**April 16, 2025**

## **SB 1**

Senate Bill one which includes language to dissolve Union School Corporation passed out of the Senate late last evening by a vote of 27-22 and was signed by the Governor yesterday afternoon. Our legal team stands prepared to file a suit against the bill as a means to stop the implementation of this amendment.

Again, our school board and leadership team are working with our legal team to ensure our doors stay open for students and the community for years to come. This may be a long, drawn-out process and we appreciate your patience while the details are sorted out.

## **Statehouse Day**

I would like to thank each student, staff member, parent, and community member that showed their support of Union by attending the event led by the Indiana State Teacher's Association Monday at Indiana's Statehouse. Three busses were used to transport everyone to downtown Indianapolis. The statehouse was filled with red to support Indiana's teachers, yet there was a large pack of blue shirts that stood out. The support from others in attendance was overwhelming. Thank you for representing our school community so very well and for making your voice heard.

## **Town-Hall Meeting**

Representative JD Prescott and Senator Scott Alexander have planned a Town Hall meeting this Saturday, April 19<sup>th</sup> from 8:30-10:30 at the Randolph County Fairgrounds. This is your opportunity to meet with our legislators and ask the hard questions. It's time to flood the room in Union Blue.

Thank you for your continued support of Union. Blessings on you and yours.

Mr. Galen Mast, Superintendent
