *Basmat* Rice variety (a medium fine grain) with better aroma than any national variety, revived and commercialized our own landraces like *Mushkbudgi* and *Zag* rice variety, transformed our horti-sector from traditional to high density with 6 fold productivity from 10 to 60 t/ha. Similarly, SKUAST-K has made tremendous strides in all other fields viz veterinary and animal sciences, forestry, fisheries, agricultural engineering, food science, environmental sciences, sericulture and other allied sciences.

From here on, we aim to take a big leap to make J&K a model Bio-economy state of the country. Holistic Agricultural Developmental Project, approved at a cost of Rs 5013 Crore by Hon'ble Lt Governor J&K and dedicated by Hon'ble Prime Minister of India, was conceptualized, and scripted at SKUAST-K. To boost our agri-exports, we have framed JK EXIM Policy, as a guideline for the state and all stakeholders. For global competitiveness, SKUASTK is at forefront in embracing emerging technologies like Artificial Intelligence, IoTs and Automation, Precision and Smart Agriculture, Speed Breeding, Gene Editing through CRISPR Cas, genetically engineered vaccines, Regenerative Medicine using Stem Cell Technologies, Regenerative and Conservation Technologies. Integrated Pest & Disease Management and Integrated Nutrition Management, through development of bio-control agents, bio-fertilizers and bio-pesticides, is our renewed approach for protecting the soil, environment and human health.

To be there, we aim to build a globally competitive human capital and in pursuit, we have developed our own Model of Agri-Education that places focus on the outcome-based education - characterized by creative, entrepreneurial and industry-ready graduates. The Vision, Mission and expected outcomes are presented in the following pictorial illustration to provide first-hand information to the applicants seeking admission in the University during the session 2024-25.

Slogan

SKUAST-Kashmir for Quality of Life

Vision

SKUAST-Kashmir as the top Innovation Led Farm University

Mission

- **Make** SKUAST-K a preferred destination for Agri-education for its creativity, innovation, entrepreneurship, leadership, social and gender equity.
 - **Build** basis for a knowledge-based and Technology-driven Agri-economy in the bio-resource rich regions of Kashmir & Ladakh through excellence in HRD translational R&D and ICT-driven outlook.
 - **Train** young minds in new frontier areas that drive smart and intelligent farming practices to meet the requirements of the growing and affluent populations, mitigate the effects of climate change and conserve natural resource base.
 - **Inspire and groom** the students for start-ups and innovation-led entrepreneurship
 - **Inculcate** ethical principles & develop understanding of environmental & social ethos.
-

Mandate

- **EDUCATION:** Outcome based education for Next-Gen Global Leaders, who are knowledgeable, skilled, creative, innovative, entrepreneurial, and empowered with life & social skills
- **RESEARCH:** Translational research for sustainable and technology driven bio economy
- **EXTENSION:** Farmer centric outreach for seamless ICT driven knowledge and technology transfer
- **INNOVATION:** Vibrant innovation driven Startup ecosystem for wealth and job creation

Outcomes of IDP of SKUAST-K under NAHEP

(a) SKUASTK Journey

*Among SAUs | **AIR Band Excellent Category | ***1st SAU In Innovation Band of 11-50 by National Institutional Ranking Framework-2023

(b) Education: Adopted National Education Policy 2020

(c) Research:

1000	Total No. of SCI papers (last 5 years)
142	No. of Faculty with at least 10 SCI papers (last 5 years)
20	SCI Papers per faculty per year (during the last 5 years)
250	Ph.Ds awarded in (last 5 years)
450	Ongoing PhDs

Model Agricultural Education developed by SKUAST-K

The model of education seeks to move beyond the traditional system of teaching and research and connect education and research, with innovation and stakeholders in a dynamic spinning wheel that bridges disconnect between the four components. A system of education that is responsive to the aspirations of stakeholders and, that creates knowledge and wealth through research and innovations.

