

MIDLANDS MODEL ENGINEERING EXHIBITION

SHOW PREVIEW

THE SHOW FOR MODEL ENGINEERS

PREVIEW OF THE MIDLANDS MODEL ENGINEERING EXHIBITION 2019

We look forward to welcoming you to the 42nd Midlands Model Engineering Exhibition, sponsored by Engineering in Miniature.

The exhibition is gearing up to be yet another superb display of model engineering in all its fascinating variety. With hundreds of models of locomotives and rolling stock, traction, stationary and hot air engines, boats etc. plus workshop equipment and clocks – virtually every interest is represented.

We will have over a thousand models on display for your enjoyment on over 35 club and society stands and in the competition and display classes.

We also have a full complement of specialist suppliers with over 50 companies represented so, in addition to viewing the model displays, you'll be able to purchase virtually anything you might need for your modelling activities.

Our lecture programme is detailed on the back page and the centre pages provide a full plan of the exhibition showing the clubs and societies as well as specialist suppliers so you can plan your day well in advance and organise your shopping list.

In addition to the hundreds and hundreds of models on static display we have live steam on the 00 Gauge display and outside the exhibition hall the model steam road vehicles and a miniature railway will be in action for your enjoyment.

We hope that you will join us and enjoy the exhibition, meet old friends and renew acquaintances.

Chris Deith
Exhibition Director

Tickets are available online at discounted prices until midnight Tuesday 15th October.
