

# Gigaset GLX 8 ACTIVE

Robust for every challenge

## Highlights:

- **Walkie-talkie:** Push-to-talk feature, enabling use as a walkie-talkie for instant communication
- **Extreme protection:** Dust and waterproof to IP68, drop-proof up to 1.5 m
- **Long battery life:** 2500 mAh for up to 24 days standby and 18 hours talk time
- **Clear display:** 2.4-inch LCD for all important information
- **Camera:** Easy-to-use 2MP camera
- **Flexibility:** Dual SIM (Micro SIM)
- **Expandable memory:** 128 MB, expandable to 32 GB
- **Bluetooth & audio:** Integrated Bluetooth 5.0 and 3.5 mm jack socket
- **Versatile functions:** Torch, calendar, alarm clock, FM radio and more
- **VoLTE network support:** 2G, 3G and 4G

The robust feature phone is the ideal companion for extreme conditions. It combines a durable design and reliable battery life with essential functions to support you in any situation. Perfect for anyone looking for a tough device without the bells and whistles.

### Always connected, always ready: walkie-talkie function

With the innovative push-to-talk function, your feature phone is transformed into a powerful walkie-talkie. Whether you're hiking, working or in an emergency situation, you can enjoy instant communication at the push of a button. Supported by the licence-free PMR-446 standard with 16 channels, it is easy to use, legally secure and perfect for efficient team coordination.

### Robustness and durability

Thanks to the IP68 protection class, this device is fully protected against water and dust and can withstand drops of up to 1.5 metres. Perfect for extreme conditions where reliability counts.

### Battery life

The powerful 2500 mAh battery keeps you reliably connected with up to 24 days of standby time and 18 hours of talk time - no matter how long the day lasts.

### Compact display

The 2.4-inch display combines compactness and robustness for easy operation in demanding environments without sacrificing clarity.