Key Attributes of our Graduate

SKUAST-K Education Model is expected to create graduates who are competent in domain subjects, possess new skills including social and life skills and leadership attributes and are truly global citizens as envisaged in NEP-2020

- 1. A critical and creative thinker**
- 2. Effective communicator with team-work spirit**
- 3. IT-skilled and information literate**
- 4. Innovative and entrepreneurial**
- 5. Future Leader: agri-business executive, Industry leader and Policy Planner, bio-economist**
- 6. Global citizen with National identity**
- 7. Socially, culturally and environmentally responsible**
- 8. Guided by strong ethical values**

Faculty of Agriculture (Wadura, Sopore)

The Faculty of Agriculture was established in the year 1960 as the erstwhile Govt. Agriculture College situated at Wadura which is 10 km from the apple town of Sopore. With the establishment of SKUAST in 1982, the college became a constituent unit of university as Faculty of Agriculture offering UG courses in Agriculture, Forestry, Horticulture and Sericulture. With the reorganization of units, Forestry and Horticulture were upgraded as the Faculties of Forestry and Horticulture and relocated at Benihama and Shalimar respectively. The faculty is well connected with the main cities of India and abroad by air and surface transport. Srinagar international airport is 56 Km away from the faculty. The faculty has produced around 6000 graduates and postgraduates who are serving at state, national and international levels in different capacities in developmental departments, academic and research institutions. The faculty is spread over an area of 92 hectares with huge physical infrastructure comprising of an administrative block, three academic blocks having nine state of art smart class rooms, well equipped UG and PG labs, a rich library and information centre with more than 25000 books and CD ROM collection. The internet and computer/IT set-up is managed through a centralized Knowledge Management Centre. The faculty has nine major divisions. Currently there are more than 750 UG and PG students on the Campus, including students from foreign countries and other states of India. There are adequate logistic and hospitality facilities on campus including Health Centre with 24 x 7 medical service support, Bank with ATM, student Facilitation Centre, Gymnasium, Auditorium as well as facilities for indoor and outdoor games. Adequate residential facilities with eight hostels (3 boys and 5 girls), residential quarters for faculty and a guest house are available. The faculty also has a state of art bio-fertiliser research laboratory with 1000 litre capacity fermenter, a multi-crop seed processing plant, dairy unit as well as instructional farms and orchards including a model IFS system. Graduates from the Faculty occupy technical positions in Agriculture, Horticulture, Sericulture, Rural Banking institutions rural development. Good number of students qualify civil services examinations and adorn administrative positions. Besides students find placement in industry or start their own ventures and consultancies in the field agricultural production, post production and marketing.

Faculty of Horticulture (Shalimar)

Horticulture industry in J&K has emerged a strong component of agri-economy and established its credibility in improving farmer's income, generating employment and enhancing exports, and providing household livelihood security. The faculty of horticulture though created in 2007 started functioning from April, 2014 as an independent entity following the University Council decision and approval from the Government of Jammu and Kashmir. It is located at Shalimar, Srinagar about 14 km away from city center and 27 km and 20 km from the Srinagar international airport and railway station, respectively. The Faculty of Horticulture offers five Bachelor's programs of four years duration, Masters in 12 and PhD in 08 disciplines besides certificate and diploma courses in various vocations. Faculty is equipped with state of art infrastructure which includes 54 world class modular labs including a NABL accredited Residue Analysis & quality Control lab, two BSL-2 labs, 8 independent centers of excellence, 8 Instructional Farms, 40 protected structures (high tech & semi controlled) and 18 IT enabled smart classrooms along with a cluster of separate hostels for boys & girls and Guest houses. FoH is taking up short and long term research projects on cutting edge themes and has developed strong collaborations in research with number of National and International institutions including, viz., ICAR, UGC, ICAR, DST, DBT, ICSSR, NABARD, APEDA, BARC, IITs, Ministry of Agriculture, Government of India and German Research Foundation, Germany, IFPRI, FAO, US and Australian institutions and state institutions like Central University of Kashmir, University of Kashmir, Islamic University of Science & Technology, Agriculture Production Department, UT of J&K, etc. The faculty endeavors to prepare the students to keep abreast of latest development and innovations in Horticulture education, research, governance and policies. The programmes offered by the faculty are perfect blend of academia, research and industry interface. Graduates get place in development departments as well as industry viz protected cultivation, Agri-Horti inputs, high density orchards, post-harvest management and value addition.

