

## PRODUCT SHEET

### ACCUCRAFT TRAINS (USA)

### D&RGW C-18 2-8-0 (1:20.3), Live Steam or Electric

Accucraft is proud to announce the planned release of the D&RGW Class C-18 2-8-0 Consolidation Type in both live steam butane fired and electric. Of the several C-18s made by Baldwin, the #315 and #318 are only ones to survive to today thanks for restoration efforts. Both were originally built for the Florence & Cripple Creek Railroad by Baldwin Locomotive Works.

### General Specifications

- 1:20.3 Scale / 45 mm Gauge
- Brass & Stainless Steel Construction
- 48 in. (1.2 M) Mini. Radius

### Live Steam Specifications

- |                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                |

### Live Steam Models

|          |                                                            |
|----------|------------------------------------------------------------|
| AL87-280 | D&RGW C-18 Class 2-8-0, Black Undecorated, Live Steam      |
| AL87-281 | D&RGW C-18 Class 2-8-0, #315 Moffat Logo, Live Steam       |
| AL87-282 | D&RGW C-18 Class 2-8-0, #318 Flying Rio Grande, Live Steam |

### Live Steam Models with Axle Pump and Water Pump fitted

|           |                                                                                 |
|-----------|---------------------------------------------------------------------------------|
| AL87-280A | D&RGW C-18 Class 2-8-0, Black Undecorated, Axle pump and Water Pump fitted      |
| AL87-281A | D&RGW C-18 Class 2-8-0, #315 Moffat Logo, Axle pump and Water Pump fitted       |
| AL87-282A | D&RGW C-18 Class 2-8-0, #318 Flying Rio Grande, Axle pump and Water Pump fitted |

### Electric Models

|          |                                                          |
|----------|----------------------------------------------------------|
| AL88-280 | D&RGW C-18 Class 2-8-0, Black Undecorated, Electric      |
| AL88-281 | D&RGW C-18 Class 2-8-0, #315 Moffat Logo, Electric       |
| AL88-282 | D&RGW C-18 Class 2-8-0, #318 Flying Rio Grande, Electric |

\* The boiler water level in the basic C18 model (without water feed hand pump and axle pump) can be maintained through the Goodall Valve with the use of a water top up bottle (pictured).
