Leftist hubris and extreme arrogance is so cringe-worthy and disgusting, that it makes me miss this certain Norwegian that you're all familiar with.

I looked at his current tiktok account and he said that he did this as a joke and wishes to be left alone.

He took the video down as he didn't want students to be harmed from it but thankfully I have it saved still: (Catbox) (Pomf) (Anonfiles, for TOR users)

Looking through the comments on his only video its still full of faggots and niggers bitchin about him, they did post some pics of him though.