Faculty of Faculty of Veterinary Sciences and Animal Husbandry (Alusteng, Shuhama)

Faculty of Veterinary Sciences and Animal Husbandry (FVSc & AH) was established in Year 1984 as a constituent unit of SKUAST-Kashmir. initially at Nowshera, Srinagar but was later shifted to its present location of Shuhama, Alusteng, The campus is well connected with wide network of roads and is located at a distance of about 18 km from city center Lal Chowk and about 27 km from International Airport at Srinagar and Railway Station at Nowgam Srinagar. The Faculty of Veterinary Sciences & Animal Husbandry, Shuhama offers Bachelor of Veterinary Sciences & Animal Husbandry (BVSc & AH) degree programme & Masters in Veterinary Sciences (MVSc) in 18 disciplines while Doctorate degree programme (Ph.D.) in 17 disciplines in the field of Veterinary & Animal Sciences. Faculty spread over 120 hectares of land has 83 state of art divisional laboratories, 10 IT enabled smart classrooms, one library complex, two central computer labs, one complex dedicated as student facility center, six well established hostels for the students, one faculty outreach center for extension activities, five dedicated playing fields, one referral Veterinary clinical complex and animal birth control facility along with other required facilities at its campus. The division of Veterinary Microbiology & immunology has been granted Niche Area Excellence center in Anaerobic Bacteriology by ICAR, New Delhi. The faculty has also state of art animal fiber testing lab, center of excellence in antimicrobial resistance, two BSL-2 labs, two big animal farms in the form of Mountain Livestock Research Institute (MLRI) at Manasbal, Ganderbal & Mountain Research Centre for Sheep & Goat (MRCSG) at its Shuhama Campus.

The Faculty gained nation reputation as Star Status College under Start College programme of Department of Biotechnology Govt of India. It is birth place of first clone of Pashmina Goat **“Noori”**. Other research achievements include Vaccine development against animal disease, introgression of Fec-B gene in sheep, fabrication and table top paddle operated Charka and characterization of livestock germplasm and development of minimal invasive surgical procedures and anesthetic protocols.

Veterinary graduates besides getting placed in department of Animal and Sheep Husbandry, occupy administrative position in large numbers by qualifying civil service examinations. Certificate and diploma courses have been initiated to further diversify the portfolio towards entrepreneurship.

Faculty of Forestry (Benhama)

The Faculty of Forestry (Benhama) is located in the Ganderbal district of J&K along the foothills of Lar mountains. Spread over 50 hectares of land, the faculty is about 40 Km from Capital City Srinagar on Srinagar -Leh road. The faculty is connected by air from all the capital cities of India and some international destinations by Srinagar International Airport which is 47 km away from the faculty. Nearest railway station is located at Nowgam Srinagar at a distance of 48 km. Faculty of Forestry (SKUAST Kashmir) has its roots in erstwhile Division of Forestry, Faculty of Agriculture established in 1987 to impart quality and holistic technical forestry education in the state of J&K. In the year 2007, the division of forestry was accorded status of full-fledged Faculty. At present, Faculty of Forestry has students from various states of India and abroad as well on its rolls, pursuing forestry education in different disciplines, like Silviculture and Agroforestry, Forest Biology and Tree Improvement, Forest Products and Utilization, Forest Resource Management, Wildlife Sciences, and Social and Basic Sciences. A comprehensive resident instruction programme for BSc, MSc and PhD Forestry at this faculty with the objective to impart quality professional education for providing competent, practical oriented and skillful human resource base of professional forestry and post graduates is being carried out since 1986-87. The learning process and its standard has been continuously improved and as a reason the faculty has been accredited with “A” grade by ICFRE (Indian council of Forestry Research and Education) and ICAR (Indian Council of Agricultural Research). Faculty has a 50-ha experimental farm comprising Medicinal and Aromatic Garden, Agro- Forestry Farm, Biodiversity, Lavender and Rosemary Park. It has a two academic blocks, three hostels, administrative block, examination cum auditorium hall, library information technology Geo-informatics, Forestry products, Silvi culture lab and many other labs.

Faculty of Forestry has got the distinction of having more than 80% of its Alumni working in various sectors including the prestigious Agriculture Research Services (ARS), Indian Forests Services (IFS) Jammu & Kashmir Administrative Services (JKAS), Banking Services besides State Forest department. The practical knowledge imparted to the students can give them jobs in forest-based industries viz. paper & pulp mills, plantations, wood-based industries, herbal industries besides they can have their own start-ups.

Faculty of Fisheries (Rangil Ganderbal)

Faculty of Fisheries is one of the constituent units of SKUAST-K established in August, 2005 and is the country's first Faculty (College) with the domain of Coldwater/Hill Fisheries. Besides its primary mandate of Teaching, Research & Extension, the college has become a common facility for other hill states of the country like Arunachal Pradesh, Sikkim, Uttarakhand and Himachal Pradesh as two seats each in UG and PG are reserved for these states for Human Resource Development specific to hill/cold-water fisheries. Faculty of Fisheries at present is offering Bachelor in Fisheries Sciences (BFSc), Master in Fisheries Sciences (MFSc) in ten disciplines and Ph.D in six disciplines.

Faculty of Fisheries located at Rangil, Ganderbal is 19 km from Srinagar city center, 33 km from Srinagar airport, 25 km from the Nowgam railway station and 16 km from SKUAST-K headquarters (Shalimar).

Faculty of Fisheries is having one Girls Hostel and one Boys Hostel. Faculty has two Fisheries Instructional Farms, one located at Shuhama for Carps and Shizothoracids comprising fourteen (14) fish ponds, one flow through hatchery and one circular hatchery and the other at Rangil for Trout culture with sixteen raceways, 5 ponds, one hi-tech poly house, one ornamental unit, one feed Mill, and one hatching unit. Beside the faculty has a distinction of establishing a fish hospital.

The graduates find placement in state department of Fisheries and other R&D Institutions. The skill and entrepreneurial training enable graduate to have their own startups & choose entrepreneurship.

College of Temperate Sericulture (Mirgund)

College of Temperate Sericulture SKUAST-Kashmir was established during the year 1980 as Sericulture Research Centre of Sericulture Development Department (J&K Govt.). It was transferred to SKUAST in 1982 and re-christened as the Division of Sericulture and later upgraded as College of Temperate Sericulture with five independent divisions in 2006. The College is one of the pioneer establishments which caters to the needs of temperate sericulture research of country and that of Union Territory of Jammu and Kashmir and is located on the right side of Srinagar-Baramulla-Uri national highway at Chainabal, Mirgund, 18 Km from City Centre, Srinagar, Jammu and Kashmir. The College is equidistant (28 Km) from nearest railway station (Nowgam) and Srinagar International airport and is well connected by taxis and public transport vehicles.

The college occupies an area of 20 hectares with 02 hectares under operational buildings including Administrative-Block, Academic block, Cold storage and Divisional laboratories. The college has a boy's and girls' hostel. The college is maintaining a rich and diverse collection of genetic resources of silkworms and mulberry accessions. The college offers various degrees including BSc, MSc and PhD in sericulture, besides Certificate and Diploma courses with specialization in different modules.

Our graduates besides finding placement in Sericulture development Department find place in banking and other academic & research institutions as well. Further skill-oriented courses offered by the college open up avenue of start-ups and lead to Sericulture based enterprises.

College of Agricultural Engineering & Technology (Shalimar)

The College of Agricultural Engineering and Technology was established in the year 1987 as one of the constituent divisions of the SKUAST-K with the objective of catering to the teaching, research and extension needs of the State of Jammu and Kashmir in the discipline of Agricultural Engineering. It is further upgraded to College of Agricultural Engineering & Technology with 06 divisions in 2020. The college is situated at foot hills of Zabbarvan at main campus of the Sher-e-Kashmir University of Agricultural Sciences and Technology of Kashmir, Shalimar, Srinagar and is well connected with the main cities of India and abroad by air and surface transport. It is situated about 27 km from Srinagar Airport, 14 km from Lal Chowk, Srinagar and 24 Km from Srinagar railway station. The famous Shalimar Mughal Garden is at walking distance from the College. Currently, the College is imparting resident instructions in B.Tech. (Agricultural Engineering), M. Tech. (Soil and Water Conservation Engineering; Farm Machinery and Power Engineering; Processing and Food Engineering, AI in agriculture, Renewable energy engineering and Irrigation and drainage engineering) and PhD in Soil and Water Conservation Engineering, Renewable energy engineering and Irrigation and drainage engineering. The College has well established infrastructure facilities viz. research laboratories, smart class rooms, video conference hall, auditorium, computer lab, CAD lab, engineering workshop, farm machinery testing laboratories, gymnasium, playground, dispensary, post office, bank, canteen, library and research farm. The college campus and hostels are provided with high-speed internet access. The College also has a state of art Farm Machinery Testing center, a protected cultivation fabrication unit and a farm machinery manufacturing unit. The college has developed several technologies for farmers which have been validated and tested at the university level and also at farmers' fields. College has conducted various industry academia interface to improve the collaboration with industries and to improve the student placement opportunities.

6. Minimum Residential Requirements

All Masters Degree programmes are of two (02) years duration, comprising 04 (Four) semesters. A candidate is required to complete requisite course work and thesis research work to earn the degree. Deficiency courses if required would be over and above the normal duration.

6.1 Sandwich Mode

As a sequel to NEP-2020 Post Graduate Programme at SKUAST-K from the Session 2023-2024 will be offered in Sandwich Mode (SWM) . Sandwich Mode means that a PG student is required to spend at least one semester for his/her research/course work at an Agricultural Institution within the Country other than his/her Parent University (SKUAST-K). The University shall facilitate/arrange his/her placement in other Agricultural Institutions under Sandwich Mode (SWM). However, all the expenses on account of travel, boarding and lodging and other contingencies at the host institution will be met by the student himself/herself to complete Sandwich component in partial fulfilment of the requirements for award of the PG Degree Programme by SKUAST-K.

Note: The necessary details for determining the modus operandi shall be worked out separately and finalised by the Competent Authority of the University for notification accordingly.

Dr. S. Jaishankar @DrSJaishankar

Spoke at the International Education Fair 2023 organized by @skuast_kashmir in Sushma Swaraj Bhawan today evening. Appreciate this initiative to connect Jammu and Kashmir internationally.

Dharmendra Pradhan @dpradhanbjp

With the implementation of NEP, we are internationalising our education. @EduMinOfIndia will support, encourage and facilitate the globalisation of @skuast_kashmir. I also encourage all our universities to join efforts to establish India as a global study destination.

Dr Jitendra Singh @DrJitendraSingh

#PurpleRevolution, which imparts it the potential of being the torchbearer of Agri#Startup movement in India: International Education Fair of Sher-e-Kashmir University of Agriculture Science & Technology.

Office of LG J&K @OfficeOfLGJandK

J&K hosted first International Education Fair attended by Hon'ble Union External Affairs Minister @DrSJaishankar, Hon'ble Union Education Minister @dpradhanbjp, Hon'ble Union MoS @DrJitendraSingh. The initiative of SKUAST-Kashmir will set an example for other universities of the country as well.
